MEMORANDUM

Date: April 22, 2024
To: Mayor and Town Board
From: Jessica Humphries, Admin Services Director
Re: Community Survey Results - J. Humphries, Administrative Services Director
Item #: A.3.

Background / Discussion:

Historically, the Town has conducted community-wide surveys to garner input regarding services, safety, mobility, recreation, transportation, and overall livability. The surveys have been done every two years. The last survey was completed in 2020 by the National Resource Center (now Polco). Due to staffing and COVID, no survey was done in 2022. This year, 2024, marks the next year for the survey to be completed.

Magellan Strategies was hired to conduct the survey, which launched on March 15th and was open until April 10th. Surveys were conducted through targeted text messaging to registered voters. A link to the survey was also provided via the town's website. A persistent communications campaign was also conducted to entice residents to take the survey. Magellan will present the survey results. The presentation, results and verbatim responses are included.

The survey results will be considered in the town board's strategic plan update later this year.

Methodology

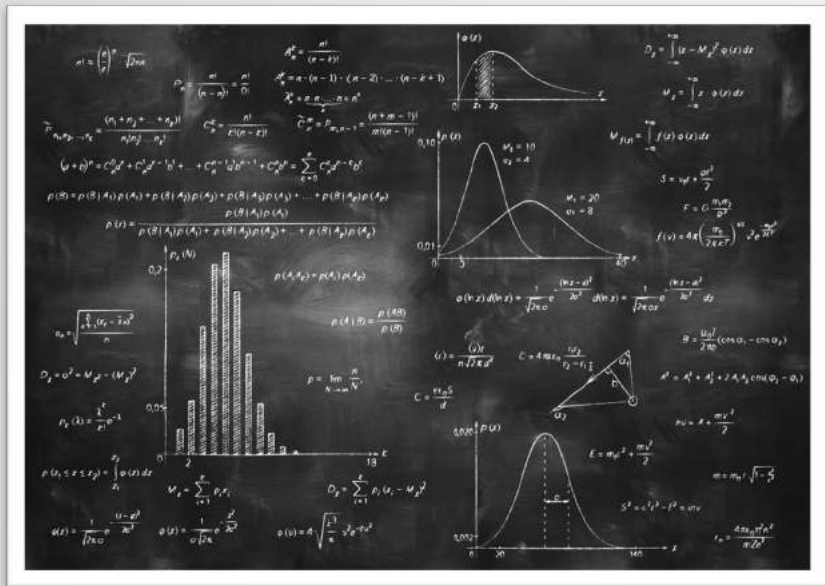

Magellan Strategies is pleased to present the results of the interviews conducted with 0000 of the Town of Windsor from March 14th to April 10th, 2024.

The overall survey responses have a margin of error of +/- 3.05% at the 95% confidence interval. Population subgroups will have a higher margin of error than the overall sample.

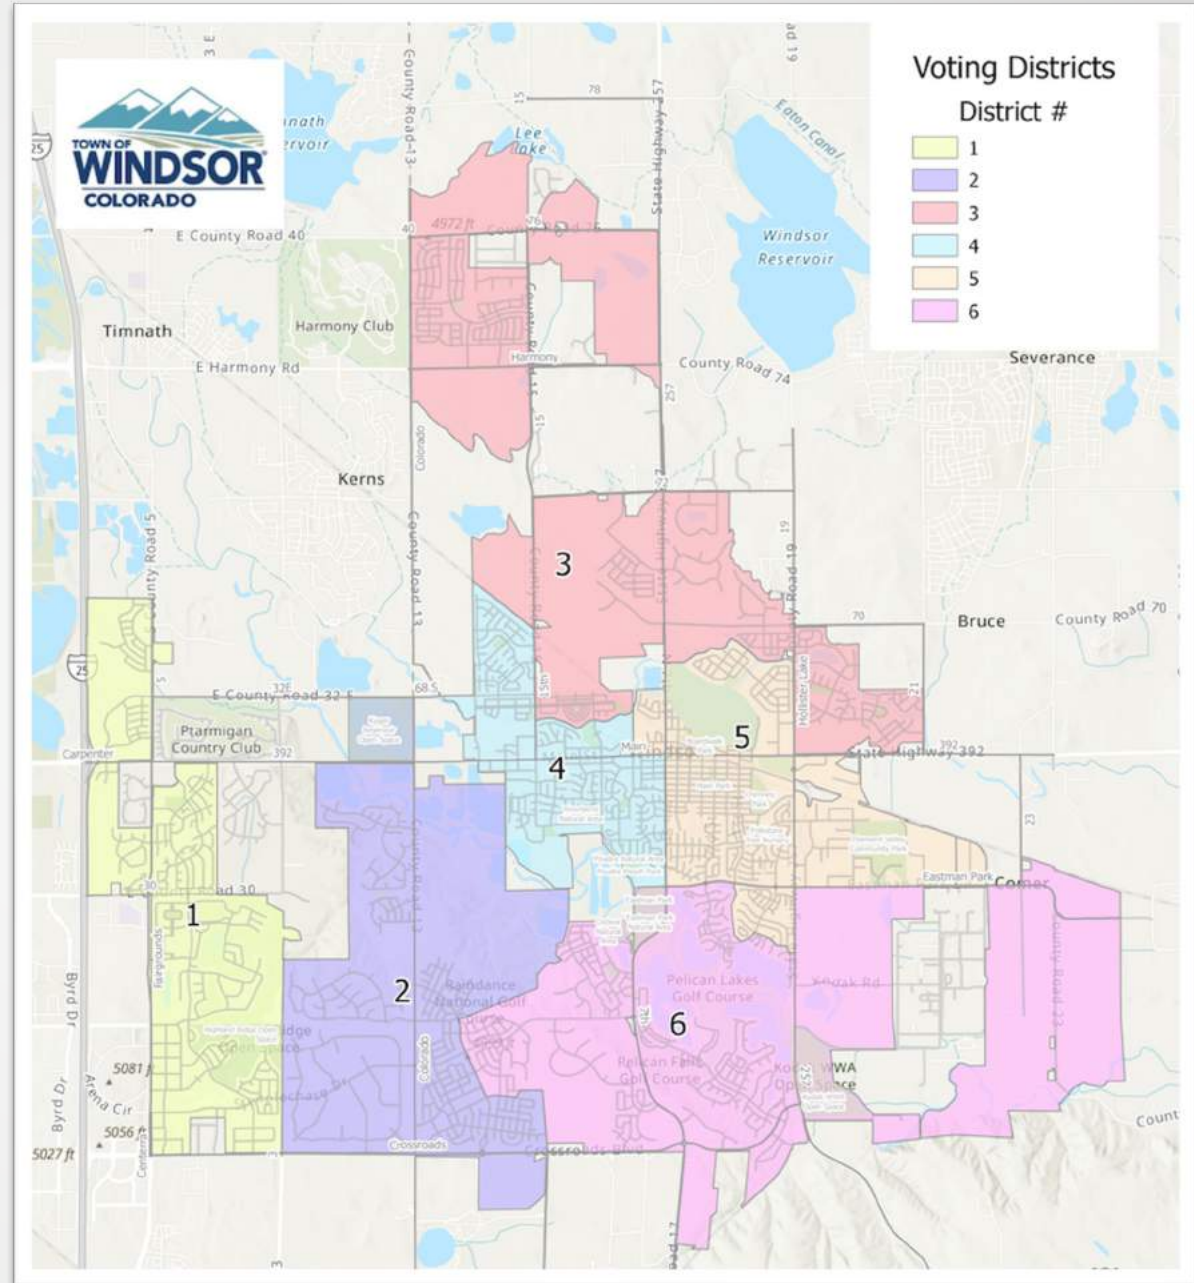

The survey results were weighted to be representative of the adult population demographics.

Survey Objectives

The objective of this community survey was to measure and understand Windsor residents' thoughts and opinions of town services, programs, priorities, and quality of life aspects.

Town of Windsor Council Districts

In your own words, please describe the top two or three issues, priorities, or problems that you think the Town of Windsor should address in the next two or three years.

The top four themes were:

Traffic and Infrastructure Concerns: The most recurring concern among residents relates to traffic congestion, particularly on Main Street and other key roads. There is a call for improved traffic management systems, better road maintenance, and expansions to accommodate the increasing traffic volumes, along with more parking solutions.

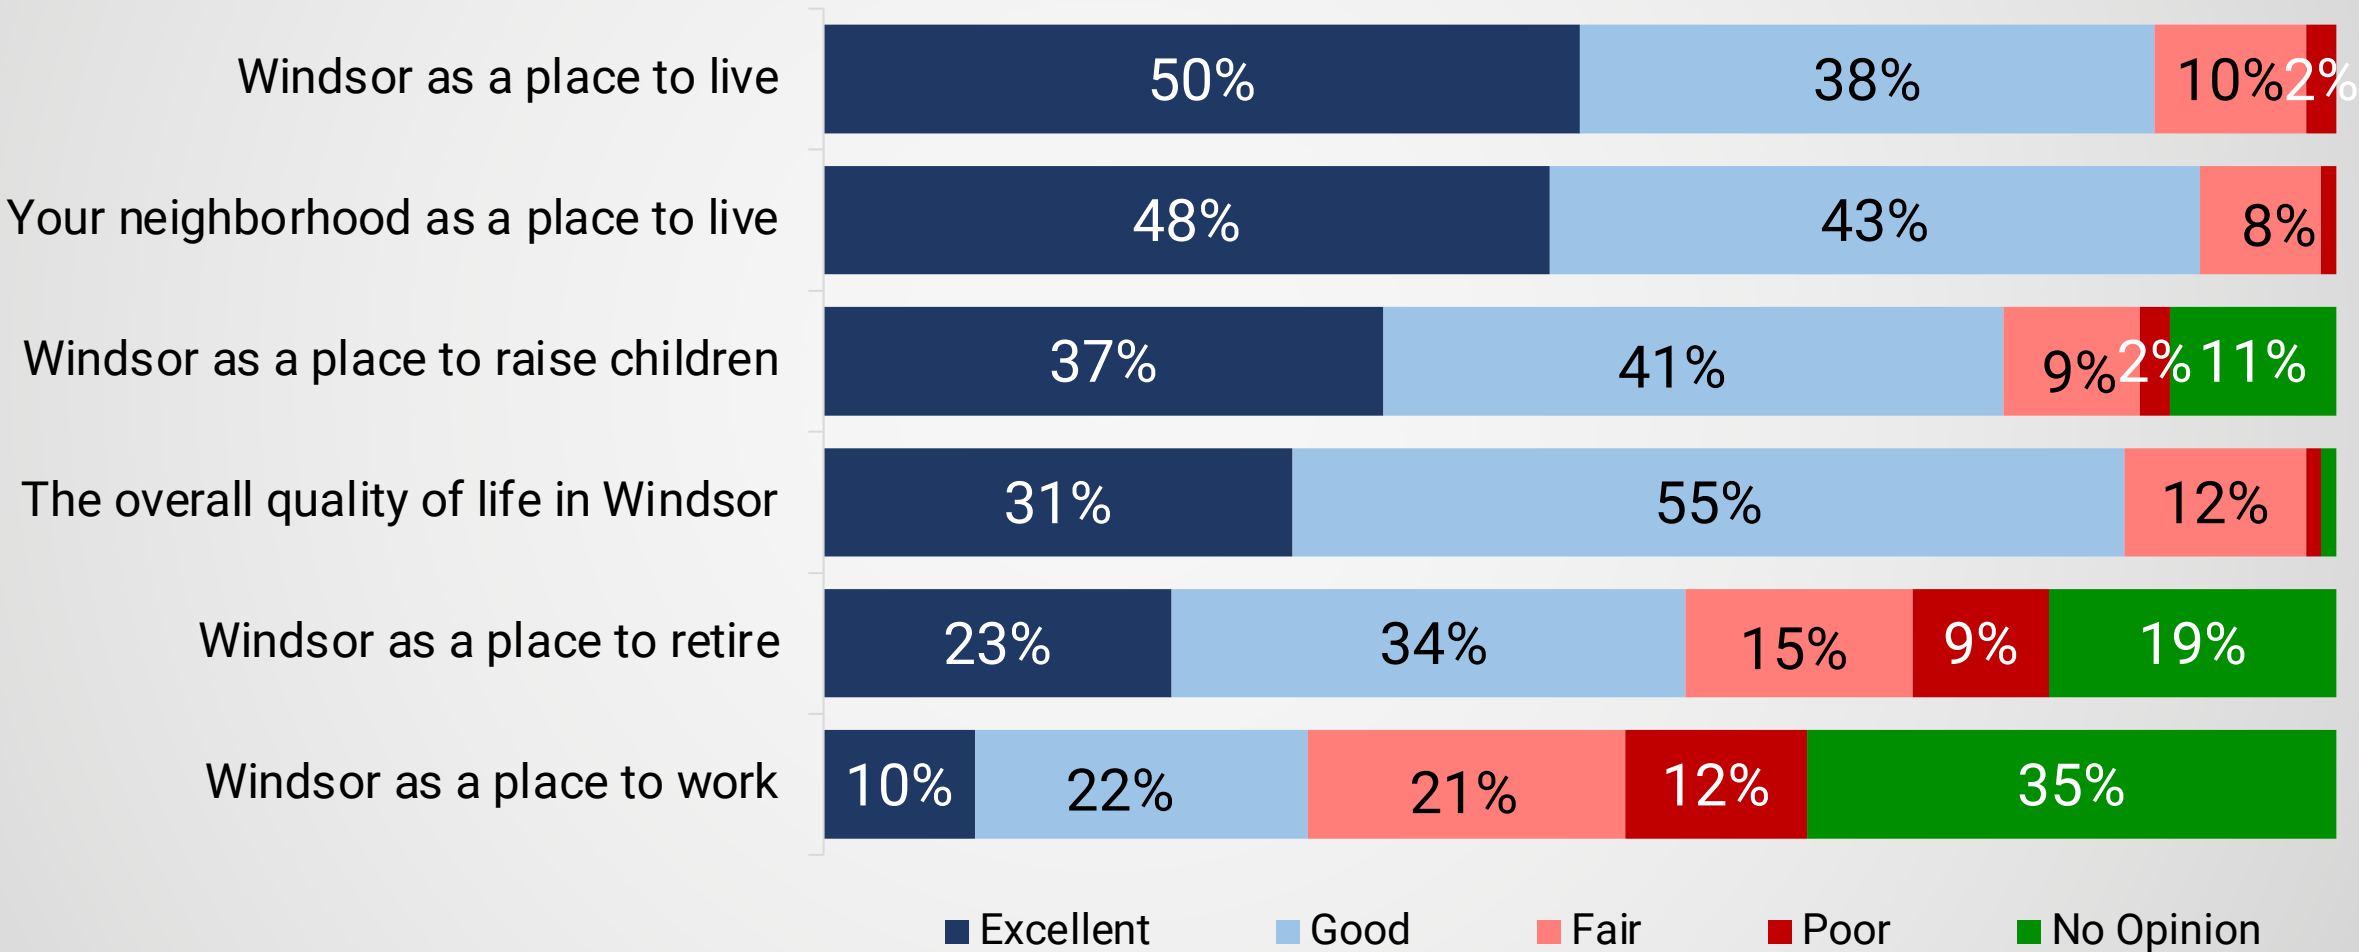

Controlled and Sustainable Growth: Many residents express worries about rapid and seemingly uncontrolled growth. They emphasize the need for responsible development that balances growth with the town's small-town charm and infrastructure capabilities. This includes concerns about housing developments outpacing the town's ability to provide necessary services and maintaining open spaces.

Enhancement of Local Amenities and Services: There's a strong desire for better local services, notably the addition of grocery stores to reduce overcrowding at existing ones and to serve growing parts of the community. There is also a call for more family-friendly and diverse dining options, better retail variety, and enhanced public spaces and recreational facilities.

Public Safety: There are concerns about safety, ranging from traffic safety to crime, and the need for improved police presence and emergency services. This also extends to concerns about street lighting, safe pedestrian pathways, and general public safety measures.

As you may be aware, less than 20% of the people who work in Windsor live in Windsor. While there are various reasons why this may be the case, the town has anecdotal information that one reason is the lack of available housing for middle-income people.

Knowing this, do you agree or disagree with the following statement?

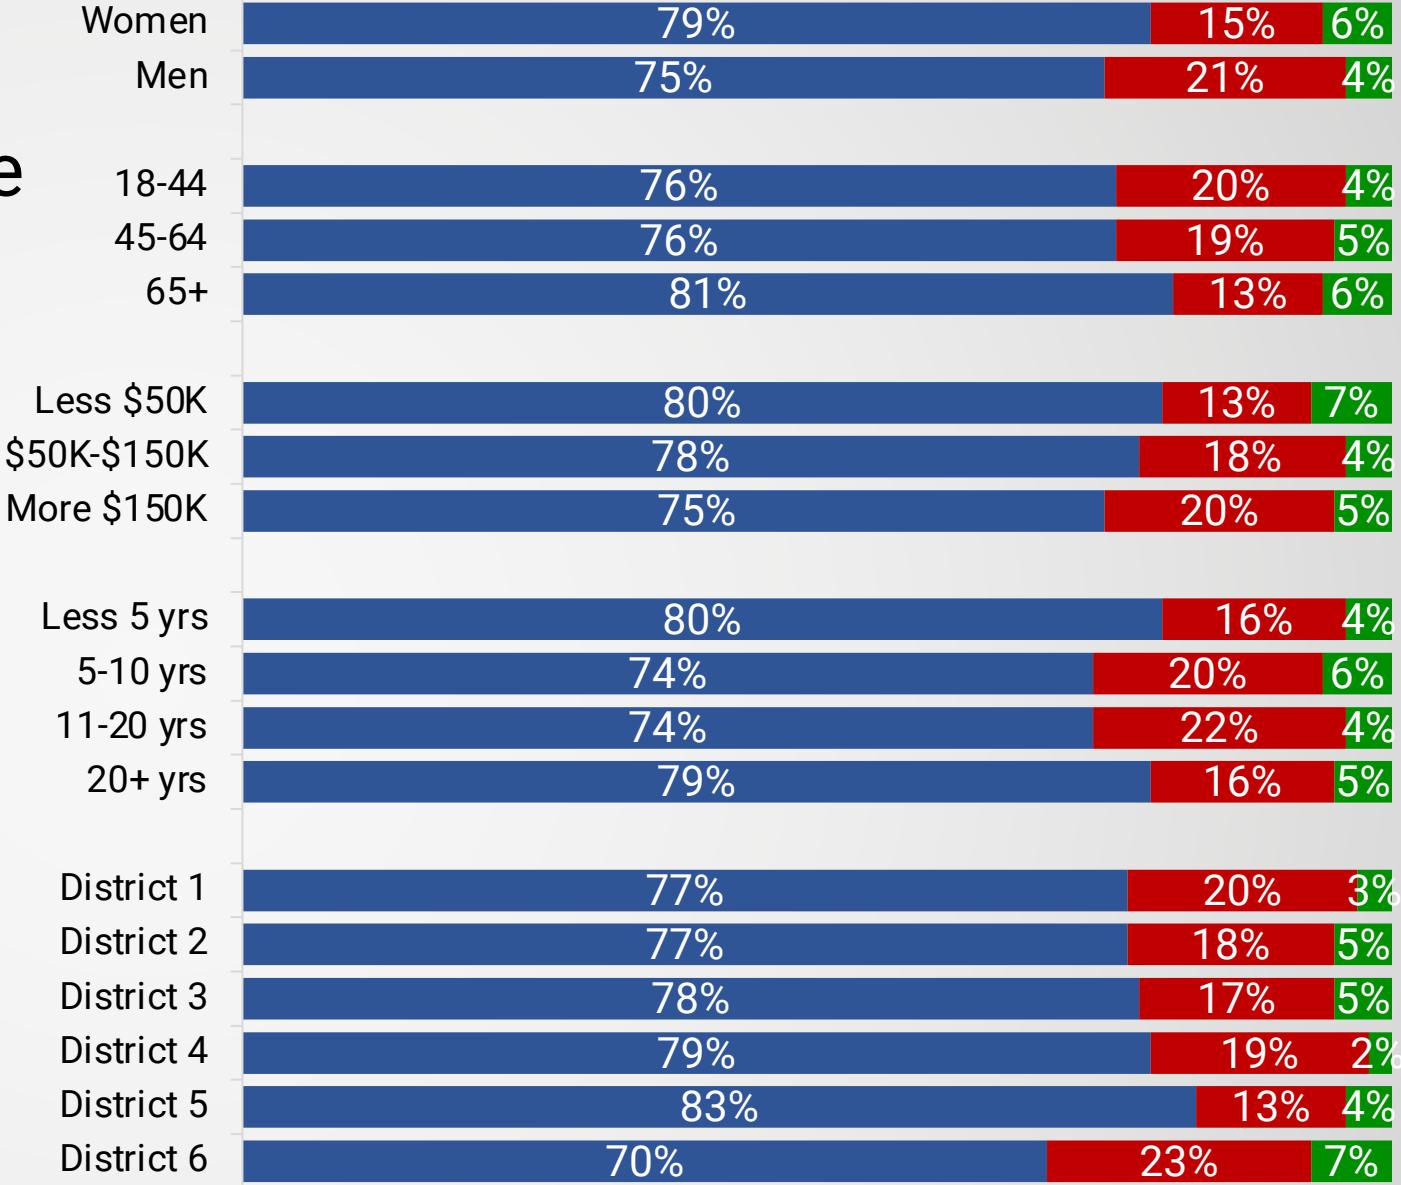

It is important that people who work in Windsor should have the opportunity to attain housing in Windsor.

The town is considering attainable housing policies to address the gap between a family or individual's income and the cost of housing. After reading about each housing policy, please indicate if you would support or oppose the policy.

The first housing policy would require developers to place “deed restrictions” on a percentage, typically 5% to 10%, of new housing units. The buyers of these homes would be limited to families and individuals with lower incomes. In addition, the value of a deed-restricted home would be limited, thereby keeping the housing unit “permanently affordable” for future tenants. The financial loss that the developer incurs providing below cost deed restricted housing would be offset by increases in the cost of the remaining homes in the development.

Another housing policy would provide down payment loan assistance to families with a median or lower income level based on income data for the Windsor area. The down payment assistance would be up to 5% of the home cost, not to exceed \$15,000. The Town will cap its annual commitment to this program. This policy would require the town to set aside funds for this housing assistance program. The down payment assistance would be repaid upon the home's sale. There are many opportunities for homebuyers to apply for state, federal, and non-profit organization financial housing assistance. However, most home buyers are unfamiliar with all the opportunities available.

Open-Ended Responses

What is the absolute best thing about living in Windsor?

The top four themes were:

Small Town Feel: The most frequently mentioned attribute is the small town feel of the community. Residents appreciate the closeness, familiarity, and friendliness that come with a smaller community. Many responses highlight the comfort and welcoming nature that this setting provides.

Location and Accessibility: Windsor's strategic location is a key advantage, offering the tranquility of small-town living while being close to larger cities. This proximity allows easy access to additional amenities, jobs, and recreational opportunities without sacrificing the peacefulness of town life.

Natural Beauty and Outdoor Recreation: The availability of outdoor spaces such as parks, trails, and lakes is highly valued. Residents enjoy the ability to engage in outdoor activities like hiking, biking, and boating right in their backyard, with the scenic beauty of the Rocky Mountains nearby.

Safety and Cleanliness: Many respondents value the safety and cleanliness of the town. The low crime rate and well-maintained public spaces contribute significantly to their quality of life, making it a preferred place for raising families and enjoying community life.

If you could improve one aspect of Windsor, what would it be and why?

The top five themes were:

Traffic and Infrastructure: A significant number of responses highlighted issues with traffic congestion, dangerous intersections, and inadequate street lighting. Many residents expressed a desire for better traffic control, safer streets, and overall improvements in transportation infrastructure to accommodate the growing population.

Controlled Growth and Preservation of Small Town Charm: Residents frequently mentioned the rapid growth of housing developments and its negative impact on the town's small town feel. There is a strong sentiment towards slowing down development, preserving open spaces, and ensuring that growth is managed in a way that does not compromise the community's character and charm.

Retail and Economic Development: Many respondents called for more local shopping opportunities, including the addition of grocery stores, as well as more diverse dining and retail options. This reflects a desire to reduce the need to travel outside of Windsor for goods and services and to enhance economic growth within the town.

Public Safety: Issues around safety, from traffic violations to general crime, are frequently mentioned. Residents desire more police presence and enforcement of traffic laws.

Public Services: There's a call for more community-oriented services and spaces, such as parks, trails, and public gathering spots. Additionally, enhancing community services such as recreational facilities for all age groups, better schools, and more efficient public services (like trash and snow removal) were frequently mentioned.

The town is considering attainable housing policies to address the gap between a family or individual's income and the cost of housing. After reading about each housing policy, please indicate if you would support or oppose the policy.

T19. The first housing policy would require developers to place "deed restrictions" on a percentage, typically 5% to 10%, of new housing units. The buyers of these homes would be limited to families and individuals with lower incomes. In addition, the value of a deed-restricted home would be limited, thereby keeping the housing unit "permanently affordable" for future tenants. The financial loss that the developer incurs providing below cost deed restricted housing would be offset by increases in the cost of the remaining homes in the development. Knowing this information, do you support or oppose this housing policy?

The down payment assistance would be up to 5% of the home cost, not to exceed \$15,000. The Town will cap its annual commitment to this program. This policy would require the town to set aside funds for this housing assistance program. The down payment assistance would be repaid upon the home's sale. T22. What is the absolute best thing about living in Windsor?

The top four themes were:

- 1. Small Town Feel:** The most frequently mentioned attribute is the small town feel of the community. Residents appreciate the closeness, familiarity, and friendliness that come with a smaller community. Many responses highlight the comfort and welcoming nature that this setting provides.
- 2. Location and Accessibility:** Windsor's strategic location is a key advantage, offering the tranquility of small-town living while being close to larger cities. This proximity allows easy access to additional amenities, jobs, and recreational opportunities without sacrificing the peacefulness of town life.
- 3. Natural Beauty and Outdoor Recreation:** The availability of outdoor spaces such as parks, trails, and lakes is highly valued. Residents enjoy the ability to engage in outdoor activities like hiking, biking, and boating right in their backyard, with the scenic beauty of the Rocky Mountains nearby.
- 4. Safety and Cleanliness:** Many respondents value the safety and cleanliness of the town. The low crime rate and well-maintained public spaces contribute significantly to their quality of life, making it a preferred place for raising families and enjoying community life.

The complete verbatim responses are in a separate document.

T23. If you could improve one aspect of Windsor, what would it be and why?

The top five themes were:

- 1. Traffic and Infrastructure:** A significant number of responses highlighted issues with traffic congestion, dangerous intersections, and inadequate street lighting. Many residents expressed a desire for better traffic control, safer streets, and overall improvements in transportation infrastructure to accommodate the growing population.
- 2. Controlled Growth and Preservation of Small Town Charm:** Residents frequently mentioned the rapid growth of housing developments and its negative impact on the town's small town feel. There is a strong sentiment towards slowing down development, preserving open spaces, and ensuring that growth is managed in a way that does not compromise the community's character and charm.
- 3. Retail and Economic Development:** Many respondents called for more local shopping opportunities, including the addition of grocery stores, as well as more diverse dining and retail options. This reflects a desire to reduce the need to travel outside of Windsor for goods and services and to enhance economic growth within the town.
- 4. Public Safety:** Issues around safety, from traffic violations to general crime, are frequently mentioned. Residents desire more police presence and enforcement of traffic laws.
- 5. Public Services:** There's a call for more community-oriented services and spaces, such as parks, trails, and public gathering spots. Additionally, enhancing community services such as recreational facilities for all age groups, better schools, and more efficient public services (like trash and snow removal) were frequently mentioned.

While there are various reasons why this may be the case, the town has anecdotal information that one reason is the lack of available housing for middle-income people. Knowing this, do you agree or disagree with the following statement? It is important that people who work in Windsor should have the opportunity to attain housing in Windsor.

Table 149

T19. The first housing policy would require developers to place "deed restrictions" on a percentage, typically 5% to 10%, of new housing units. The buyers of these homes would be limited to families and individuals with lower incomes. In addition, the value of a deed-restricted home would be limited, thereby keeping the housing unit "permanently affordable" for future tenants. The financial loss that the developer incurs providing below cost deed restricted housing would be offset by increases in the cost of the remaining homes in the development. Knowing this information, do you support or oppose this housing policy?

T19. The first housing policy would require developers to place "deed restrictions" on a percentage, typically 5% to 10%, of new housing units. The buyers of these homes would be limited to families and individuals with lower incomes. In addition, the value of a deed-restricted home would be limited, thereby keeping the housing unit "permanently affordable" for future tenants. The financial loss that the developer incurs providing below cost deed restricted housing would be offset by increases in the cost of the remaining homes in the development. Knowing this information, do you support or oppose this housing policy?

T20. Another housing policy would provide down payment loan assistance to families with a median or lower income level based on income data for the Windsor area. The down payment assistance would be up to 5% of the home cost, not to exceed \$15,000. The Town will cap its annual commitment to this program. This policy would require the town to set aside funds for this housing assistance program. The down payment assistance would be repaid upon the home's sale. T21. There are many opportunities for homebuyers to apply for state, federal, and non-profit organization financial housing assistance. However, most home buyers are unfamiliar with all the opportunities available. Knowing this, do you support or oppose the town dedicating staff and establishing a housing resource office to assist home buyers in finding opportunities for assistance?

M	45-54	1	11-20 yrs	Quit outgrowing what we should be. Quit forcing things upon the citizens after rejecting their testimonies as to why they don't agree. Our town government is a joke that doesn't care about its own citizens. Not sure why I'm even filling this out as the Town will do whatever is in the interests of the Town government regardless of what the people think or want.
M	45-54	1	11-20 yrs	Slow the growth

F	55-64	1	11-20 yrs	Widen the bridge over the poudre river. Expand parking by Boardwalk Park.
M	55-64	1	11-20 yrs	1. Recover from the COVID hoax 2. Lower taxes
M	55-64	1	11-20 yrs	1. 392 congestion 2. More multipurpose trails on west side
M	55-64	1	11-20 yrs	1. Downtown revitalization and development 2. Grow community parks and open areas
M	55-64	1	11-20 yrs	1. Reducing Property Taxes, 2. Managing growth, 3. Managing open spaces/trails/public facilities
M	55-64	1	11-20 yrs	1. Water. Are we keeping water resources abreast of our fanatical housing growth? 2. Traffic planning. 3. My pet peeve... Street Signs leaning over. The constant wind has taken its toll. This place looks like Dogpatch. Easy fix, low cost.
M	55-64	1	11-20 yrs	1) traffic congestion to/from I25 - need 2 lanes all the way. 2) downtown parking. 3) bike under/over pass at 257 & poudre trail.
M	55-64	1	11-20 yrs	Downtown parking. Windsor lake parking. Fiber optic internet for city
M	55-64	1	11-20 yrs	Focus on the west side
M	55-64	1	11-20 yrs	Getting/keeping roads in great shape, making sure there is bicycle access to the town & managing growth.
M	55-64	1	11-20 yrs	Growth Pains - carefully listen to neighbors Stay small - keep bureaucracy to a minimum

M	55-64	1	11-20 yrs	Traffic Identity Development (no more fast food / car wash) Sustainability Environment (energy, recycle, community)
F	65-74	1	11-20 yrs	Getting higher quality restaurants and businesses- not junk food, car, parts, and service and washing. This includes at the I 25 392 interchange, which remains trashy, especially compared to the development at crossroads and at Harmony. Speaking of which west Windsor is not 15th St., or even Colorado Boulevard. There's substantial development west of 13 including clear through Steeplechase and Highland Meadows. These areas are not well connected to the rest of the town's recreation and trails. Get the trucks off of 392/Main Street. It's ridiculous in the downtown area and terrible for traffic at the narrow Poudre bridge on 392.
F	65-74	1	11-20 yrs	Growth, small business support, police support
F	65-74	1	11-20 yrs	Huge turnover in downtown restaurants. Many can't thrive. Road enhancement adding even more lanes from Windsor to I-25. What's already been done is a help.

F	65-74	1	11-20 yrs	I don't want another King Soopers-prefer a Trader Joe's, Sprouts, Whole Foods. Move building further east & leave Main Street as is. More restaurants, less fast food but would like Chick-fil-A. Hope the Windsor Wall is put to rest - no go for that project!
F	65-74	1	11-20 yrs	I think the downtown parking is an issue and the roundabouts
F	65-74	1	11-20 yrs	Infrastructure—parking and traffic lights
F	65-74	1	11-20 yrs	Need to get another grocery store. Have been driving to FC to avoid crowded stores and more options.
F	65-74	1	11-20 yrs	Too much growth for services, school district boundaries, too much influence of developers over citizens
F	65-74	1	11-20 yrs	Traffic and better service/interest in Larimer part of Windsor
F	65-74	1	11-20 yrs	Truck traffic through downtown Windsor. It is detriment to having a charming and viable downtown. Parking
M	65-74	1	11-20 yrs	392 into the town center needs to be expanded. More supermarket services to handle the increases in population. General street maintenance improvement
M	65-74	1	11-20 yrs	392 widening (west of 13) and new Poudre Bridge. Very dangerous.
M	65-74	1	11-20 yrs	Another grocery store! And NOT a Whole Foods or Trader Joe's!
M	65-74	1	11-20 yrs	Downtown development Grocery, pharmacy on West end (on the hill) Lower cost single family housing
M	65-74	1	11-20 yrs	Downtown parking
M	65-74	1	11-20 yrs	Downtown traffic passing through Downtown parking Infrastructure for future growth
M	65-74	1	11-20 yrs	Infrastructure and affordable housing
M	65-74	1	11-20 yrs	Slow down development, especially apartments. Address traffic issues
M	65-74	1	11-20 yrs	Southern and southwest Windsor need a grocery store. Reroute truck traffic from downtown Traffic smog improvement
M	65-74	1	11-20 yrs	Street blacktop deterioration in West Windsor and speed bumps on some through streets Traffic on Hwy 392 through downtown
M	65-74	1	11-20 yrs	The additional lane on 392 almost to the bridge has helped a lot. It would be very beneficial to make it 4 lanes to I25. I realize that's a county road and would require working with Larimer Co. Really nice and good restaurants come and go downtown. It'd be great to find a way to attract this types of restaurants and support for getting patrons.
M	65-74	1	11-20 yrs	To much growth
M	65-74	1	11-20 yrs	Traffic congestion on county road 5, Preserve green spaces,
F	75+	1	11-20 yrs	Downtown parking and congestion downtown

Town of Windsor 2024 Community Survey

"Please describe the top two or three issues, priorities or problems that you think the Town of Windsor should address in the next 2-3 years."

Sex	Age Range	Dist	Tenure	Response
M	75+	1	11-20 yrs	Getting a new post office location, parking is terrible. Finish widening 392to 4 lanes from city center to I-25 Look at overall growth, continue to be strategic in your expansion
M	75+	1	11-20 yrs	Growing population and associated problems.
M	75+	1	11-20 yrs	Housing growth that is out of hand. Roads that are poorly designed. Water!!!
M	75+	1	11-20 yrs	Improve traffic patterns through the town. Stop all attempts at adding CRT in Windsor schools.
M	75+	1	11-20 yrs	Infrastructure (water, sewer, roads)
M	75+	1	11-20 yrs	Stop encouraging population increases without increasing infrastructure. Stop approving high density housing. Both issues have completely changed the experience of living in Windsor, and it's been devastating!
M	75+	1	11-20 yrs	Windsor growing very fast without consideration for shopping amenities East of County Road 19, North of County Road 72 and West of County Road 13. Main Street difficult to navigate during the business day. Consideration should be given to developing a modern City Center to unify the outskirts with the core Town.
F	25-34	2	11-20 yrs	Attracting more 'walkable' businesses to the downtown area (no one wants to walk around when there are insurance agents, gyms and eye doctors in prime downtown spaces), adding additional flashing pedestrian crossings to all downtown intersections, and slowing the development of new housing/apartment subdivisions (our population is quickly outpacing our amenities)
M	25-34	2	11-20 yrs	Buying a starter home is too expensive
F	35-44	2	11-20 yrs	Everything is overcrowded. There needs to be more activities, more sports opening spots, bigger rec center
F	35-44	2	11-20 yrs	Traffic congestion Preserving greenspace and wildlife areas
F	35-44	2	11-20 yrs	Traffic on steeplechase, too many delivery trucks using my neighborhood to cut through, my animal was killed on the street because of the traffic, my neighbors dog purposely killed/ poisoned still no resolution for this, increased theft in steeplechase with the increased traffic, steeplechase needs lower speeds & speed humps, can do the speed humps with the space in the middle so emergency vehicles can use the street without the speed humps in their way. Need to increase the safety of my neighborhood, its the entire reason we moved here & now its not safe.
M	35-44	2	11-20 yrs	1. Stop building new homes. 2. Create more opportunities for employment within the community. 3. Create more opportunities for recreation in the community. 4. Fix crowded an congestion in our streets.
M	35-44	2	11-20 yrs	Public school capacity, traffic congestion, and nonviolent crime in RainDance and water valley
F	45-54	2	11-20 yrs	1. Slow the growth! 2. Traffic is a mess. 3. Conservation of open spaces.
F	45-54	2	11-20 yrs	Another grocery store is needed Roads are deteriorating from all the construction vehicles
F	45-54	2	11-20 yrs	Need alternate roots with speed limits above 45 to get through or around town. Also, need to make several roads 4 lane and some 2 lane with turning lane in the middle, and expansion of old middle school and high school as well as get new middle school built.
F	45-54	2	11-20 yrs	Over crowding Infrastructure issues

Town of Windsor 2024 Community Survey

"Please describe the top two or three issues, priorities or problems that you think the Town of Windsor should address in the next 2-3 years."

Sex	Age Range	Dist	Tenure	Response
F	45-54	2	11-20 yrs	Overgrowth. Lack of sidewalks and bike trails for kids to travel safely.
F	45-54	2	11-20 yrs	Parking, not only downtown but the annexed apartment buildings, have establishments nearby to socialize
F	45-54	2	11-20 yrs	Road infrastructure inadequate with growth Schools are over crowded
F	45-54	2	11-20 yrs	Slow down the building of homes. The population of Windsor has more than doubled in the 15 years we have lived here yet schools and restaurants (excluding fast food) remain relatively the same. We need another grocery store, fewer banks, fewer auto shops, and no more fast food.
F	45-54	2	11-20 yrs	Traffic Grocery shopping
M	45-54	2	11-20 yrs	Allow more agricultural uses of private property Traffic congestion Public transportation access if feasible Additional open space if feasible.
M	45-54	2	11-20 yrs	Development not paying for upgrades needed for roads. Raindance is a prime example, sure, some upgrades right by the development, but any streets leading to the development were never upgraded to handle all of the traffic.
M	45-54	2	11-20 yrs	Excessive speeding in residential neighborhoods Growth without forcing developers to pay for infrastructure
M	45-54	2	11-20 yrs	I believe that the town needs to develop incentive plans to attract more small businesses. Also the need for a bigger anchor retailer such as Murdochs/ Home Depot Walmart,
M	45-54	2	11-20 yrs	Overspending on the Police. Their budget is way too high. Salaries for what they provide to the community are overly inflated. A maintenance worker does more but is paid significantly less. I also like to fish in our community but I don't feel the waters are adequately maintained or stocked for this purpose. The downtown area has great potential to be a vibrant shopping area as well as dining/nightlife. If several of those business got pushed out and were made way for more trendy, upbeat, needed retail and dining the community would benefit.
M	45-54	2	11-20 yrs	Road conditions, downtown parking, school seats
M	45-54	2	11-20 yrs	Top priority is public safety Second is responsible growth to include more retail
M	45-54	2	11-20 yrs	Traffic
M	45-54	2	11-20 yrs	Traffic patterns are not managed well and the majority of Main/392 is not bike or pedestrian friendly.
M	45-54	2	11-20 yrs	Traffic, free wifi as a utility (we voted on this years ago and have seen nothing), public accountability for spending (new \$30 million police station).
M	45-54	2	11-20 yrs	Traffic/road infrastructure, recreation, & parking at trailheads.
F	55-64	2	11-20 yrs	1. Not a fan of the DDA process with the wall and the Board moving forward without listening to public input. Building more transparency and listening to the public should be priority #1. 2. Infrastructure and tax base and businesses before more housing. Perhaps not being lead by a developer. 3. We have a great start on many outdoor opportunities and trails, continue connecting our town from the north, south, east and west!
F	55-64	2	11-20 yrs	Keeping utilities low including all fees associated with them. Not raising taxes. No more round a bouts.
F	55-64	2	11-20 yrs	Open space, over building housing

F	55-64	2	11-20 yrs	Protecting open space as Windsor grows; police services/safety of residents; encouraging small businesses to expand shopping here (we have some outstanding small businesses but need more)
F	55-64	2	11-20 yrs	Roads, lack of retail or restaurants, slow speed limits
F	55-64	2	11-20 yrs	Slow down growth, improve infrastructure (roads, grocery, etc) protect and grow open and public spaces
F	55-64	2	11-20 yrs	Traffic on Main Street. Over crowding of schools. Plans to control growth so services keep up.
F	55-64	2	11-20 yrs	Traffic through town on Main Street.
F	55-64	2	11-20 yrs	Traffic, overbuilding
F	55-64	2	11-20 yrs	Traffic, staffing at Town facilities
M	55-64	2	11-20 yrs	Builders promising one design plan and then changing it after public comment such as Raindance. Design characteristics of apartment buildings that don't look like military barracks
M	55-64	2	11-20 yrs	Controlling growth, making sure we don't outpace the capacity of our schools, emergency services, and utilities. And limiting the number of homes Journey homes is allowed to build; they fall apart and we will end up with virtual slums where they develop.
M	55-64	2	11-20 yrs	Housing growth, grocery store capacity, preservation of open space
M	55-64	2	11-20 yrs	Infrastructure resilience and CD-type facilities for large-scale emergencies, such as geomagnetic storms (particularly, syrong CMEs), and fallout from nuclear blasts. We have no fallout shelters or plans.
M	55-64	2	11-20 yrs	Overgrowth, infrastructure for the Overgrowth, grocery store on south side of town.
M	55-64	2	11-20 yrs	Smart Growth Traffic
M	55-64	2	11-20 yrs	Traffic on Main Street. Increase in crime.
F	65-74	2	11-20 yrs	Affordable housing, parking, and traffic flow
F	65-74	2	11-20 yrs	Congestion on Main Street/ alternate East/west options.
F	65-74	2	11-20 yrs	Easy access parking for downtown shopping, dining, and lake. Larger grocery store.
F	65-74	2	11-20 yrs	Fast growth
F	65-74	2	11-20 yrs	Parking downtown Looking for a new grocery store on the southwest side of town Widening Colorado Boulevard
F	65-74	2	11-20 yrs	Parking downtown. Adding lanes to Colorado Blvd. A grocery of large size on west end of town.
F	65-74	2	11-20 yrs	Problem - too much traffic on Colorado Blvd for the size of the road. Windsor needs retail at locations NOT on the west end of Main Street.
F	65-74	2	11-20 yrs	Traffic on Main Street in the downtown area. And too many apartment buildings especially on the south west part of the town.
M	65-74	2	11-20 yrs	- Improved road maintenance - Restore the Frank State Wildlife Refuge (including the now drained lake).

F	35-44	3	11-20 yrs	Crosswalk/safety at CR 19 and Boxwood Dr with the new homes/traffic/speeds it is a dangerous intersection. Like a flashing one crosswalk signal or 4 way stop. It is like playing frogger trying to cross. Traffic leaving town is speeding up and traffic coming into town on CR is slowing down. It is not safe to walk along bridge to use other crosswalk. With new addition on Boxwood with that subdivision and access to lake this is needed! Do NOT build apartment on or near lake. That is a gem and love the views from downtown restaurants, don't take that away. Re-routing or better plan for traffic on Main Street. Don't have answer but as a Main Street and HWY it gets congested now (takes 15+ min to go couple miles)esp around school start times/drop offs. Can't image how bad it will get with the rapid growth in Windsor! We need a grocery store or Sprouts on East side of town. Silly having our only grocery stores right across street from each other (know it's been that way forever). Better timing of trains! No train should be crossing/stopping/backing up/loading during 7:30-8:45am or 3:30-5:30pm, backs up traffic so bad for long long time on 257/392. Overall LOVE our town, amenities, community!! We are a blessed town!!
F	35-44	3	11-20 yrs	Growth and development is out of control with no attention to infrastructure or impact on current residents.
F	35-44	3	11-20 yrs	Love Windsor, wish there were more community support for libraries, social issues, equality and fewer right wing nut jobs with big mouths who get to run things.
F	35-44	3	11-20 yrs	Lowering taxes Different grocery option (not king soopers) Supporting small business with incentives
F	35-44	3	11-20 yrs	More accessible parking. More variety in restaurants (more sit down places)
F	35-44	3	11-20 yrs	Needs more restaurants, grocery stores and shopping. It also needs home developers to not cram their homes in the tiniest lots and make the most boring homes all looking the same .
F	35-44	3	11-20 yrs	Parking in down town is an issue, as well as the rapid population growth that schools and infrastructure can't keep up with.
F	35-44	3	11-20 yrs	Population growth and housing. We have too many people for the current infrastructure.
F	35-44	3	11-20 yrs	Safety for residents in general, keeping homeless camps and illegal immigrants oir (non-sanctuary status), and parking downtown.
F	35-44	3	11-20 yrs	Schools (lack of schools), better pay for teachers to attract or retain quality teachers, traffic congestion
F	35-44	3	11-20 yrs	Stop the growth. Traffic is an issue. We need another grocery store.
F	35-44	3	11-20 yrs	The area behind Chimney park to get cleaned up we have so many wonderful events at the lake. Bringing more things to downtown Windsor, making it easier for people to park and shop local businesses.
F	35-44	3	11-20 yrs	Too many houses being built in a quick time frame. Mass producing home builders are building generic ugly houses. If we're going to build let's have neighborhoods where all the houses aren't boxes and have character to them. All this fast building has caused chaos in infrastructure. Since Main Street is so busy all the time we avoid it at all costs. We no longer give many Windsor businesses our business because it's a nightmare to get around this town.
M	35-44	3	11-20 yrs	Downtown, parking, grocery stores

M	35-44	3	11-20 yrs	Residential growth has exceeded store capacity and infrastructure We have enough tire shops, banks and car washes, how about more thought regarding the PEOPLE of Windsor when approval of new business infrastructure
M	35-44	3	11-20 yrs	Semi trucks speeding in the school zone on jacoby road. Trucks using jacoby rd as a short cut. Poor road conditions when it snows caused by the plow truck refusing to drop product on the road to keep people safe.
M	35-44	3	11-20 yrs	The unchecked growth in the town is causing infrastructure issues and the town does not seem to have a growth management plan. The school system will not be able to keep up all the new housing developments
M	35-44	3	11-20 yrs	Traffic and roadways. Water issues with development
F	45-54	3	11-20 yrs	1. Sidewalks for all RE4 schools, including SMS, SHS and Traffic flow through town 2. Water resources 3. Additional supermarket north east end of town 392/257
F	45-54	3	11-20 yrs	1.) Main Street needs widened. It's already super congested. It's only going to get worse with 2500 new homes being built. 2.) One or two new Grocery Stores. Not only do we have Windsor residents using them, but we also have Severance, Timnath AND East Loveland. (I know of people in E.Loveland who come here because it's closer to them than the one in Loveland that's too busy)
F	45-54	3	11-20 yrs	Coming along side small businesses. It's too cookie cutter here which makes people want to leave on the weekends and go to FTC or surrounding cities.
F	45-54	3	11-20 yrs	County road 15 - Will this be more than 2 lanes with the new police station and the middle school? We need another grocery store!! Preferably one not on Main Street.
F	45-54	3	11-20 yrs	Decrease growth!! It is ruining the town

F	45-54	3	11-20 yrs	Traffic at Main and 7th, growth in homes/population without adequate infrastructure
F	45-54	3	11-20 yrs	Traffic backup on east Main St - by old town. Grocery store east Windsor - Sprouts, Trader Joe's, Kings..
F	45-54	3	11-20 yrs	Traffic on main Parking on main
M	45-54	3	11-20 yrs	Allowing big business into our town. It's necessary and will not impact small business. Business drives business it will only benefit the town the people in many ways.
M	45-54	3	11-20 yrs	Downtown traffic, downtown parking, grocery stores
M	45-54	3	11-20 yrs	Focusing on bringing more businesses to downtown. Bring commercial retail to Windsor instead of letting it go to every town around us. Add more multi family and affordable housing accommodate the workforce.

M	45-54	3	11-20 yrs	Growth is too explosive to keep up with. We need some type of slow down on building of more houses and apartments until the infrastructure can accommodate it. The streets are crowded the stores are crowded and the schools are overcrowded
M	45-54	3	11-20 yrs	Growth, no enough restaurants
M	45-54	3	11-20 yrs	Metro districts have far too much power in this town, but I expect that's all due to money and power. I don't know that anything can be done on the town level other than maybe stopping them from being invited in. Windsor looks and feels like a great town until one delves deeper into the various "districts". The bonds are starting to get tedious. We're already being taxed out of our budgets, and it seems like there's always a new hand out looking for more. Again, probably not a town issue, but it reflects on the town.
M	45-54	3	11-20 yrs	Parking for Main st. Traffic on Main St.
M	45-54	3	11-20 yrs	Parking spots in town town, sustainable inafstructure growth plans, water conservation.
M	45-54	3	11-20 yrs	Traffic in downtown areas, obsolete pitiful years and conditions on south walnut street (homes with cars parked in front yards 4-5 camper trailers, garbage and clutter, algae in your main town attraction and continuously try to overbuild this town without considering infrastructure to support it.
M	45-54	3	11-20 yrs	Traffic lack of livable infrastructure more bike paths restaurants (not fast food) community gathering areas specifically improve downtown amenities
M	45-54	3	11-20 yrs	Traffic, Adding Business, population growth
M	45-54	3	11-20 yrs	Unrestricted residential development Downtown Development- lack thereof Water Shortage/Usage
M	45-54	3	11-20 yrs	Widening 257 to 4 lanes, should have been done when road work was done in 2023 from 392 south. Get cr 70 completed from 19 to 257. Again, this is way past due. Quit spending money on paths and parks. Use this money for road projects. One way street down 392 main street and another one way on walnut.
M	45-54	3	11-20 yrs	Windsor is GROWING WAY TOO FAST! Slow down residential growth, and build MORE commercial businesses, such as another LARGE grocery store- on the EAST side of downtown!!!! Im sick of seeing new banks pop up, or new liquor stores brought in. And Im sick of seeing all the new houses/residential neighborhoods pop up. Traffic Sucks now in Windsor, its absolutely maddening! Downtown (Main Street) parking is AWFUL. A parking garage is needed....BUT NO APARTMENTS CONNECTED TO IT.
F	55-64	3	11-20 yrs	1. Population growth 2. Traffic issues 3. School growth
F	55-64	3	11-20 yrs	Growth, open space, infrastructure
F	55-64	3	11-20 yrs	I am not an expert on town planning, however, it seems we have a disproportionate amount of homes versus amenities, shopping, grocery stores, and most especially, roads. We have an oversupply of fast-food and convenience stores. I can only hope we are done building drive-through coffee shops and fast food places, so it would be nice to find healthier options. As a town, we seem overweight and unfit.

M	55-64	3	11-20 yrs	Main Street in years past was patrolled for speed, seems that the speeders are now winning. Where are your 11 lady officers when we need them? With all the money you rake from the public maybe fixing heaving sidewalks vs Quantico type police stations. You apparently have city employees who have no job accountability, a certain female code enforcement officers talks out her rear in order to not have to do her job.
M	55-64	3	11-20 yrs	Na
M	55-64	3	11-20 yrs	Over population Infrastructure Roads-traffic
M	55-64	3	11-20 yrs	The leadership for Windsor needs to call out any inaccurate comments made buy locals wanting to deceive the public for their personal gain. As a Windsor citizen I would like the city counsel to revisit the down town renovation and expansion with new business and living space on the second floor.

F	75+	3	11-20 yrs	Traffic and growth
M	75+	3	11-20 yrs	Economic development to increase sales tax revenue Water efficiency Continue to improve roadway traffic patterns and multi modal
M	75+	3	11-20 yrs	In general, adjusting to all of the growth. Windsor needs at least one other grocery store in addition to expanding the existing King Soopers. The town will need improved transportation services such as a way to get east and west without using main street.
M	18-24	4	11-20 yrs	Honestly only one issue I think Windsor should do something about is the speed limit going through old town Main Street and 7th street. First of all 30mph is perfectly reasonable through old town, there are plenty of crosswalks with flashing lights so there's no reason Windsor had to take the speed limit down to 25. Also 7th street has very good visibility for drivers hence why I believe if the speed limit was 40mph drivers would still have plenty of time to recognize pedestrians trying to cross the street or get into their vehicles.
M	18-24	4	11-20 yrs	Over population has become a very real issue. My family has been here for 20 years, and we've seen a large amount of change in a small amount of time. Change is good sometimes, but when you can't turn left onto 7th St or find parking for a summer Thursday night concert, it isn't. Oh, and Hoedown Hill is more of a nuisance than it is anything else at this point. Martin Lind is within Town Limits, and that means he is under the same restrictions as everyone else. As such is the case, everyone else should have a say concerning what he does, as they would with any other resident, in stead of giving him as much leash as he pays you for.
M	18-24	4	11-20 yrs	Security Health Abortion
F	25-34	4	11-20 yrs	Traffic on seventh, houses being built, add more stores/restaurants instead.
M	25-34	4	11-20 yrs	Increasing the number of police officers
M	25-34	4	11-20 yrs	Sustainable and responsible growth. How do we continue to attract business and residents, invest in the town's future, while at the same time preserving a small-town feel?
M	25-34	4	11-20 yrs	Traffic congestion has been a problem.
F	35-44	4	11-20 yrs	Growth, water, traffic
F	35-44	4	11-20 yrs	Infrastructure. More stores on the hill by 13 and crossroads
F	35-44	4	11-20 yrs	Pot holes. Not wasting money on silly things ie "first world problems". Don't fix things that aren't broke, don't make changes just to make changes.

F	35-44	4	11-20 yrs	School safety officers; take a look at Johnstown and Timnath how they get revenue from Costco, Walmart. Scheels
F	35-44	4	11-20 yrs	Smart Growth Affordable housing (why is everything being built \$500,000 or more? See issue #1 above) Transportation and traffic, especially along the Main Street corridor
F	35-44	4	11-20 yrs	This town has a real problem with hate and bigotry. The schools are riddled with bullies who are driving other kids to the brink of suicide. The middle school in particular creates a very unsafe environment that spills out into the town. My family who is considered "different" rarely feels safe in any environment in Windsor. Traffic is a real issue. Different traffic patterns need to be created to address the issue. More lights on Main Street with left hand turn arrows so people can actually get home from work around 5:30. The plumbing in older neighborhoods is not enough to support the overpopulated areas now (Windsor West neighborhood being an example that needs pumped regularly by the town). Infrastructure in general to support the unprecedented growth of the town.
F	35-44	4	11-20 yrs	Traffic - the result of new housing being built everywhere. Water - securing access to water as it becomes more sparse. Pedestrian/bike safety on the overly crowded streets.
F	35-44	4	11-20 yrs	Traffic on 392, affordable housing, availability of groceries, and parking in downtown.
F	35-44	4	11-20 yrs	Traffic, lack of grocery and police not helping with meth/drugs issues.
M	35-44	4	11-20 yrs	- Too many people not enough stores - no longer small town feel - town wasting tax payer money, and doing things without asking the people first
M	35-44	4	11-20 yrs	#1 Traffic. I continue to see drivers exceeding speed limits down town and around schools. I have also been witness to many close calls of auto vs peds at crosswalks. It seems the presence of police has been very low. #2 We need another grocery store on the east or south side of town. Too many people crowding what we have makes this task unbearable.
M	35-44	4	11-20 yrs	Crowding, traffic, lack of restaurants
F	45-54	4	11-20 yrs	1. Diverting traffic off Main Street (Hwy 392) 2. Adding another high school because the existing high school will not be able to effectively have all the students from the 2 middle schools attend there. 3. Fiber optic cables for the city.
F	45-54	4	11-20 yrs	Adding more amenities to our town. Infrastructure. More things for kids to do in town (splash pad, mini golf, bowling)
F	45-54	4	11-20 yrs	Balancing growth to available services/ slowing growth; traffic congestion; being more mindful of low-income residents and their ability to pay for activities within town limits.
F	45-54	4	11-20 yrs	Drastically slow the explosive growth! Speeding and light running traffic. Get a new, and much larger, grocery store to help support the explosive growth that's happened in the last few years.
F	45-54	4	11-20 yrs	Expansive growth, traffic congestion and concerns regarding water to support the growing needs of the community
F	45-54	4	11-20 yrs	Infrastructure & Need for more schools. Affordable housing
F	45-54	4	11-20 yrs	Parking and traffic on Main Street and expanding west on 392 by King Soopers

F	45-54	4	11-20 yrs	Short and LONG term ideas about how to maintain a small town environment amidst population boom.
F	45-54	4	11-20 yrs	Traffic Congestion, one lane roads in and out of Windsor, traffic congestion
F	45-54	4	11-20 yrs	Traffic light backup at 7th and Main. Downtown parking, meaning, there's too much traffic to safely park on Main Street unless it's after 7pm due to issues backing up onto Main Street when you're done shopping. If I make a large purchase, I'm not going to shelp it several blocks away to my vehicle. Oth of these issues center around one main issue: Unfettered growth that is not planned for or thought out in advance. No one lives here because they want to ne the next Aurora. We need to plan for the growth and demand that the builders put into the community funds in advance for infrastructure, town services, etc.
F	45-54	4	11-20 yrs	Unchecked growth. Traffic & speeding. Water availability.
F	45-54	4	11-20 yrs	Water, growth, bringing in good restaurants. Keeping small town charm.
F	45-54	4	11-20 yrs	Water, uninformed citizens, and economic development
M	45-54	4	11-20 yrs	1) Need more schools to be able to have less kids per class and to allow more kids to participate in sports and clubs. 2) Effective alternative traffic routes around Windsor rather than through Windsor (alternatives to 392 and 257). 3) City owned fibre optic internet, like Longmont. Bonus) Green energy projects in the buffer spaces between Windsor and other municipalities and / or partnering with residential and private sectors to install solar on roofs and over parking lots and roads and feed the profit from the electricity produced back to the community.
M	45-54	4	11-20 yrs	Additional grocery store Water supply security Traffic and road improvements
M	45-54	4	11-20 yrs	Infrastructure improvement projects to keep up with Windsor's growth. Does Windsor have adequate water rights to keep up with population growth while keeping rates affordable?
M	45-54	4	11-20 yrs	Managed growth. Strong police force. High performing schools.
M	45-54	4	11-20 yrs	Put a cap on residential development! It's out of control and the city does NOT have the infrastructure to support this fast growth. We also need another grocery store in town. Roads need to be prioritized and widened everywhere.
M	45-54	4	11-20 yrs	Traffic
M	45-54	4	11-20 yrs	Traffic congestion, Road improvements, Speeding/Red Light Runners.
M	45-54	4	11-20 yrs	Water sustainability. Planned growth. Algae bloom worse every year.
F	55-64	4	11-20 yrs	Decrease/deter growth of residential units. Keep & encouraged open space. Encourage & return recycling.
F	55-64	4	11-20 yrs	I would like to see hwy 257 moved from Main Street north to co rd 74. This would reduce a lot of the traffic downtown.
F	55-64	4	11-20 yrs	Look at Windsor as s whole, not just focus on Downtown. THINK where Windsor should be for growth in 10 years and build... suitability for that estimate. We have already outgrown the Rec Center...the PD...
F	55-64	4	11-20 yrs	The infrastructure cannot handle the growth that has been allowed in my town. Also, more and more houses and tax dollars, but my taxes have doubled in 16 years. It is beyond ridiculous. I feel that Martin Lind has most of the town board in his pocket. I don't trust anyone anymore.

F	55-64	4	11-20 yrs	Too many homes are being built too fast, out of control development projects by the town, town reps are not representing the will of the people. They are seeing dollar signs and ignoring the peoples series for smaller town living.
M	55-64	4	11-20 yrs	Infrastructure of the roads. Main is a disaster every afternoon. Crime is starting to climb. With the dead people found in the streets and drug busts. Aggressive drivers. Especially in the morning around 6 AM. People speeding down main.
M	55-64	4	11-20 yrs	Infrastructure, primarily roads, a main street bypass and traffic issues, slowing growth and development. Infrastructure can't keep up. More internet options. Continue with the free broadband plan.
M	55-64	4	11-20 yrs	Population and housing explosion Property taxes Liberal leaning town board
M	55-64	4	11-20 yrs	The constant over flow of traffic on 392/main Street. A well thought out truck bypass route would definitely help. This isn't the quiet little farm town that it used to be. Too bad!!
M	55-64	4	11-20 yrs	Traffic in town is horrible it seems as if we are growing to fast.could use some bigger stores like grocery stores and a lowes or home depot.I know I'm contradicting myself but if we are in fact growing this fast lets get some bigger retail stores here.
M	55-64	4	11-20 yrs	Traffic and crappy built new houses west of 13. Crime is on the rise

F	18-24	5	11-20 yrs	The cost of living is getting way too high. Rent and housing costs aren't affordable to most people and lots of people I know have had to leave Windsor due to not being able to afford living here anymore. Also, a lot of our open and empty land has been sold to developers building things like expensive houses and gas stations which we genuinely do not need more of. I'd rather have open space and natural areas than a brand new, overpriced gas station.
F	35-44	5	11-20 yrs	Better lighting at parks, especially near courts. Snow removal on courts as there is on walking trails at parks

M	45-54	5	11-20 yrs	1. Traffic Flow - Signal lights are horrendously out of wack. (example) -Green arrows given way too much time for some signal lights while green arrow lights that need to be given a lengthier time - are extremely short. 2. Traffic Flow - Right turn lane on Main Street & 7th st- There needs to be clear markings and/or blocking in the street to force those in the right turn lane to turn right, signage placed well in advance of the right turn alerting drivers of the upcoming turn. 3. Traffic Flow - Remove the pedestrian crosswalk lines on Main Street & 8th st. This is a dangerous place to cross the street and despite warnings stated by Middle School Staff, there are still some students that attempt crossing here. 4. Traffic Flow - Add a left turn signal & lane for West bound traffic on Main Street turning left onto 9th st. There have been several near misses for traffic accidents on this street. 5. Policing the streets during busy traffic flow hours is lacking. I see cars daily running red lights on Main Street & 7th st and Main Street & 11th st.

M	45-54	5	11-20 yrs	Downtown parking, unified trash service in town to cut down on the carbon footprint on having multiple companies in the same neighborhood. Including the small watercraft(i.e. paddleboard &kayak) into our rec center membership. \$50 per watercraft to paddleboard on Windsor lake where I pay taxes is insane. I can take 5 kayaks to Horsetooth on one entry fee. Make non-residents pay this amount.

F	35-44	6	11-20 yrs	Safe pedestrian/biking routes a continued priority as we grow. I'd like the town to look into supporting/recognizing safety net organizations that help our community and looking at ways that they can be supported in a way that benefits the town. Finally, I'd like some attention put towards taking some of the empty spaces (between third and second on garden, eg) that are public easements and doing something to beautify them/perhaps even pocket park type
F	35-44	6	11-20 yrs	The bright baseball field lights east of town are disruptive to wildlife. Massive light pollution. Noise pollution during games. Put up sound dampeners and shut off the lights when not in use.
F	35-44	6	11-20 yrs	Traffic. Roads not wide enough.
M	35-44	6	11-20 yrs	1) With growth comes an increase in crime and a sincere and intentional need to be proactive to ensure the safety and security of our town and its citizens. 2) Community gathering places for our youth that engage them in healthy relationships and becoming stewards of our values. Indoor/Outdoor with mentorship and oversight, but still allowing them to be kids.
M	35-44	6	11-20 yrs	Growth rate/water availability Infrastructure and roads
M	35-44	6	11-20 yrs	Growth, growing at a rate where it doesn't seem like the town is ready for. Schools overcrowded and main streets hard to get around.

F	45-54	6	11-20 yrs	Growth, growth, growth
F	45-54	6	11-20 yrs	Managing growth, especially roads infrastructure. Educating population about the fiscal realities of growth or the lack thereof
F	45-54	6	11-20 yrs	Too much growth and lack of schools to support the growth, longer yellow lights as too many people are running the red lights and the other direction's lights are changing to green too fast (almost causing multiple accidents in my daily drives), and better traffic flow - 7th street was re-designed horribly.
F	45-54	6	11-20 yrs	With so much growth in Windsor; providing better infrastructure seems very important. Including road maintenance, enforcing speed limits, and making driving safer by enforcing other driving regulations, especially safety at cross walks. More infrastructure including more grocery shopping is necessary also.

M	45-54	6	11-20 yrs	1) Smarter road development. There has been a lot of road "improvements" done over the past couple years, but I have seen no improvements in travel time nor anything else. The update of hwy257 caused a headache for multiple months and (as far as I can tell) did not do anything to reduce traffic congestion or plan for future growth. 2) Martin Lind has WAY too much influence in the town of Windsor. And this influence is only harming the town 3) More development in the SE side of Windsor. We need a grocery store, other commercial stores, etc. Instead all we're getting are Martin Lind's pet projects. It's sad that it takes as long to get to west Greeley as it does to get to basic necessities in Windsor
M	45-54	6	11-20 yrs	Develop downtown but slow the growth of homes Better roads to handle traffic/truck route WHS renovations
M	45-54	6	11-20 yrs	Explore more options than downtown. Too many houses, not enough commerce to sustain, lets keep more sales tax here. More incentives to do so
M	45-54	6	11-20 yrs	I am unaware of any specific problems
M	45-54	6	11-20 yrs	Securing water for future growth, bypass traffic from Main Street, attempt to lure more pre-school options to the Windsor and Severance area
M	45-54	6	11-20 yrs	There are to many people and not enough businesses, need to encourage more amenities in town to accommodate for the growth. Traffic is the other big issue, stop building traffic circles as a stopgap to the issues.
M	45-54	6	11-20 yrs	Traffic Entertainment Growth
M	45-54	6	11-20 yrs	Traffic on Main st.
M	45-54	6	11-20 yrs	Traffic on Main St. is horrible and I'm sure you know that. This town has changed so much from 15 yrs ago when I moved here. Crime is on the rise and I don't feel as safe as I did before all this population growth. The town hasn't proved that it knows how to spend its money responsibly so whenever there's an issue, the first thing you do is come to the voters and ask for money. Until you can figure out how to be more responsible I will never vote. Yes on any millage or increase in taxes.
M	45-54	6	11-20 yrs	Traffic, speeding, noise
F	55-64	6	11-20 yrs	1. Climate change impacts to essential services,i.e. water, schools, roads, parks 2. Impact of technology growth & impacts on city services, schools, population
F	55-64	6	11-20 yrs	1. Grocery Stores-would love to see a Sprouts or Trader Joe's come into town. Otherwise, we are thrilled with all the parks, the walking trails the way the city maintains everything it's just wonderful!

F	55-64	6	11-20 yrs	As the town has gotten bigger since I was a child. I still feel it's a perfect place to live and raise children. You cannot even open your doors or windows without being overwhelmed from the noise in you own house if you live anywhere near Eastman Park Drive. If we can hear it clearly from our homes there is no way it needs to be that loud at the facility.
F	55-64	6	11-20 yrs	Traffic through downtown and improving the routes to enter the town. i.e. 257. UGLY

F	65-74	6	11-20 yrs	Over population Parking Too much traffic on Main St
F	65-74	6	11-20 yrs	Parking is an issue, building too many homes and apartments without having the infrastructure to support it,
F	65-74	6	11-20 yrs	Somehow deal with the heavy traffic flowing on 392 and its effect on downtown shopping (backing up difficulty in heavy traffic). It discourages one from shopping on Main Street.
F	65-74	6	11-20 yrs	Stop big developers from adding so many houses, apartments without infrastructure of roads, schools, parks, libraries etc. Then you expect to pass bonds for locals to pay for when developers cause the issues. Enough. Also, plan more parks and require developers to leave open space for new soccer fields, public pools etc. and a public golf course for this town is way overdue. Put it on the master plan please. This town is exploding and even the Post Office can't keep up. Hello city planners.

M	65-74	6	11-20 yrs	Tax incentives to draw a big box store (Menards would be perfect), Grocery stores, and more restaurants. Continue to make the Downtown area more inviting! Restore the downtown buildings to an era such as when they were built. There are a few old painted murals on some buildings that have survived but barely visible. If they were to be refreshed it would help to pop the area. Lots of communities have done this with old painted Coke and other advertising murals, The old Plymouth Garage mural on top of the four and twenty blackbirds shop is one example. Another is a CAFE mural across the street

F	75+	U	11-20 yrs	As a disabled senior, I find it very frustrating that the access grates from sidewalks to crosswalks are plowed in by snowplows during and after snow storms, completely obliterating access. M	25-34	1	2-5 yrs	As a renter, I believe that available and affordable rental housing is extremely important. Ensuring that both of these conditions are important to the future of the town. The second priority should be a focus on maintaining our open space. We had the ballot issue in previous years to maintain this, and I believe we should continue to maintain our natural and open spaces.
M	25-34	1	2-5 yrs	Please, please, please sign an intergovernmental agreement (IGA) with the City of Loveland to bring Pulse municipal broadband access to residents of Windsor. Timnath has done this already and Timnath residents are enjoying superior broadband service while we in Windsor have to overpay for subpar service from anticompetitive providers. Reliable fast broadband is crucial for work, education and high quality of life.

Sex	Age Range	Dist	Tenure	Response
M	45-54	1	2-5 yrs	1. Water pressure in new builds. No standards for the builders has left low pressures. 2. Internet provided by the city. Comcast is a monopoly in the area 3. More money than the bond for the schools from the city.
M	45-54	1	2-5 yrs	Traffic congestion, limiting high density housing
F	55-64	1	2-5 yrs	1. Students in schools who cause disruption should have more discipline or supports. If your schools fail, your town fails. We have many students who cause disruption so that teachers can't teach the rest of the kids who do want and need to learn. There are kids as young as five who are causing daily and weekly room clears. That means 50 kids are having their learning disrupted consistently for one student. 2. More local shopping. A Trader Joe's, target or Arc thrift store would be convenient. We do not need any more pediatric dentists, tire stores, liquor stores or banks. We need places (not spendy boutiques) to buy kids clothes. We have to go to Loveland or Greeley for that. That money could be spent locally. 3. Entertainment options for people might be nice. There is not much for teens to do locally. A community center that everyone kids and seniors could go to would be nice. The rec center here is ok but very limited in their offerings during evening hours.
F	55-64	1	2-5 yrs	Education quality focused on academics only, safety, roads
F	55-64	1	2-5 yrs	Excessive growth, parking and traffic
F	55-64	1	2-5 yrs	How about a better survey?
F	55-64	1	2-5 yrs	Infrastructure to accommodate new residential development & growth (ex: roadways, water resources, utilities, etc.), new business/economic development to support the community, and public safety resources to ensure the growing community has the appropriate number of resources.
F	55-64	1	2-5 yrs	Stop the over building. The infrastructure, specifically grocery options, have not kept up with the population explosion. Require developers to put another store out by The Ranch.
F	55-64	1	2-5 yrs	We need a larger grocery store and better downtown parking/traffic control
M	55-64	1	2-5 yrs	1.Diverting traffic around and away from Main St old town. 2. Slowing down traffic EB on 392 from I25. The right turn lane from EB 392 at highland meadows parkway is being used as a passing lane for drivers to pass in the right before merging back in to EB traffic. There is going to be a major collision at 392 and Highland Meadows Parkway. 3. Windsor is a fantastic community that seems to be making thoughtful and calculated decisions on growth and balance compared to where we used to live in Timnath.
F	65-74	1	2-5 yrs	1) Controlling growth especially due to future water concerns. 2) Supporting businesses.
F	65-74	1	2-5 yrs	Another grocery store is critical. Additional retail stores would be beneficial to avoid the drive into Fort Collins or Loveland for everything little thing.
F	65-74	1	2-5 yrs	Development of the downtown with more shops and restaurants.

F	25-34	2	2-5 yrs	Affordable property value and traffic
F	25-34	2	2-5 yrs	Main Street traffic gets overcrowded and sometimes makes street crossing a bit hazardous. More access to activities for young adults, I know a surprising amount of people in their 20s out here but it seems most activities are in Fort Collins or Loveland.

F	35-44	2	2-5 yrs	Fix roads, pot holes or redo completely like the entire parking lot/shopping area that McDonald's/Wells Fargo/Foundations etc. is in, and maintain. If it's not the cities issue then enforce repair with owner. Would love to see another grocery store like King Soopers or make the current on much larger.

F	35-44	2	2-5 yrs	Housing prices, property taxes, and traffic
F	35-44	2	2-5 yrs	Main st traffic by the schools. It would be awesome to have a walkway bridge that went over Main St so students could get across safely
F	35-44	2	2-5 yrs	Need more grocery stores (or a Target or Walmart) to supply the needs of residents. I have to commute and spend money in other towns to get what I need/want.

Sex	Age Range	Dist	Tenure	Response
F	35-44	2	2-5 yrs	Parking lots of businesses off of main street... like the strip mall type areas... maybe that's their responsibility but clearly they're not doing it, maybe the taxes/ rents are too high so they can't, i don't know, but it's awful. 2. I think Metro taxes should have caps and sunsets, they are out of hand. 3. More local grocery stores or nice commercial maybe by crossroads or CR 13? If possible. 4. Bumps on crossroads by steeplechase. 5. I would love to see (or even be the one to open) up a coffee shop in Raindance. I'm not sure if there's space or if the zoning would allow it but if you look at Reunion coffee house in commerce city, something like that would fit nicely here in Raindance. I would love to be a part of opening something like that.
F	35-44	2	2-5 yrs	Pathway from downtown to the park, continued clean up of downtown main st., traffic increases on main st.

F	35-44	2	2-5 yrs	The lack of Childcare
F	35-44	2	2-5 yrs	Traffic - ability to turn right/left on to and from Main Street
F	35-44	2	2-5 yrs	Traffic congestion from growth and commuters, parking for downtown, new business and events. Parking at recreational and commercial facilities are not representative to the volume of use and increased growth.
F	35-44	2	2-5 yrs	Traffic congestion through downtown
F	35-44	2	2-5 yrs	Traffic during school pick up drop off hours, sporting events etc. another grocery store at a different location.
F	35-44	2	2-5 yrs	Traffic flow through Main Street (we need a bypass for trucks) and better city planning. By city planning, I mean developments need to be thought out better and the infrastructure needs to be put in place prior before expansion gets more out of hand. I understand the town is growing, I am a new resident myself (been here only 3 years) but it seems there's not much thought to the placement of roads or new businesses for the flow of traffic or pedestrians. There's a lot of jumbled, disconnected roads that lead to no where and it's frustrating trying to find your way around town when you're learning the roads around here for the first time. The developers have too much power over town management (looking at you, Martin Lind). That said, I think a thing or two could be learned from Timnath in their growth and development. Their growth has been constant as well but they are planning it out carefully to make sense and they are taking their time to do it right. Maybe I don't have all the details but driving down Harmony, the growth shown around Timnath seems to be more thoughtful than ours here in Windsor.
F	35-44	2	2-5 yrs	Traffic, bike & waking paths that link up to different areas of town, Loveland, and Fort Collins , and the alge in the lake.
F	35-44	2	2-5 yrs	Traffic, growth rate vs expansion rate of the town

Sex	Age Range	Dist	Tenure	Response
F	35-44	2	2-5 yrs	Widened roads, additional grocery store availability
M	35-44	2	2-5 yrs	-Figure out an alternative route for semi's rather than using main to drive down -figure out why business keep closing downtown -get a cost effective bar like the Duke
M	35-44	2	2-5 yrs	1. Get traffic on Main St fixed. No semi trucks! 2. More walking/biking paths connecting to other walking/biking paths in the Fort Collins and Loveland areas.
M	35-44	2	2-5 yrs	1. Making pit bulls illegal- they are a danger to everyone. 2. Traffic issues on Main Street- we need more roads to connect to opposite sides of town. There is not nearly enough roadway infrastructure for our growing town 3. We need a grocery store on the south west area of Windsor; near Fairgrounds & Crossroads Blvd. The only amenities Windsor residence have are all located in the same spot on main street. As the city has grown and evolved, and spread much further away from the downtown, it is not functional to have no grocery store or other amenities on the far ends of town.
M	35-44	2	2-5 yrs	1. Roads and infrastructure do not support the growth rate. 2. Lack of shopping and quality restaurants that bring visitors and retail revenue. 3. Public Safety: match growth rate with adequate pay and staffing for all public safety.
M	35-44	2	2-5 yrs	1.) plan for the growth, don't end up like Fort Collins! 2.) work on Windsors identity, what type of business, residents etc. do you want to attract to Windsor, right now it feels confused, but not bad just confused... 3.) The schools superintendent is the worst I've ever had the pleasure of dealing with, she doesn't care about the kids and DEFINITELY doesn't care about the parents. There's been some major issues swept under the rug in my 3 years living here that is the only blemish I'd give Windsor.
M	35-44	2	2-5 yrs	Heavy traffic through downtown / Main Street area
M	35-44	2	2-5 yrs	Less traffic lights, more roundabouts.
M	35-44	2	2-5 yrs	Parking Downtown Commercial Buildout (bare minimum grocery store) Additional Schools to keep class sizes manageable
M	35-44	2	2-5 yrs	Parking on Main Water conservation (mandating HOAs allow residents to zeroscape lawns) Overdevelopment
M	35-44	2	2-5 yrs	School expansion and flow of traffic around new developments. Many of the entrances/exits are unsafe as the developments fill up
M	35-44	2	2-5 yrs	Stop allowing builders like Journey Homes to continue to build low quality products and entire subdivisions. Eliminate Metro Districts and HOAs. Focus on local businesses like mom-and-pop shops. We need at least 1-2 more grocery stores. Another 18-hole disc golf course would be great.
M	35-44	2	2-5 yrs	Traffic and ensuring planning for future growth - utilities, roads, services, stores, recreation
F	45-54	2	2-5 yrs	More grocery stores and restaurants. The issue with backups on 7th street

F	45-54	2	2-5 yrs	1. Infrastructure - road widening, determine if possible north/south route between 7th and Colorado Boulevard. 2. Additional paved and marked parking at Boardwalk Park - without additional residential or commercial development. 3. Bring back the Santa tracker/driving through the neighborhoods with the fire department. I understand it's a big undertaking, but it was majorly last Christmas. It really brought neighbors together - people who don't normally interact would hang out on street corners or share bonfires waiting for Santa. It was something that really made Windsor unique and special.
F	45-54	2	2-5 yrs	1) Infrastructure needs: road repair, widening, adding some safety such as stoplights or traffic circles 2) working on attracting and keeping quality entertainment in downtown such as replacing recently closed quality local restaurants (enough pizza and Mexican already!) and escape room and small live music venue, 3) safety of our citizens/real consequences for violators
F	45-54	2	2-5 yrs	Don't allow over development/more housing and let the infrastructure get caught up.
F	45-54	2	2-5 yrs	New grocery Bridge needed at bottom of hill on Colorado and 392
F	45-54	2	2-5 yrs	Reduce crime, raising speed limit on cross roads with more police activity on it, more down town parking and get more shopping and restaurants in the area.
F	45-54	2	2-5 yrs	The growing population of Windsor. More grocery stores and alternative shopping areas so that the town doesn't get overwhelmed. Make sure there are adequate Public Services for all the new families
M	45-54	2	2-5 yrs	1) Traffic on major roads backups very easily and can cause large delays and inability to cross streets. 2) HWY 257 being 2 lane inbound from Greeley, same with County Road 13 & 17....none are capable to handling traffic to and from HWY 34 or Greeley.
M	45-54	2	2-5 yrs	Connecting neighborhoods and fostering a community.
M	45-54	2	2-5 yrs	Cost of living/housing, downtown parking, need for another grocery store.
M	45-54	2	2-5 yrs	Historic preservation, continuing parks and recreation development
M	45-54	2	2-5 yrs	Keeping the small town local feel. Traffic from i25 to town managed better. From Colorado blvd to i25 is going to be even worse as time goes on. Crime seems to be in the incline and of course the economy does not help but how is the town going to police and or address these increases over time.
M	45-54	2	2-5 yrs	Limit housing growth. Improve infrastructure
M	45-54	2	2-5 yrs	Limiting growth Infrastructure Rise in crime
M	45-54	2	2-5 yrs	Martin Lind influence and downtown restaurants
M	45-54	2	2-5 yrs	Need to start thinking of a bypass for 392 so the truck traffic doesn't go through Main Street
M	45-54	2	2-5 yrs	Over building of houses, schools not big enough for the growth and too much congestion on Main Street.

M	45-54	2	2-5 yrs	The big problems I believe they need to address is the lack of affordable housing for sale in windsor there is nothing for sale in the Windsor_CO under 400,000 and that leaves an entire demographic of people out of being able to buy in Windsor_CO.
F	55-64	2	2-5 yrs	1. Traffics through Main Street needs to be slowed down. Perhaps a stop sign at each intersection would discourage the huge trucks scaring people and making it less pedestrian friendly. 2. Make development more sustainable and focus on water availability and quality. 3. The out of control development is changing the character and identify of Windsor.
F	55-64	2	2-5 yrs	1. Lack of grocery stores 2. Too much building with no expansion to infrastructure 3. Metro district and the fees are ridiculous
F	55-64	2	2-5 yrs	Affordable housing, having a cannabis store and less car washes
F	55-64	2	2-5 yrs	Internet choices. Not enough.
F	55-64	2	2-5 yrs	Lack of restaurants. Possibly needing another grocery store
F	55-64	2	2-5 yrs	Limiting growth. Accommodating current population with parking and traffic management
F	55-64	2	2-5 yrs	Limiting new growth. Addressing traffic. New grocery store
F	55-64	2	2-5 yrs	Make sure growth isn't too much, too fast. Don't lose small town feel.
F	55-64	2	2-5 yrs	Parking and driving east/west through town. Main and New Liberty are both very limiting, and the only 2 ways to get across town east/west. Don't understand why they did not make New Liberty/Steeplechase 2 lanes in each direction. This was especially problematic when they are doing road work on either of these main east/west thoroughfares.
F	55-64	2	2-5 yrs	Safety and traffic
F	55-64	2	2-5 yrs	Slow the housing development - Increase retail development - Beautification . . . What happened to turning 7th St. Into a landscaped boulevard?

M	55-64	2	2-5 yrs	Infrastructure with the growing population Bringing in Whole Foods into Windsor More access to health local services
M	55-64	2	2-5 yrs	Minimize government evolvment. Less government, less taxes, more freedoms. See to that which government is for. Maintaining infrastructure, streets, utilities, police and fire.

M	55-64	2	2-5 yrs	Traffic, open space where it doesn't look like a sea of housing, keeping the small town charm. I would like Windsor to be the "envy spot" for where people wished they lived
F	65-74	2	2-5 yrs	1. Semi-Trucks on Main Street destroy the downtown atmosphere. 2. Ugly huge developments like Raindance.
F	65-74	2	2-5 yrs	1. We need more police officers. - address problems at parks. -compliance officer needed to ticket for handicap parking violations. 2. More parking downtown and at the lake. We do not need apartments, condos or dwellings downtown. 3. Transportation - some type of bus or trolley that goes back and forth on Main street. 4. The Weld County landfill is extremely expensive, unorganized, disgusting and is ran by the rudest employees that Weld county can come up with. It doesn't have to be this way. I had 28 years of positive trips to the landfill in Garfield County before I moved here.

F	25-34	3	2-5 yrs	Traffic jam on Main Street (one lane through town). Windsor recreation center is small for how big this town has gotten. It needs more lifting equipment, better pool/hot tub, maybe add a sauna and plunge pool. The cost is rising for memberships but there are less opportunities to use the facility the way you want due to influx of people using it.
F	25-34	3	2-5 yrs	Traffic Light timing, grocery store access (amenities and businesses), road congestion
M	25-34	3	2-5 yrs	Additional parking downtown so it doesn't turn into how crazy Fort Collins is. Office space for local businesses (I think some developments are underway). Keeping Windsor safe with growing population.
M	25-34	3	2-5 yrs	Having bathrooms at parks during the off months(Eastman park) has no bathroom during off months. You want kids to pee their pants? 2. Allow golf cars to come down main st .
M	25-34	3	2-5 yrs	Priorities: - Growing the town's footprint sustainably and funding public resources appropriately as we continue to grow - Continued development of and investment into use of public spaces, trails, and roads. - Creating more public events to continue building a unique identity for Windsor among NoCo towns
M	25-34	3	2-5 yrs	Safety, traffic infrastructure, lack of commercial availability.
M	25-34	3	2-5 yrs	We have a lack of restaurants and activities for the amount of people in our community. Also a major issue is only having one small king soopers in town and it is often overcrowded or lacking products
F	35-44	3	2-5 yrs	1. Connecting all parts of Windsor. The north section of Windsor is so far removed from the rest of town. 2. Bringing more businesses and restaurants to the Harmony corridor.
F	35-44	3	2-5 yrs	1. The town continues to allow housing to be built without building the facilities to accommodate the growth. 2. The Town Board allows zoning changes that is reducing the ability to grow the facilities needed within the Town. (retail and grocery facilities) 3. Public services are going to become more important as the Town grows, especially if "affordable housing" becomes more of a concern. The services needed to provide to the people who need affordable housing is lacking.

F	35-44	3	2-5 yrs	Schools - over crowded. Don't let new megadevelopments in if they're not going to put in a school or put money towards a new school. Shouldn't be on just the tax payers to do it. Second ensure businesses stay downtown and we continue to have fun town events across town that involve businesses and all areas of town. We want to keep the small town feel even as we grow

Establishing more speed bumps or lower speed limits on main roads that travel through or near neighborhoods (i.e. county rd 13 and 15 and Hwy 257, Colorado Blvd and county rd 74) people are driving way over speed limits and this becomes even more dangerous with all the new homes being built.

F	45-54	3	2-5 yrs	Main Street is a huge missed opportunity. It shouldn't be updated to look too modern, rather updated to preserve its uniqueness and simple charm. The tacky exterior of many of the buildings is just sad. It needs strategic planning and development that preserves its charm.

F	45-54	3	2-5 yrs	Property taxes and parking for parks in neighborhoods (since this all people can afford to do with their kids). We recently had a park add and we find the lack of parking has caused a safety issue for children getting in and out of vehicles including loading their equipment (bikes etc). Speed limits need to be adjusted more appropriately. Some areas where you want to natural slow down are higher speeds than areas where you are driving a straight lane. The logic behind it just doesn't make sense.
F	45-54	3	2-5 yrs	Remove the Christians in the school district who want to do away with separation of church and state Make sure the separation of church and state is upheld by all levels of town policy Make sure all levels of town/school policy follow all future guidelines for pandemics/public health Prosecute anyone employed by the town/school district who do not follow public health guidelines for any issue
F	45-54	3	2-5 yrs	Rising crime, Texans moving here, lack of entertainment options

M	45-54	3	2-5 yrs	# of new Families moving in is incredibly high vs the # amenities to support them! Mostly food. Need more restaurants!
M	45-54	3	2-5 yrs	1. Lack of infrastructure. Particularly, wireless/cellular data. It's 2024 and I still only get one bar of LTE? 2. Growing concern of public safety. 3. We need to keep the small town in our small town. Timnath is going big. Let them. We should stay small.
M	45-54	3	2-5 yrs	Balancing necessary growth with quality of life
M	45-54	3	2-5 yrs	Better schools, better trails, less traffic through the heart of downtown
M	45-54	3	2-5 yrs	Bike lanes that connect to the trails, parks and shopping centers - especially on the north side of town. Bringing in more restaurants. Adding another grocery store - preferably something like a Trader Joe's, Sprouts or Whole Foods.
M	45-54	3	2-5 yrs	Creating and advancing the highly desirable and unique lifestyle in Windsor of embracing and sustainable outdoor living/recreation activities, cultural art experiences (concerts, arts, etc) attracting and sustaining quality restaurants and entertainment. Do not detour from our home town feel of a smaller, but thoughtfully progressive community (avoid the "trap" of losing local focus over regional or state pressures like many other Colorado cities). Focus locally. Connecting community both through social opportunities but also physical like trails and parks and open space.
M	45-54	3	2-5 yrs	Downtown renovation. Better lighting. Reroute trucks and traffic if possible to make downtown more people friendly like Fort Collins.

M	45-54	3	2-5 yrs	Personally, I like the Oxbow disc golf course and think it should remain unchanged by not adding the proposed walkways throughout the course. I think introducing pedestrians, that may or may not be paying attention is potentially dangerous.
M	45-54	3	2-5 yrs	Property taxes to high when building parks have a better parking area so kids are out of the road
M	45-54	3	2-5 yrs	Rising incidents of crime and low quality of police officers. Wrong priorities for law enforcement. Poor vetting of officers. Growth, plenty of land and infrastructure, good roads, lack of water.

F	55-64	3	2-5 yrs	- Supporting downtown businesses while keeping the quaint feeling. the large neighborhoods with entertainment options will be drawing businesses away from downtown - for police to be more helpful with traffic diversion during accidents instead of just standing and not directing traffic - improving school education scores
F	55-64	3	2-5 yrs	Cell service: We are at Harmony and Colorado and we only have 1 bar. This makes it hard to work from home. King Soopers: I like King Soopers better then Safeway and Walmart bit it is too small. If I need a few things I will go to King's otherwise I spend my money at the Walmart in Timnath. More parks and green space: We have a little park that was just finished in our subdivision but the city needs more open space and parks.
F	55-64	3	2-5 yrs	Dog park at Harmony Ridge to hopefully lessen the enormous amount of dog waste along the streets. And if taxes get any higher in Windsor A LOT of us will need to sell and move.

F	55-64	3	2-5 yrs	Too much growth leading to crime
F	55-64	3	2-5 yrs	Traffic is a huge problem large trucks and cars run the red light on 11th and Main st, when the light is green you BETTER look both ways or you can get hit by the vehicles that run that red light! Homeless & migrants there aren't any that I have noticed but it will be a huge issue if not addressed I moved from Metro Denver to get away from that craziness.
F	55-64	3	2-5 yrs	Traffic issues are a major concern, limit overpopulation by controlling housing developments and having the builders share in costs for road needs, more traffic lights and controls for safety downtown. Methods of planning better movement of vehicles and traffic. Improved education. How about a Whole Foods or Trader Joe's or Natural Grocers rather than more King Soopers and Safeways, perhaps between Windsor and Severance. Larger Farmers Markets with focus on quality Organic non-GMO grown foods.

M	55-64	3	2-5 yrs	1; Water - Sustainable water and water management are critical. 2: Growth - Ties to water. New developers should pay high water connection fees and other fees to pay their fair share. Yes it will cost new connections more money. Otherwise it costs us. Prioritize existing residents. Also, we need to start limiting growth. We don't have the water, plain and simple. Also on growth. why in the world are we trying to stop a library in a good location in favor of a food store? The food store can go farther out, where new development will eventually go. And the traffic mess ate that intersection will be insane. Please, some one with the city's best interest step in. 3: Encouraging more business to come to Windsor to strengthen out tax base. A side comment, how did the noisy ski area get approved? Seems like neighbors now can't sleep in their own homes due to the noise. Please, let's get people that prioritize residents.
M	55-64	3	2-5 yrs	Downtown traffic. Parking. Through traffic bypasses
M	55-64	3	2-5 yrs	Growth is out of control, more grocery stores, more open natural space by the lake

M	55-64	3	2-5 yrs	Over development of housing and lack of open space. Revitalize the downtown area.
M	55-64	3	2-5 yrs	Parking downtown downtown parking
M	55-64	3	2-5 yrs	Traffic on Main Street, it is only a matter time before a pedestrian gets hit by a speeding semi.
M	55-64	3	2-5 yrs	Working with Loveland and Fort Collins to expand and connect the paved biking/walking trails. We need more off street trails! Traffic! Figure out a way to get traffic off downtown Main Street. Hwy 392 and 257 need a bypass around town. It may be too late with all the subdivisions being approved. With all these subdivisions means more cars and more traffic. The infrastructure currently is inadequate to handle the traffic now.
F	65-74	3	2-5 yrs	1. Population growth and adequate infrastructure 2. Enough water for all - no new growth if not. 3. Better communication between DDA and the general public. More openness and compromise. It comes off that those in charge of Windsor have a plan even if not popular with a majority of residents and intend to proceed anyway.
F	65-74	3	2-5 yrs	1) Lack of quality restaurants & entertainment. 2) Roads cannot support increased traffic; stop lights need to be calibrated better. 3) Property Taxes are ridiculous here.
F	65-74	3	2-5 yrs	Creating a bypass around downtown. Expand Windsor trail system. Encourage another full service grocery store to open.
F	65-74	3	2-5 yrs	Developing a cohesive, quaint old town look to attract diverse businesses for tourists and locals. Develop a picnic and diverse food vendor carts by the lake during good weather, stop building run of the mill cookie cutter houses/apartments, embrace unique ideas aside from track homes.
F	65-74	3	2-5 yrs	Getting another grocery store. Parking at Windsor Lake
F	65-74	3	2-5 yrs	Growth - we seem to be growing at a very fast rate. Don't want to lose "small town" atmosphere and want to be sure we address all the issues (provision of services) that comes with growth.
F	65-74	3	2-5 yrs	Keeping crime low, slowing building as infrastructure can't keep up now. Roads, water, sewer. Schools
F	65-74	3	2-5 yrs	Need of an east west road north of Main Street to relieve congestion. Bigger post office
F	65-74	3	2-5 yrs	Parking Downtown, property taxes, water shortage
F	65-74	3	2-5 yrs	Priority - continue backing our police!! Downtown businesses need help. It seems a number of them have went out of business or left.

F	65-74	3	2-5 yrs	The parking on Main str. and the development of vacant land by Main Str and CR 19.

M	18-24	4	2-5 yrs	The amount of people driving well over the speed limit in areas such as 7th Street, Crossroads, and Steeplechase. Speaking of speed limits, I think the speed limit on 17 between crossroads and 34 should be raised back up to 55 or at least 50. Because back before it was lowered to 45, you'd be lucky if anybody was going under 60. This lower speed limit can and likely will increase road rage amongst drivers, and may lead to accidents that could've easily been prevented by having a higher rate of traffic
F	25-34	4	2-5 yrs	Add better fast food (ie, chipotle and qdoba rather than Arby's and McDonald's). Add another grocery store like Trader Joe's or sprouts. Enforce speed limits better, especially in school zones. I always see people speeding in the 30 mph zone on main st as well as 7th next to the apartments (where there are children living) and on garden in the school zone. Create more housing developments for lower to middle class people! If we don't allow for low to middle class people to be able to afford to live here, we have higher unemployment in the town. Last one- would it really be so bad to have a marijuana shop here? Creates a lot of income for the city. Not the worst problem in Windsor but just a thought.
F	25-34	4	2-5 yrs	Creating infrastructure to support all the new neighborhoods, more schools, preserving fields and natural space
F	25-34	4	2-5 yrs	Expansion of the town, congestion on Main St and school safety
F	25-34	4	2-5 yrs	High gas prices, pave walkway behind Eastman dog park.
F	25-34	4	2-5 yrs	Restaurant/food options Grocery store options More trails

M	25-34	4	2-5 yrs	1. The Windsor library increasingly has transgender-promoting books featured and interspersed with other children's books. I would like to see this addressed so that parents that don't affirm these ideas don't have to avoid the library or keep a close watch on their kids when they're there. They should be in their own section rather than deliberately promoted. 2. Continue addressing increased traffic (car, bike and foot) through infrastructure investments. 3. Seek to attract new businesses and restaurants.
M	25-34	4	2-5 yrs	I think windsor needs to address traffic congestion. Main street really should be two lanes all the way from S 257 to i-25
M	25-34	4	2-5 yrs	Lowering of road speed limits for no good reason and large number of speed traps. If the police have nothing better to do than run radar all day then there are too many officers on the force
M	25-34	4	2-5 yrs	Roads/increased traffic, safety and security
M	25-34	4	2-5 yrs	Traffic, parking and expansion
F	35-44	4	2-5 yrs	1. Enacting noise/light pollution ordinances especially for industrial, commercial, and/or for-profit recreational (i.e Hoe Down Hill) facilities. 2. Worry of over expansion without forethought.
F	35-44	4	2-5 yrs	Grocery store volume Put a light/crosswalk on Eastman park drive and diamond valley so kids can cross to get to school OR finish the side walk on the north side of the road. Decrease speed limit to 35mph on 257 between main street and Eastman park drive.
F	35-44	4	2-5 yrs	Unsure
F	35-44	4	2-5 yrs	Water allotment, increased entertainment & f&b options in town to drive local economy, bike lanes
M	35-44	4	2-5 yrs	1. The fact that there is no sound ordinance for the town and Hoedown hill is allowed to pollute our town with noise and also light. This has an impact on the wildlife and my family's sleep. 2. Slow down rampant development that is no longer necessary. We do not need townhouses behind Christian brothers. 3. Develop downtown traffic solutions and increase nature area development:
M	35-44	4	2-5 yrs	Athletics and educational facilities for our public schools. Continued support abe development of downtown.
M	35-44	4	2-5 yrs	I believe that traffic is going to become a major problem in the next few years, and Windsor needs to solve this while still maintaining it's small town feel.
M	35-44	4	2-5 yrs	I would love a traffic light at W. Birch dr. And county road 15. I have had 2 near miss accidents with cars walking across the crosswalk there. At the least maybe a light up cross walk. I fear for children crossing that path.
M	35-44	4	2-5 yrs	Traffic around town is too issue bc getting from the west side to the east side of town is terrible. Growth is a problem as we have so many houses being built but not enough or any businesses. Better schools.
M	35-44	4	2-5 yrs	Walk/biking to downtown Growing the tax base
F	45-54	4	2-5 yrs	Lack of commerce, Main Street is a traffic nightmare, stop building houses
F	45-54	4	2-5 yrs	Roads

M	45-54	4	2-5 yrs	1. Modernize downtown. 2. Police pulling over the drag racers after midnight. 3. More tennis courts, Frisbee disc courses and parks.
M	45-54	4	2-5 yrs	Infrastructure Retail Groceries
M	45-54	4	2-5 yrs	More grocery stores. Less rush hour traffic jams.
M	45-54	4	2-5 yrs	Open space/river access overcrowding
F	55-64	4	2-5 yrs	Crime, downtown parking, super target, warmer water at the rec pool
F	55-64	4	2-5 yrs	Growth control, traffic through town, and bring in Whole foods and trader Joes.
F	55-64	4	2-5 yrs	I think Windsor is awesome - the things folks complain about are petty. But I would love the fire hydrant that's been out of commission for over a month right on my corner be fixed ;)
F	55-64	4	2-5 yrs	Keeping Windsor Lake from having apartments built around it. Especially between the lake and Main Street. Traffic backing up on 392/Main Street.
F	55-64	4	2-5 yrs	Parking on Main Street Keeping a small town feel
F	55-64	4	2-5 yrs	Parking on Main Street, property taxes
F	55-64	4	2-5 yrs	We need a Walmart, Home Depot, and another grocery store.
M	55-64	4	2-5 yrs	An Alternate route around downtown would be great and make the few blocks of downtown anti-traffic, or at minimum ANTI TRUCKS! But a pedestrian friendly downtown would be beautiful.
F	65-74	4	2-5 yrs	1.Overcrowding due too so many new homes, townhomes and condos 2. Lack of parking downtown on Main Street 3. Issue of good restaurants not being able to make it here
F	65-74	4	2-5 yrs	Balancing population growth and water/sewer services.
F	65-74	4	2-5 yrs	Growing to fast! Traffic
F	65-74	4	2-5 yrs	High property taxes Crime increasing Too much growth
F	65-74	4	2-5 yrs	Infrastructure, traffic management, moderating building and water needs
F	65-74	4	2-5 yrs	Parking downtown
M	65-74	4	2-5 yrs	Congestion on main St downtown. High water rates. Provided help for seniors living on a fix income. Make more part time jobs available for seniors.
M	65-74	4	2-5 yrs	Access to amenities - with grocery store being a priority. Better code enforcement - my neighborhood is looking pretty ragged.
M	65-74	4	2-5 yrs	Allowing properly controlled growth Affordable housing Climate/Environmental Issues
M	65-74	4	2-5 yrs	My only concerns for any government is fiscal responsibility
F	75+	4	2-5 yrs	Downtown has a small town feel which is unique these days. I would love to see it stay that way.

F	75+	4	2-5 yrs	It is of utmost importance that the town of Windsor declare and establish itself as a NON-SANCTUARY city. The sooner the better
F	75+	4	2-5 yrs	Land use planning! Take control of growth or we will look like Castle Rock. That is not a compliment!!! Lower the speed limit on Main coming in from West! Noise regulations !!!!!
F	75+	4	2-5 yrs	Truck route to relieve heavy traffic on Main St. The parking in restaurant area in East Windsor is almost impossible at times—don't know a solution to either problem though
F	75+	4	2-5 yrs	Will the infostructure be able to handle the population increase. Will the school system handle the growth.
M	75+	4	2-5 yrs	Downtown parking. Controlled growth.
F	25-34	5	2-5 yrs	1. Windsor needs to have better management over the roadways and the increased traffic. People speed and it makes going through Downtown Hazardous, not enjoyable. 2. The price of leaseable buildings is too high and there is no help for small businesses to attain places to set up shop. Little support is given to start-ups and women-owned compared to surrounding cities. The options are limited and monopolized by men with multiple small businesses already. 3. The city is overpopulated and builders aren't being regulated. We don't need housing, we need land preservation. Windsor can be a stand-out city if they prioritize preserving and cleaning up open and natural land.
F	25-34	5	2-5 yrs	1) Infrastructure for a growing community (roads, walkability, etc.) 2) Quality education even with growing population
F	25-34	5	2-5 yrs	Flashing crosswalks on 392
F	25-34	5	2-5 yrs	Increased growth without the infrastructure for it, Main Street congestion that shouldn't be pushed into Walnut & Elm streets, Main Street parking
F	25-34	5	2-5 yrs	Look into the negative health impacts on children from the rubber matting of the playgrounds and replace with non toxic alternative. Encourage incentives and resources for urban gardening to replace lawns. More large markets to drive small business growth like the Harvest Festival.
F	25-34	5	2-5 yrs	More restaurants & businesses downtown, keeping the Windsor lake water clean
M	25-34	5	2-5 yrs	Have a much better train system. Especially in the mornings around 8 AM. Kids trying to get to school on time and traffic around Kum and go gets very backed up and the lines are ridiculous. I see this being a problem, especially with the new traffic light. That was just put up North of that intersection by the new elementary school and subdivision. Traffic is already a nightmare through there.
M	25-34	5	2-5 yrs	Safety, sustainable growth, and parks and trails areas
M	25-34	5	2-5 yrs	Traffic
M	25-34	5	2-5 yrs	Traffic and congestion of roads with all the new developments being put in place. 392 and crossroads get pretty backed up at rush hour and only going to get worse.

F	35-44	5	2-5 yrs	1. Parking/driving on Main Street downtown 2. Diversity/the lack thereof. There is this culture of unwelcomeness directed toward anyone who wasn't born and raised in Windsor. It's disheartening to have so many grumpy/negative locals being so closed minded to others. 3. Diversity in business - don't you think we have enough car washes on Main Street?!?
F	35-44	5	2-5 yrs	A grocery store on the east side A safer way to cross 392 by bike or on foot to get to the new businesses on the south east side
F	35-44	5	2-5 yrs	Activities for kids Neurodiversity needs
F	35-44	5	2-5 yrs	Downtown parking Traffic through town
F	35-44	5	2-5 yrs	Downtown parking, Main Street traffic through town (divert semis), increase access to public transportation
F	35-44	5	2-5 yrs	Main Street traffic congestion makes travel difficult at busy times. Crosswalks are not lit well enough at night and difficult to see even during the day. (Too many people don't utilize the crosswalks and instead dart out in front of traffic.) Would love more communication from the police department regarding crime in the area such as an incident blotter. The more that people are aware of areas of crime happening the more people can be watchful to help prevent the crimes from happening.
F	35-44	5	2-5 yrs	More restaurant choices — have to go to Loveland or Fort Collins for good options. absurd speed limits through town poor street lighting in neighborhoods. can't see/doesn't feel as safe at night
F	35-44	5	2-5 yrs	The Town of Windsor needs to add more businesses and grocery stores and things for teenagers and families to do (such as an arcade, indoor mini golf, bowling, movie theater, etc.). There is not enough to do in Windsor so people leave Windsor to spend their time and money in other nearby cities (Fort Collins, Loveland, Greeley). Our grocery stores are overcrowded and we need to have grocery options on the east side of town.
F	35-44	5	2-5 yrs	Too much commuter traffic through downtown. Too much development. Providing better communication/clarity on things that the Town is working on (eg land purchases, IGAs, Water Treatment Plants)
F	35-44	5	2-5 yrs	Traffic through Main Street. Keep the Windsor Lake free from any high rise buildings.
F	35-44	5	2-5 yrs	We need a Walmart Supercenter, an Eshes, and a splash pad for kids.
M	35-44	5	2-5 yrs	1. Businesses leaving Windsor, specifically main street. 2. Idiotic development proposals. Example, new king Soopers location proposal. As well as wasting taxpayer funds to fight corrupt city officials from cashing in on their private interests. Example, the proposal to build pocket apartments off of main south of boardwalk park. 3. Police corruption
M	35-44	5	2-5 yrs	Add dirt mountain bike and running trails. I'm not sure who owns the land south of the poudre river near the waste water treatment plant, but that would be a good location with some terrain well suited for mountain biking. Add sprouts or similar grocery store.
M	35-44	5	2-5 yrs	Affordable housing, and more shops/restaurants downtown

M	35-44	5	2-5 yrs	I think weeds being removed in the alley ways is a major issue that could be fixed. And cleaning along the trail around windsor lake.
M	35-44	5	2-5 yrs	Increase the number of cops
M	35-44	5	2-5 yrs	Making sure that the needed water and sewer updates/upgrades are completed. The town seems to be spending more on nice to have vs. need to have
M	35-44	5	2-5 yrs	Parking and traffic congestion on Main St east of 7th
M	35-44	5	2-5 yrs	Possible overburdening of our town's infrastructure with the number of homes being built. Property tax rate
M	35-44	5	2-5 yrs	Traffic, roadways, and main street. Why doesn't Windsor include trash with water/sewer, I'm tired of seeing 5-6 different trash collection companies driving by my house every day.
F	45-54	5	2-5 yrs	Communication, more grocery stores, and planning for future growth
F	45-54	5	2-5 yrs	Continue to protect the natural resources.
F	45-54	5	2-5 yrs	Parking at the lake, traffic through town and five copies of everything (car washes, dentists, etc.) We need more food options and not fast food.
F	45-54	5	2-5 yrs	Parking downtown, congested thru traffic
F	45-54	5	2-5 yrs	Traffic & parking downtown.
F	45-54	5	2-5 yrs	Traffic on Main, 7th
F	45-54	5	2-5 yrs	Windsor needs more options for grocery stores! Just visited a town in WI with pop. 11,000 and that tiny town has 5 GROCERY STORES, including Wal-Mart Supercenter and Aldi. Incredible. There are many areas in Windsor where speed limits are not enforced, making it very dangerous for pedestrians trying to simply cross the street, especially on Main Street. It's really sad that small businesses struggle or simply fail altogether, yet McDonald's and Freddy's and other national chains thrive. We need to find ways to encourage support of small businesses, which would help fix the lack of options we have downtown and encourage a stronger economy in Windsor.
M	45-54	5	2-5 yrs	Grocery store on the east side. Traffic along 392.
M	45-54	5	2-5 yrs	Housing affordability. Downtown development. Traffic.
M	45-54	5	2-5 yrs	Maintain the small town feel of town and not allow it to be overrun with giant retailers.
M	45-54	5	2-5 yrs	Need more grocery stores Infrastructure with growing size
M	45-54	5	2-5 yrs	Traffic flow, with added population roads are congested.
F	55-64	5	2-5 yrs	Address increased criminal activity Add higher paying jobs for locals who live here and want to work here Stop allowing car washes to be built everywhere and bring a Sprouts grocery store to Windsor.
F	55-64	5	2-5 yrs	Crime Traffic Growth
F	55-64	5	2-5 yrs	Growing too fast without the necessary infrastructure. Traffic
F	55-64	5	2-5 yrs	Too much traffic on highway 392.

F	55-64	5	2-5 yrs	Town of Windsor doesn't care about customer service to the residents. They prefer to do what is convenient for staff. An example Is the fall clean up. They do it early in the fall before leaves have fallen to accommodate staff rather than scheduling when it would provide some benefit to property owners. They also schedule road work and give no thought to the citizens or businesses. Increased cost for city services are excessive. Inability of businesses to stay in business. How can we encourage more business for our business owners.
F	55-64	5	2-5 yrs	Traffic/parking/pedestrian safety in downtown, diversity initiatives, protection of the lake
F	55-64	5	2-5 yrs	Water bill to high . More water play areas like tubing .
M	55-64	5	2-5 yrs	Controlled growth and traffic.
M	55-64	5	2-5 yrs	Get the mayors head out of Martin Lind's ass Deal with the overpopulation and start making developers pay for needed infrastructure
M	55-64	5	2-5 yrs	Growth infrastructure
M	55-64	5	2-5 yrs	Growth, Traffic and another grocery store
M	55-64	5	2-5 yrs	Landscape improvements on the north side of Windsor Lake (i.e. trees planted by the new benches). Traffic is bad on main street and on 7th Ave, going south from main street. There are very few cultural opportunities. More recreational opportunities. With the growth of Windsor a new recenter is or will be needed to accommodate the new subdivisions.
M	55-64	5	2-5 yrs	Stop residential over development
M	55-64	5	2-5 yrs	Traffic flow and parking downtown Beautification of downtown/lake front
F	65-74	5	2-5 yrs	Metro taxes, roads and police services
F	65-74	5	2-5 yrs	Paving back lots
F	65-74	5	2-5 yrs	Traffic & traffic
F	65-74	5	2-5 yrs	Traffic through Main St. Parking. Lake development. Inappriate Downtown businesses causing stagnation.
F	65-74	5	2-5 yrs	Truck traffic thru downtown and student pickup area on main street. We also need added parking around downtown and lake area.
M	65-74	5	2-5 yrs	Establish a new yard waste site. Ensure project managers coordinate with each other to ensure adequate traffic flow. I have seen neighborhoods get completely shut in because multiple road projects close different accesses at the same time. Something should be done to make developers pay for new schools needed because of their developments. We can't continue to keep piling school bond issues on top of other school bond issues.
M	65-74	5	2-5 yrs	Preparing for the growth that is expected to occur. Make it as friendly as possible new business.
M	65-74	5	2-5 yrs	Road repair and expansion. Traffic. Speed limits adhered to. Better crime control
M	65-74	5	2-5 yrs	Urban sprawl, traffic, lack of diverse development

F	75+	5	2-5 yrs	Stop new house building and address traffic issues
F	25-34	6	2-5 yrs	Addition grocery store on the East side of town and making Ash St (and surrounds) look nicer for the trail around the lake
F	25-34	6	2-5 yrs	Flashing crosswalks closer to schools The light on main and 7th people run the red light all the time! Do a traffic survey! Traffic in this town is the worst!!!!!!
F	25-34	6	2-5 yrs	In my opinion, one of the bigger more recent issues is security and safety. It seems like there have been more thefts, break-ins, etc. Now, I haven't seen the actual numbers (so I could obviously be wrong) but as towns and places grow in population, so does the crime rate (typically). When I have kids, I want them to be able to feel that this is a nice, safe place to grow up and live. I don't want to be worried for their safety all of the time. Another thing that I think is really going to be addressed is the issue of traffic (especially downtown). There are so many news residences and schools going in and I worry about the congestion. I know that there have been a few improvement projects on the roads to try to lessen the impact for drivers, but as the town grows, I think this will continue to be a real issue.
F	25-34	6	2-5 yrs	Lack of restaurant diversity Need for another grocery store on east side of town
F	25-34	6	2-5 yrs	The addition of a new grocery store (Whole Foods, Sprouts, Walmart, King Soopers). Our current King Soopers does not sustain the amount of people we have living here in a productive manner. They are often out of what we need and when we have to go over to Safeway, the prices are double what King Soopers is. The addition of another gym (Genisis would be cool) Another sit down restaurant to have dinner out. Having to go into Fort Collins or Centera takes money away from the town. We need to be able to keep up with the growing numbers that we are building all of these crazy amount of houses for or STOP BUILDING
F	25-34	6	2-5 yrs	The city is not made accessible for all. Many projects don't seem to incorporate or consider those with disabilities.
M	25-34	6	2-5 yrs	I think the town of Windsor should encourage the opening of new restaurants over the new 2-3 years. There are a large amount of new residents in Windsor with Raindance and other new communities and I don't believe there are enough services in place for the growing community. This may come with time (and growth).
M	25-34	6	2-5 yrs	Impacts of Road Closures and Construction affecting critical roadways. Perhaps phases or intervals of duration, or larger dedicated crews to fewer projects would reduce the congestion of travel in summer months
M	25-34	6	2-5 yrs	Parking Traffic Less housing developments
F	35-44	6	2-5 yrs	.
F	35-44	6	2-5 yrs	Bring more restaurants and eateries. Parking near Windsor Mill Tavern is very annoying.
F	35-44	6	2-5 yrs	Natural gas setbacks, encourage new restaurants and grocers
F	35-44	6	2-5 yrs	Parking on Main Street

M	35-44	6	2-5 yrs	1. Education — ensure we have teachers who are well paid, high quality food in schools, and better support services for all students. 2. Recreation and Environment — ensure we continue to create and take care of natural areas for residents to enjoy, but also be sure to protect those areas from over-development, fracking, and other pollution.
M	35-44	6	2-5 yrs	Intentional growth that controls for natural resources (e.g., water, preserved natural areas — not encroached on by things like golf courses), traffic flow/safety, education, and values pluralism and DEI/J
M	35-44	6	2-5 yrs	Property taxes are way to high. Fixing should be cut from Aims Community college, police and schools. The schools do not serve the community well. School choice vouchers should be made available. The Poudre Tech Metro District has betrayed the public trust by catering to the Water Valley Companies. Funding for the new reservoir should be the responsibility of the developer, not the metro district. Investigations should be launched for fraud, bad faith and conflicts of interest.
M	35-44	6	2-5 yrs	Safety and traffic related to population growth. Street lighting
M	35-44	6	2-5 yrs	The biggest thing is making sure we correctly balance the city and its infrastructure with all of the growth. Are our roads being expanded/taken care of appropriately/etc.
M	35-44	6	2-5 yrs	Traffic is challenging, it is tough to get across town due to the single lane traffic going down 7th and main. The bypass routes like Cr13 are faster, but those will quickly become over crowded as well. Living on the south east side of Windsor, it is challenging to go grocery shopping. This is probably one of my biggest complaints, it takes me 15 minutes to get to the grocery store in good traffic. I have a feeling that when Greeley starts building out at CR17, most in this neighborhood will choose to shop in Greeley instead of Windsor.
F	45-54	6	2-5 yrs	Main Street traffic for HS and HS traffic leaving the school. There should be a round about or stop light to help kids leaving school. 2nd- more non chain (fast food and car wash) businesses on main.
F	45-54	6	2-5 yrs	The roads are bad and tons of housing is being built along the crossroads corridor. The road is especially terrible by Walmart warehouse. Is road widening planned to accommodate the extra traffic from the new neighborhoods?
M	45-54	6	2-5 yrs	Public spaces, speed limit enforcement, routes across town
F	55-64	6	2-5 yrs	Growth; traffic on Main Street; a larger grocery store
F	55-64	6	2-5 yrs	Maintaining the development and funding of our downtown.
F	55-64	6	2-5 yrs	Parking, traffic, urban sprawl
F	55-64	6	2-5 yrs	The East side of town is growing and we need more restaurants, shops and especially a grocery store!
F	55-64	6	2-5 yrs	Traffic flow, work with state to create an additional east-west corridor to take trucks off of Main Street, cleaning up all the landscape on Main Street our to I25.
M	55-64	6	2-5 yrs	Traffic Need a Natural Gocers
F	65-74	6	2-5 yrs	Address south. We need stores restaurants Lots of food and gas stations. Nothing anyone really needs

F	65-74	6	2-5 yrs	As a resident for only a couple of years I must say I'm impressed with how clean, considerate, handy and organized the community and all its activities are. Kudus! Can't say that about many towns. That said there are a few eyesore properties with multiple RVs and just plain junk all over front yards that certainly detract and obviously impact property values nearby. Perhaps ordinances that would address those would be appropriate. 2nd Main St could be an even more desirable place to shop and dine if parking was better. Not only are there few parking places but they are very difficult and hazardous getting out of with the traffic. Perhaps a study on how to improve the parking and add a low structure parking garage in the open space behind would be timely as the area grows and become more viable. 3rd proposed roundabouts on 7th street would make navigation so much easier!
F	65-74	6	2-5 yrs	Growing to fast for our streets! Traffic is ridiculous! New houses are going to further, wreak havoc!
F	65-74	6	2-5 yrs	Growth, seniors and grocery stores
F	65-74	6	2-5 yrs	Traffic Parking Add Sprouts, Trader Joe's or Whole Foods grocery store in southeast Windsor
F	65-74	6	2-5 yrs	Traffic, especially downtown. The survival of small, independently owned businesses. Water conservation.
M	65-74	6	2-5 yrs	1. Traffic on Main Street during peak times especially, 2. Drawing more relevant retail businesses (ie, Greune, TX and Morrisville, NC) to establish Downtown as a long-term cultural destination for NoCo, 3. Invest in a long term architectural plan with tax incentives to offset the cost of tying in updates to the exterior and interior for business owners and landlords that see the vision and support "the plan". Overall, there are not enough people with authority in the economic development of Windsor's downtown that seem to genuinely realize and are committed to make Windsor's Main Street a gem of NoCo.
M	65-74	6	2-5 yrs	1Addressing growth in a strategic way, making sure roads and services can handle growth 2-Ensuring there is water for growth 3-Bringing big box hardware to Windsor and a grocery store in south side of Windsor
M	65-74	6	2-5 yrs	Controlling growth and community services
M	65-74	6	2-5 yrs	No more housing, help the downtown area and reduce taxes
M	65-74	6	2-5 yrs	Traffic in main st New grocery store on south side of town
M	65-74	6	2-5 yrs	Traffic on Main St

M	75+	6	2-5 yrs	Using the Poudre River for recreational activities sounds good but if anyone in the development stage would have actually used the river would or should have changes the city views on using the river. The Poudre is very polluted, flows fluctuate too much, and has limited access points.
M	75+	6	2-5 yrs	Water Traffic
F	18-24	U	2-5 yrs	Since Windsor is growing so much, I think that our priority should be in creating and maintaining excellent school systems, and making sure the community buys into the engagement with these new schools
F	25-34	U	2-5 yrs	Another grocery store. More restaurants and retail
F	25-34	U	2-5 yrs	Diversity and culture awareness Affordable Housing Clean Energy
F	25-34	U	2-5 yrs	I believe the Town of Windsor can prioritize expanding their restaurant industry and offer more options to their community members.
F	25-34	U	2-5 yrs	Too rapid of growth. Apartments being planned that would draw the wrong variety of people to our neighborhoods. (By the overhead bridge on 7th) Safety concerns with such a rapid rise in population growth.
M	25-34	U	2-5 yrs	The awful destruction of natural habitat that is going on across from pelican shores. I understand you are prioritizing "parking" but there were SO many beautiful native plants, flowers, and PRARIE DOGS that lived in that space, and you have torn it all up to put in parking- that is ALREADY available! There are other places to put it than tearing up the low floodland by the river to make a concrete wasteland that is going to FLOOD CONSTANTLY
F	35-44	U	2-5 yrs	Infrastructure, over population
F	35-44	U	2-5 yrs	Over crowded schools. The two being built will still not support the amount of students we have. Over building. Our town needs community parks, not apartment buildings.
F	35-44	U	2-5 yrs	Property taxes, water bill/cost, cost of living
F	35-44	U	2-5 yrs	The amount of homes being built. It needs to stop! You aren't building enough resources for the community and just allowing more people in. Making schools overcrowded (No the new ones being built aren't enough. Not with all the new housing the town is building.) overcrowding is going to be a problem. Nowhere to shop but small mom and pop shops. I want to buy flip flops without having to overpay because I can only get them from Walgreens or drive 25 minutes to get them. If you want people to spend here then provide a place to spend!
F	35-44	U	2-5 yrs	The major need for focus on infrastructure due to growth. Like schools, rec centers, town activities, grocery stores, etc. They need to figure out how to get Main Street more active and alive. Figure out how to keep restaurants there and people coming in for lunch and the dinner and evening hours. Encourage and incentivize people to come here and work here. Make sure the teachers are paid more than those around us and give them what they need to succeed. Get full time pera's in all kindergarten and 1st grade classrooms. Get rid of the bad teachers and leaders and bring in people that want to be there.
F	35-44	U	2-5 yrs	Too many new builds and infrastructure not able to keep up

M	55-64	U	2-5 yrs	Slow down the growth. Stop trying to develop downtown there no parking the way it is! Crime.
M	55-64	U	2-5 yrs	The parking on Main Street would be safer if it was parallel parking. The school zone speed should be 15 miles during schools hours.
F	65-74	U	2-5 yrs	Another rec center in north Windsor with pool tennis courts and small gym indoor for all the north part of Windsor to partake in. Also like to see a large market in North Windsor. Better walking trails in North Windsor
F	65-74	U	2-5 yrs	Main Street-return it to a small town street not a major thorough fare. Another grocery store, updated, feels like a worn out 70's store (KS and Safeway) Parking along Main Street -see number one and the problem would be somewhat solved.

M	55-64	1	20+ yrs	Improvements are too focus on downtown and need to incorporate the edges of town where growth is occurring – in particular, the west side of Windsor.
M	55-64	1	20+ yrs	With the continued growth, there will be an ever increasing demand on services; water, sewer, traffic, etc. Adhere to the Master Plan. All of that planning should be for a reason.
F	65-74	1	20+ yrs	Lack of decent restaurants. We don't need another Mexican one. The pavement by McDonalds, Wells Fargo etc has been atrocious for years. With more/better restaurants, a parking garage would be helpful. The old mill area has inadequate and dangerous parking.
F	65-74	1	20+ yrs	Roads, attracting big box stores,
F	65-74	1	20+ yrs	Traffic Better grocery stores
M	65-74	1	20+ yrs	Downtown Parking, BIG TIME and concern. Should put parking structure behind the stores on the North side of Main or a structure parking to the east of Ash Street (which is gravel) Keeping in mind, to not hinder delivery to the stores...AKA the Apartments complex that was consider, that was voted down.

F	45-54	2	20+ yrs	Traffic (particularly heavy industrial/oil field/semi-truck traffic through Main Street and CR 13) as well as New Liberty through Raindance, infrastructure, limiting future residential over development.
F	45-54	2	20+ yrs	Water conservation Traffic and congestion Affordable housing
M	45-54	2	20+ yrs	1. Congestion on roads with all the development and no effective infrastructure planning. 2. If there are improvements - notification before roads are shut down to 1 lane during school hours and causing significant delays. 3. Downtown plan/ congestion/ parking
M	45-54	2	20+ yrs	1. Preserving open space and parks while there is still time. 2. Traffic on 392. Maybe we need a bypass or something? 3. Controlling growth. Let's make sure developers build responsibility, and that infrastructure is properly built.
M	45-54	2	20+ yrs	Growth, traffic congestion, and maintain the best parks, trails, and open space.
M	45-54	2	20+ yrs	Growth... make it pay for itself. Public Safety... support the Police. Parks, Trails, and Open Space... it makes Windsor special, keep good going.
M	45-54	2	20+ yrs	Slow Growth by acquiring Open Space and making growth pay for itself. Address traffic and congestion.
F	55-64	2	20+ yrs	1. Recent boom in population due to Raindance has overwhelmed the capacity of our grocery stores. Stores over crowded. Items sold out or shelves empty. Lines are long and I never find everything I need. Parking lots full. I frequently make the drive to the Greeley King Soopers just to be sure I can find what I need. 2. No where in town to buy essential items, pharmacies overwhelmed with long lines. I shop in Loveland or Ft Collins to buy toiletries, underwear, bathroom/kitchen items, cleaning supplies etc. we need a Target or Walmart type store. Bottom line as a Windsor resident I should not have to leave my community to buy basic items such as food, toiletries, household supplies and medications. I would like to spend my \$\$ in my community and support its tax base but can't due to lack of Windsor resources. Traffic is horrendous on Main Street, Colorado Blvd, 7th street leading to daily accidents. People making a left frequently run the red light. It is now common place to expect multiple left turns to occur in front of me even though my light has turned green. Parking downtown sucks. I avoid shopping or dining downtown due to lack of parking. Once again spending my money in other towns.
F	55-64	2	20+ yrs	Controlled growth, traffic management ie cty rd 13 and main street, protect open space
F	55-64	2	20+ yrs	Growth, Housing, Crime
F	55-64	2	20+ yrs	Road infrastructure, slow down residential growth, revitalize downtown
F	55-64	2	20+ yrs	The parking lot of Anytime Fitness.Also behind it.
F	55-64	2	20+ yrs	We live in Steeplechase, the Raindance development and the hundreds of apartments placed at the east and west end of our neighborhood has ruined our lifestyle; traffic, noise, getting out of our neighborhood, walks, crowds at the rec center, pools, restaurants and grocery stores. We loved Windsor, now we hate it and are looking for another place to live after 20 years here.

Planning and zoning dept approving too many high density neighborhoods with cheap construction, high traffic flow onto already inadequate feeder streets and non existent amenities in these neighborhoods. Developers are allowed to just keep building these copy cat neighborhoods. 3. Roads currently cannot, and will not be able to handle future traffic loads with current building rates. Other ideas are expanding areas golf cart type of vehicles could be used. 2. As a 20 year resident of Windsor, I've always felt the town spends money for Martin Lind's ventures such as the monstrosity installed to connect Water Valley to Raindance. That bridge doesn't benefit the town as a whole, just residents of his developments. Should have been 100% funded by his corporation and maybe have someone who considers good taste in its design.

F	55-64	4	20+ yrs	The traffic is a mess. The growth of housing is too much. We need to bring in a big store (not grocery) so people won't have to leave town for basic needs. That will bring in more tax revenue compared to housing. Better lower cost restaurants but not fast food or Mexican. (We have enough of those).

Adding Businesses to increase tax dollars - Years ago Walmart wanted to move into Windsor and people voted it out! Did they not think of the future and what it meant for the growth of our community. Businesses tax dollars are what we need to grow! We need restaurants to keep our tax dollars in our town so people are not driving and leaving taking there money somewhere else, this to will help the tax dollars grow our town rather than having them leave.

Once again I am going to say it embarrassing. I am sure this is falling on deaf ears but you asked me so there you go.
M	65-74	4	20+ yrs	Local police accessibility- calls to the Windsor PD now are routed through a couple supporting organizations before reaching Windsor PD.
M	65-74	4	20+ yrs	More commercial to provide additional services, ie. Grocery, gas, retail restaurants, and increase commercial tax base. Depending on residential growth only increases needs for services such as schools, fire, utilities without tax base to support increase in services required. This leads to those entities going to voters over and over to generate revenue. Combine that with increasing property taxes and it becomes unsustainable. Also need to address roads in and out of Windsor. More lanes to increase traffic flow. Do something about Walnut and 7th Street intersection. It is a mess with backups as currently designed.

We have few if any businesses that can provide; women and men's clothing, electronics, and shoes which forces residents to shop out of town. While we're shopping we might as well get other items we need even if they can be purchased in Windsor. We have much more vehicular traffic than bikes. I do not think we need to provide more bike lanes or close off intersections to vehicles for cyclists. From my experience most cyclists drive where they want; on streets, sidewalks or across yards and pay little attention to traffic laws like stopping for traffic signs and using signals.

				responsibility of our HOA from hell and the HOA SAYS it's the city responsibility. I have been taking care of it for 23 years. Last year it was untouched, my health prohibited me from tending to it and my mower deck was damaged. My neighbors can certify this is true. Help! Martin Lind was the last person to tell the city was responsible. The lot west of our home has been uncared for 23 years. My weeds are seeded from that lot. My business was adversely affected with events of the pandemic, we lost our key associate, my partner, my daughter was diagnosed with a debilitating disease. We are recovering but the worst issue is a arrogant group who never speak to me but drive by scourging for something to fulfill their ego. We hoped this would be our final home but at age 77 I regret being the first home here with the mud, loss of top soil, being charged for prairie dogs. the acidic stench of oil wells within 300 yards, getting a letter to expect a \$3800 check from the drilling under our property that never arrived, a tornado the demolished our business location on 220 Main St. damaged our home, fish falling from the sky, flys from horses across the street, having been assured by the city no building roofs could be built on the West horizon then months of giant trucks hauling dirt nite and day to raise the hill so high our beautiful horizons and sunsets disappeared, the new fire department notification was listed as being on the lot where Chapman farm exists and we thought it was fine. It ends up taking away more view of southern vista. The radio antenna northwest of our home was to be w removed 6 months after the house at 1264 was built. The tower still stands and interferes with our radio reception. I want you to know we have adapted to all of this. We love Windsor. The City Department folks are wonderfully greeters and efficient. We love the recreation areas that we enjoy watching our grandchildren participate. We understand the decision to keep big box stores out to protect local Businesses. The water is great. We have brought 3 of our Children's family's who bought homes here. We are proud to live in Windsor. However, I have not recommend they move into Water Valley itself. I hoped to stay here to my last days. My neighbors are great. They have never complained to me. They demand more from me than I have ability to fulfill. They use Denver Lawyer's to browbeat you and I never got use to ignorance. In my executive career, I worked with at least 10000 associates and millions of customers. One of my early mentors told me to greet everyone you meet with love in your heart. As he he strolled to a large wall and with a sharpened pencil said with all the molecules in this wall this pencil Dot represents the people you can't please. Don't ever let them get you down. I hadn't put it in those words, but I'd learned that from my parents, in my church, from coach's, scouts. US Army and 5 years graduate University.. In all my life the worst 3 customers I dealt with were caught on camera committing crimes over \$500 then belittling female employee to tears. We didn't arrest them but we escorted them out the door. F	25-34	5	20+ yrs	The biggest issue is traffic flow and the trains. I run a small preschool on main street and the trains literally stop traffic twice a day preventing families to drop off or pick up on time or safely. We have not been able to address the traffic flow issue from west and East Windsor and our population surplus has skyrocketed creating more of an issue daily. We have plenty of businesses in the downtown area that do not generate revenue for a lively downtown environment creating a massive loss in life experience for families shoppers consumers and people just looking to get out of the house. Real estate offices, title companies, etc, should be encouraged to relocate to a side street so downtown can have opportunities to actually be a. Inviting downtown. Restaurants and shops have failed because there is nothing to do on the downtown strip because all of the possible restaurant and retail space is occupied by companies that are only open 8-5 Monday through Friday and don't need walk in traffic to thrive. It doesn't make any sense.

M	65-74	5	20+ yrs	First, cost of water. It seems the town has turned water into a major revenue source, like an undeclared tax. Our water bills seem much higher than surrounding areas. Second, I was very offended by the mayor and chamber efforts to bully the library to sell their land for a grocery store. It was a bad idea, but most importantly, please stop using public \$ for private development. Third, please cut costs and lower prop. taxes. For example, I've never used the Rec Ctr, never will, but had to pay taxes for it. Now we're paying for a new police station, just a few years after building a prior police station. M	75+	5	20+ yrs	Traffic-especially Main St.; expansion of downtown away from Main St.; preservation of open spaces
M	25-34	6	20+ yrs	The incompetency of Windsors officials. Especially the fire department pushing my company out of Windsor

M	35-44	6	20+ yrs	Downtown parking, grocery store on the east side of town, main street traffic
F	45-54	6	20+ yrs	1. Proactive and responsible growth plan to protect small town community and resources. 2. Limit taxation, especially without representation (Disband the Clearview library board and restructure). 2. Need for natural grocery store on southeast side of town

F	45-54	6	20+ yrs	Growth and traffic
F	45-54	6	20+ yrs	Growth impacting schools, roads, services.
F	45-54	6	20+ yrs	Growth, climate change
F	45-54	6	20+ yrs	I think traffic is the top issue. The first issue is 2 lanes need to be extended out on 392 to I-25. A turn lane needs to be put in on 257 going south so people can turn left on County Rd 72. A new road going from Severance through Windsor needs to be made to help with congestion.
F	45-54	6	20+ yrs	Traffic on Main Street
F	45-54	6	20+ yrs	Truck & school traffic on main street, Grocery store on east side of town
F	45-54	6	20+ yrs	We need to reroute traffic around the town and not down Main Street. I know we can't widen Main Street so a suggestion would be to build a bypass around the city. Otherwise, I think you are doing a great job. And thank you for your efforts to revamp the downtown. I know you have put a lot of effort into it. Keep trying, it will all come together.
M	45-54	6	20+ yrs	Developing the downtown are more. It has a great start but could use more.
M	45-54	6	20+ yrs	Growth of infrastructure to keep up with population growth, traffic on 7th & Main Street, more recreation facilities - sports fields, gym space, workout facilities etc
M	45-54	6	20+ yrs	Have another grocery store on the east side of town. Getting highway traffic off of main street.
M	45-54	6	20+ yrs	Public safety - support our police department and victims rights aka Justice Smart Growth - developers should pay their fair share or build somewhere else. When in doubt, keep Windsor small.
M	45-54	6	20+ yrs	Too much growth, not enough infrastructure like schools and traffic. Schools are sub par. Police act like nazis instead of peace officers

F	55-64	6	20+ yrs	Water shortages, infrastructure issues, safety issues.
F	55-64	6	20+ yrs	We've been seeing a huge problem of late in retaining our nicer sit-down restaurants. In the past year, we have lost 408 Exchange, Betta Gumbo, Howlers and Growlers, and now Cacciatore's and the Mill Tavern. This is horrible! Why are these restaurants unable to make a go of it here in Windsor? I think another issue we are seeing is the lack of affordable housing for our adult children who are trying to buy a house or even find something affordable to rent in Windsor. They are having to seek housing in other communities much further away.
M	55-64	6	20+ yrs	1. Traffic, traffic, traffic! Getting in and out of Windsor to travel anywhere is awful. 2. Over development/sprawl with little perceived ownership of anyone to create necessary infrastructure. 3. Recent influx of MAGA politicians moving to our community.

M	45-54	U	20+ yrs	1. Limited and Responsible growth. 2. No more eyesore projects like Hoe Down hill. How much water does that thing use??
M	45-54	U	20+ yrs	Traffic congestion. No big box retailers for tax revenue, but that leads to more traffic congestion.
F	55-64	U	20+ yrs	Too much growth too fast. The businesses on Main Street need the parking space behind their store to continue. The town is growing too fast especially with land developers. The streets are extra crowded due to so much development. The lake is a beautiful place to visit. I'm totally against buildings that are more than two stories high in the area that would block the lake. Population here is growing too fast to keep up with street congestion and extra schools. It all comes down to more money for big developers in my opinion. I know it helps for workers in construction who need to make a living. I think it's going too far.
F	55-64	U	20+ yrs	Slow down building. Traffic
F	55-64	U	20+ yrs	Traffic congestion issues. Being way over taxed on property taxes.

F	55-64	U	20+ yrs	Traffic on all streets -especially 7th Street going north/south, The need for a grocery store off Eastman /257, Routing semis a different way not through downtown too much traffic all the time
F	55-64	U	20+ yrs	TRAFFIC on Main Street and large commercial trucks using downtown Main Street. These commercial vehicles should be on highway roads not a two lane road with pedestrian traffic.
F	55-64	U	20+ yrs	Water and sewer, Growth and infrastructure, and traffic
M	55-64	U	20+ yrs	If the town of severance. wants to have there own police department and fire department and Library and all the new school's there building we should not pay property taxes for them. And spending all this stupid money on pickle ball. We should be spending money on our kid's and put walking bridge from the high school over main street. How dumb are you guys
M	55-64	U	20+ yrs	Lack of unique restaurants/too many chains. Lack of charm downtown. Too many banks, car washes.

"Please describe the top two or three issues, priorities or problems that you think the Town of Windsor should address in the next 2-3 years."

Sex	Age Range	Dist	Tenure	Response
F	45-54	1	6-10 yrs	With the influx of new residents, I think there needs to be another grocery store in town to meet increased demand and I think the police department will need to adopt a 24 hour/7 days a week schedule if they haven't already.
M	45-54	1	6-10 yrs	Highland meadows speeding! Protecting students from Windsor who go to Bamford Elementary. County road 5 speeding. Bigger rec center. Better trained police. More active MPH digital radar speed sign.
M	45-54	1	6-10 yrs	Infrastructure and Traffic Management: As the population grows, so does the strain on roads, utilities, and public transportation systems. Windsor needs to prioritize upgrading its infrastructure to accommodate this growth. This includes expanding roadways to reduce traffic congestion, enhancing public transportation options to reduce reliance on personal vehicles, and upgrading water, sewage, and power systems to meet increased demand. Investing in smart city technologies could also improve traffic flow and utilities management. Affordable Housing: With growth often comes increased housing prices, making it difficult for all residents to afford living in Windsor. The town should focus on developing strategies to increase the availability of affordable housing. This could involve incentives for developers to include affordable units in new projects, using town-owned land for affordable housing developments, and revising zoning laws to allow for a greater diversity of housing types. Environmental Sustainability and Open Space Preservation: As development accelerates, maintaining Windsor's natural beauty and ensuring environmental sustainability should be a priority. This includes protecting open spaces, parks, and natural habitats from overdevelopment. The town should also implement green building standards and encourage sustainable practices among residents and businesses. Efforts to enhance the town's resilience to climate change impacts, such as flooding and extreme weather events, are also important.
M	45-54	1	6-10 yrs	Too many apartments being built. Speed limit in neighborhoods (30) is too high. Getting crowded.
F	55-64	1	6-10 yrs	Adding a roundabout on Colorado Blvd at Pear Blossom. Raindance has added a tremendous amount of traffic making left turns difficult and dangerous. One person has already died at Cherry Blossom and Colorado BLVD. open up Kyger reservoir for kayaking and paddle boarding.
F	55-64	1	6-10 yrs	Stricter laws against homeless people living on our streets, panhandling and potential home invading (squatting)! Pass laws now!
M	55-64	1	6-10 yrs	1) Traffic flows. Both semi/autos & pedestrian. Main Street has become an area to avoid. Colorado Blvd is dangerous for pedestrians to ride bikes, walk/jog, etc., as there is no sidewalks from bottom of hill to latest development. More dangerous/difficult to turn onto Colorado Blvd from Ridge West, Bison Ridge & High Point developments. 2) Developments need to slow down to allow overall infrastructure, community services and local businesses adjust to rapid growth of last decade. Perhaps Boulder's Zero growth plan (and similar communities) ought to be reviewed and implemented in Windsor.
M	55-64	1	6-10 yrs	Keep property taxes flat, utilize surge in private property tax collections to improve services, draw in new business without bribing them at tax payer expense.

M	55-64	1	6-10 yrs	Limit growth, manage traffic, enforce property maintenance issues and beautify streets/pickup litter
M	55-64	1	6-10 yrs	Over population, people begging outside of commercial buildings and the complete disregard for leash laws and cleaning up after pets
M	55-64	1	6-10 yrs	Traffic on main and grocery store
F	65-74	1	6-10 yrs	1. High tax impact on elderly and retired citizens on a fixed income. 2. Traffic enforcement around Highland Meadows, especially when there's an event at Blue Arena, with vehicles taking shortcuts through residential streets at a high speed to get around traffic on Fairground Road. 3. Complete Highway widening of 4 lanes on Hwy 392 between S County Rd 3 and Colorado Blvd. It is a traffic choke point.
F	65-74	1	6-10 yrs	1. More control on home builders to preserve more open space. 2. Better planning on land to avoid tall buildings that interfere with aesthetics and beauty. 3. Don't approve other light industrial or commercial buildings near neighborhoods which are unpleasant in appearance like Power to Play on Crooked Stick Dr.
F	65-74	1	6-10 yrs	Continue school choice, support local businesses -not make it harder for them
F	65-74	1	6-10 yrs	Downtown traffic. Lack of retail, especially a grocery store in the northwest area of town (Harmony corridor). Also more parks, trails and green space in the northwest area as well.
F	65-74	1	6-10 yrs	I avoid going Downtown because of the diagonal parking . It is almost impossible to see to back out. I would love to see a pedestrian section and have traffic rerouted. Shopping options are terrible. I know we are supposed to get a new Kings, but the current area is quite a distance from Highland Meadows. We need something on our end of town or at least in Raindance area. So parking and shopping are my two main concerns.
F	65-74	1	6-10 yrs	Over growth, traffic, grocery stores
F	65-74	1	6-10 yrs	Traffic, parking, grocery stores

M	75+	1	6-10 yrs	We need a grocery store near the Higiiland Meadows area.
F	18-24	2	6-10 yrs	Trash along side the roads. Specifically the road to Eastman on county road 17. Also, adding wider and more accessible sidewalks from Eastman to downtown Windsor.
F	35-44	2	6-10 yrs	1. Infrastructure. Particularly downtown roadways. 2. Need for more schools and buses 3. Public library and rec center expansion/better offerings.

F	35-44	2	6-10 yrs	An additional grocery store. Additional fields for sports.
F	35-44	2	6-10 yrs	Encourage pedestrian and bicycle travel by reducing the vehicle speed limit throughout the town limits which will ultimately create a safer environment for our diversely aged community. I would also love to see the town purchase the land bordering the city limits and creating bigger welcome to Windsor signage/ ranch gate to create a sense of our own community. Drop the speed limit, not only throughout the city, but especially main Street. Like 15 or 20 mph. That will give people time to cross or back out without needing to stop traffic.
F	35-44	2	6-10 yrs	Growth outpacing what schools/infrastructure can support. Accommodating growth while maintaining the small town feel long time residents love.
F	35-44	2	6-10 yrs	Security, home break ins, car thefts
F	35-44	2	6-10 yrs	The massive growth. We need to catch up! Schools, roads, grocery stores etc
F	35-44	2	6-10 yrs	The number 1 issue in Windsor is that we continue to build SO many homes but not enough infrastructure to support all of these new residents! Our town doesn't have much to offer aside from just homes. Residents are increasingly doing all of their shopping, grocery and otherwise, outside of Windsor. Windsor has only ever had 1 drive thru pharmacy (Walgreens) for decades while the population has exploded in that time. We don't seem to approve useful businesses but rather we bow down to home builders and then add a new car wash in town and call it good. Please stop building so many homes without the grocery stores, pharmacies, and restaurants to support a happy lifestyle in this town.
F	35-44	2	6-10 yrs	Trash service prices and internet prices are through the roof and unaffordable. Parking in down town is a pain so I don't support those businesses as much as I'd like. There are too many roundabouts. We need more grocery stores
M	35-44	2	6-10 yrs	1. Transportation infrastructure - Ensuring our roads can support the mass influx of people and neighborhoods being built in Windsor. 2. Opening a new grocery store in town.
M	35-44	2	6-10 yrs	Affordable housing, lack of good grocery options and too much traffic
M	35-44	2	6-10 yrs	Not enough infrastructure to accommodate the homes being built

M	35-44	2	6-10 yrs	Tax cuts. Requiring developers to pay for and complete infrastructure improvements BEFORE putting in their developments
M	35-44	2	6-10 yrs	Too much traffic on crossroads, and 13
M	35-44	2	6-10 yrs	Traffic is getting really bad. We need another grocery store. Need more variety of restaurants

F	45-54	2	6-10 yrs	Allowing housing plans to be changed one approved by the city and even after public comment. Raindance subdivision doesn't look anything like what was proposed and the barrack-type apartment buildings go no regard to aesthetics. We have a beautiful community and multi million dollar homes overlook these apartments and devalue your citizens investments. This makes Windsor look disorganized and beholden to wealthy contractors
F	45-54	2	6-10 yrs	Grocery store
F	45-54	2	6-10 yrs	Manage growth and parking in downtown area, maintain the small town feel while growing responsibly, bring more grocery options (Sprouts, Natural Grocers, Trader Joe's). Maintain open spaces and trails, don't over-develop!
F	45-54	2	6-10 yrs	Need a new grocery store on the south side of Windsor. More lights or roundabouts on County Rd 13 between 396 and Crossroads
F	45-54	2	6-10 yrs	Too much growth, too many permits issued, losing perspective of WHY people live here.
F	45-54	2	6-10 yrs	Underage drinking & drugs, teacher pay & safety, house prices
M	45-54	2	6-10 yrs	Fix Traffic on 13 from Raindance additions, enhancing downtown, attracting more business.
M	45-54	2	6-10 yrs	Fully connected biking/pedestrian trails connecting to all Windsor neighborhoods including those already established in Larimer County.
M	45-54	2	6-10 yrs	Growth has been off the charts, but it has all been residential growth. Can we focus on the rest of our needs like another grocery store, restaurants, retail, library, parks, sports, roads, and utilities? We have plenty of houses/apartments. Seriously, where do all these people work? My priorities are: (1) grocery store, (2) restaurants (not chain fast food), (3) adult leisure activities, and (4) road repairs.
M	45-54	2	6-10 yrs	Need another grocery store in the SW area. Need more quality restaurants like Bonefish and Biaggis. Need to expand roads like 392 to the freeway, Crossroads to the East from Walmart to past Raindance, and Colorado Blvd between them. Also what about schools for all the kiddos moving in?
M	45-54	2	6-10 yrs	Overly rapid growth, lack of community connection events
M	45-54	2	6-10 yrs	Traffic on Main Street, Revitalizing downtown businesses, opening other reservoirs for paddle boarding and kayaks.
F	55-64	2	6-10 yrs	1.Traffic on Main Street/ 392 2.Lack of restaurants open for lunch during the week 3.Parking downtown during events
F	55-64	2	6-10 yrs	Crime is first & foremost. With our community growing so fast it's probably inevitable but how is the city combatting it?
F	55-64	2	6-10 yrs	Over crowded schools. To fast of growth- we lost our small town feel. We don't need to be all things to all people
F	55-64	2	6-10 yrs	Quick growth Main St traffic

F	55-64	2	6-10 yrs	Strategic growth not what developers want but what the citizens of Windsor want. Keep the original downtown Windsor original as you can. Quaint restaurants and shopping not apartments. Traffic infrastructure to handle the strategic growth. Roads and bridges! Crime and code enforcement don't have codes like dogs on leash if you don't have capacity to monitor and enforce. Support our men and women in blue. Fund them!!
F	55-64	2	6-10 yrs	The truck traffic on Main Street is problematic m. Is there a way to not have these vehicles going through the downtown area?
F	55-64	2	6-10 yrs	Too much growth. Roads Noise
M	55-64	2	6-10 yrs	Controlled growth
M	55-64	2	6-10 yrs	Manage growth while keeping the small town feel to downtown. Move railroad out from east/south side of town. Now travels through residential areas and should be relocated.
M	55-64	2	6-10 yrs	Secure adequate water supply prior to allowing growth, crime, keep DEI out of governmental decisions/processes.
M	55-64	2	6-10 yrs	Taxes
M	55-64	2	6-10 yrs	To keep people in town need bigger retailers.
M	55-64	2	6-10 yrs	Traffic through downtown, snow removal
M	55-64	2	6-10 yrs	We do not need another bank, coffee shop, tire shop etc. 1) Please improve the roads to handle all of the housing that has been approved (should CR13 really be a 2 lane road, why haven't we addressed the 2 lane bridge on 392 to the East of Ptarmigan, how many more traffic circles will be installed rather than a proper traffic light?) 2) Please figure out how to pull on a grocery store on the east side of town. The significant increase in housing is not supported by current infrastructure.
M	55-64	2	6-10 yrs	Windsor Recreational Center changed its childcare from two (2) hours to 1.5 hours per visit per day. This is unsatisfactory. It restricts patrons to fully participate in active activities AND take a shower afterwards. A typical workout can take approximately 1.5 hours and a shower and change of clothing can take about 30 minutes. How about those with long, thick and healthy hair? Hair maintenance will take more time for conditioning, shampooing, washing and drying. Otherwise, there is no justification for such a large shower facility. This change recently occurred, and it is hopeful that it will revert back to two (2) hours, at a minimum, for childcare in the Windsor Recreational Center. Childcare in the Windsor Recreation Center is a supply and demand issue. When demand is high or low, staff it accordingly. Raising childcare fee is appropriate to meet this challenge.

F	65-74	2	6-10 yrs	1. Do NOT let far right-wing conservatives run the show in schools, doing such things as banning books and rewriting history to downplay the effects of white supremacy through American history. Celebrate diversity. It built this country. 2. Don't allow big store commercial entities to establish themselves in Windsor. It will ruin the small community ambience that people appreciate here. Take a lesson from the city of Claremont in Southern California: promote small business and don't allow buildings over two floors high to be built within a mile radius of Main St. downtown Windsor.
F	65-74	2	6-10 yrs	Downtown parking, housing affordability
F	65-74	2	6-10 yrs	Downtown traffic, unbridled growth
F	65-74	2	6-10 yrs	Growth
F	65-74	2	6-10 yrs	NOT being a sanctuary city, putting the brakes on growth and safety, safety, safety.
F	65-74	2	6-10 yrs	Public transportation. Some don't drive and need access to grocery stores and pharmacies. Grocery stores, we need more than 2 with the influx of home owners. More patrol of police officers or hire more.
F	65-74	2	6-10 yrs	Traffic Affordable housing Restaurants needed
F	65-74	2	6-10 yrs	Traffic flow has become difficult when so many high density neighborhoods are being hastily added. Also the quality of a lot of the newer homes seems lower than say other Front Range communities.
F	65-74	2	6-10 yrs	Traffic- specifically 392's lack of lanes coming into Windsor, and the intersection at 392 and Colo Blvd. - the current speed limit is too high for safety for all in this area. Post office- needs to be coordinated with US gov to have a larger PO due to the volume of residents.
M	65-74	2	6-10 yrs	Infrastructure widen 392 and Colorado Blvd. Enlarge Rec Center facilities.
M	65-74	2	6-10 yrs	Larger grocery store and larger post office

M	65-74	2	6-10 yrs	Smart growth Limiting the influence of developers Sustainability
M	65-74	2	6-10 yrs	Stop with all the Metro plans, we have too much growth. Revise speed controls to match increased traffic. Upgrade all infrastructure

M	65-74	2	6-10 yrs	Traffic Congestion. Especially on Colorado Blvd where it is getting increasingly challenging to get into or out of the five developments on the Hill from the River to Raindance. Raindance has brought lots of new traffic and we mostly have one way in/out of our neighborhood (River West) Light pollution at night.
M	65-74	2	6-10 yrs	Traffic on main Street

M	75+	2	6-10 yrs	Ensuring development pays its share (streets, water, etc.).
M	75+	2	6-10 yrs	Lower tax
M	75+	2	6-10 yrs	Traffic congestion on streets and highways. Increased need for more police and sheriffs officers.
M	18-24	3	6-10 yrs	Keeping up with the amount of people moving here not with new houses but with new shopping centers, gyms, community centers etc. the next issue would be the lack of activity.
M	18-24	3	6-10 yrs	More biking and pedestrian infrastructure, I love how walkable downtown is but it can be a little difficult to get to. Also maybe increasing the frequency of the poudre express bus.
M	18-24	3	6-10 yrs	Traffic, rising costs of goods and services, lack of entertainment
F	25-34	3	6-10 yrs	-More small businesses in town to bring dining and entertainment such as restaurants, breweries -more planning ahead for community needs (such as traffic/road needs, bigger facilities to anticipate our growth)
F	25-34	3	6-10 yrs	Additional recreation center, through traffic, more commercial infrastructure and less housing
F	25-34	3	6-10 yrs	Housing costs Lack of infrastructure Lack of economical diversity
F	25-34	3	6-10 yrs	Traffic, I know it's a challenge to reroute truck traffic on Main Street, but it really inhibits walkability, and the desire to spend time downtown. I would like to see more bike and walking paths with trees/shade.
M	25-34	3	6-10 yrs	1. Increase the number and variety of sit down restaurants. 2. Funding and creation of additional parks, recreational areas, fishing, frisbee-golf, and natural space areas in our community. 3. Continuation of community events and celebrations...such as the summer concert series, farmers markets, holiday events.

M	25-34	3	6-10 yrs	Fixing up or remodeling the skatepark at Eastman Park. Resurface the wooden ramps and obstacles. Make the Rec Center family pass more fluid to allow for three adults and one child or one adult and three children, rather than just two adults and two children.
M	25-34	3	6-10 yrs	Traffic, growth, cost of living
F	35-44	3	6-10 yrs	1. Quit building houses. The schools are packed and this is no longer a small town. 2. Figure out how to open up Main St- too congested and it can take 10 minutes to go less than a mile during rush hour. We need more access in and out of this town.
F	35-44	3	6-10 yrs	1. Stop the over growth of building homes. We are building more homes/neighborhoods than our streets & schools can accommodate. 2: Our roads need some major fixing. So many have potholes.
F	35-44	3	6-10 yrs	Bike/walking trail connectivity, open spaces (preferably with walking trails), traffic congestion through downtown/along Hwy 392

F	35-44	3	6-10 yrs	Cell phone town near The Ridge at Harmony is a must. It's super unsafe to not have the ability to communicate and if internet is down in an emergency nobody here can reach anyone for help. It's also strange that there isn't a courthouse in Windsor, making jury duty very difficult for residents to fulfill, especially without a way to travel.
F	35-44	3	6-10 yrs	Continued support of our police/safety, and diligent work to maintain the "small, conservative town feel" while growing carefully
F	35-44	3	6-10 yrs	Grocery stores More restaurant choices Overall safety of the town. Windsor PD and Fire do an amazing job. It with growth comes more challenges. So being proactive as the town continues to grow
F	35-44	3	6-10 yrs	Lack of infrastructure and traffic congestion
F	35-44	3	6-10 yrs	Main Street is too congested, specifically when the schools drop off/pick up. The crappy builders that they allow in the area really make you hesitant to continue to buy here. Possibly just better inspectors are needed. We need more large chain stores, ie:Target to keep our tax dollars within the city.
F	35-44	3	6-10 yrs	Natural Grocery Store More local places to eat and shop in Windsor, creating incentives for business to thrive here
F	35-44	3	6-10 yrs	Traffic congestion mitigation, especially for main street down town area.
F	35-44	3	6-10 yrs	Responding to growth—schools, road capacity, increased services
F	35-44	3	6-10 yrs	Restaurants/shopping offerings for developed areas, water availability for growing population, infrastructure and recycling for the town
F	35-44	3	6-10 yrs	Road congestion, too many houses too quickly. Building need to slow down
F	35-44	3	6-10 yrs	Safety (this includes traffic/roads, huge umbrella I know), environmental sustainability, and population growth/infrastructure.
F	35-44	3	6-10 yrs	Taxes
F	35-44	3	6-10 yrs	Too much growth Traffic flow esp in school commute times Starting to see evidence of the "new" CO (loitering, homeless, saw a narcan box outside of a local business)
F	35-44	3	6-10 yrs	Traffic Growth Recreation
F	35-44	3	6-10 yrs	Traffic, bringing in businesses, library
F	35-44	3	6-10 yrs	We need flashing lights on the stop signs at the intersection of Chestnut and 3rd for the school kids immediately. A stoplight on 4th and main or 5th and main to help kids cross to the park.
F	35-44	3	6-10 yrs	Windsor has been stuck in a "small town" mindset while building hundreds of new houses and neighborhoods. If building is going to happen, amenities are essential to living here. A new, bigger grocery store is needed. New shops are needed. I would like to see new areas, shopping centers, where businesses can thrive.
M	35-44	3	6-10 yrs	1. Additional sports fields 2. Dining on west side near new police station 3. Traffic flow

M	35-44	3	6-10 yrs	1. Inconsistent traffic speeds & enforcement, especially along main street (CR68/HWY392) 2. Lack of internet infrastructure offered by local Government - very few private market choices and even then, they provide inconsistent speeds/heavy congestion 3. Absolutely absurd ratio of liquor stores to nearly ANY other type of stores. It's unfortunately easier to run out and get beer or wine than groceries, home goods, or even a coffee.
M	35-44	3	6-10 yrs	Another grocery store, other commercial infrastructure, complete trails and bike paths to connect town.
M	35-44	3	6-10 yrs	Community development, infrastructure reinforcement
M	35-44	3	6-10 yrs	Crime, Population, Traffic
M	35-44	3	6-10 yrs	Grocery stores. Managing population growth to be consistent with infrastructure growth.
M	35-44	3	6-10 yrs	Growth and traffic.
M	35-44	3	6-10 yrs	Infrastructure issues related to roads, traffic congestion, pedestrian traffic. Additional infrastructure issues relating ability to sustain monumental population growth, i.e. economic development including grocery stores, local shopping, etc. and retaining resident tax dollars within the town. Staffing. There is no denying that with monumental growth comes the need for support services in the form staffing for town departments with a priority set towards public works and law enforcement. The town has experienced at least two high profile incidents that removed several law enforcement staff members from the streets for several days. These incidents will continue and will stress the very fibers of the police department to their core. Increasing staffing within both the PW and PD should be the top priority of the upcoming budget session. Staffing routinely gets cut from the budget while work load increases due to town growth. The town board, mayor and town manager need to realize that the town staff is are their best commodity and they can only "do more with less" for so long before there is a major problem with significant consequences.
M	35-44	3	6-10 yrs	Invigorate the downtown scene to provide more of a night life, lessen traffic congestion, create a more pedestrian and bike friendly town
M	35-44	3	6-10 yrs	Maintaining natural space and tree canopy. Maintaining roads and expanding roadways More recreation in northern Windsor
M	35-44	3	6-10 yrs	More traffic enforcement! More police officers for traffic. Keep Martin Lind out of decision making for the town. Town caters to him and he cries when he doesn't get his way.
M	35-44	3	6-10 yrs	Over population. Traffic and more traffic. How are all of the main roads in and out of Windsor only two lane???
M	35-44	3	6-10 yrs	Regional trail systems, open space protection, roadway improvements for traffic reduction.
M	35-44	3	6-10 yrs	Road expansion
M	35-44	3	6-10 yrs	The town is having more and more crime. We need more cops on the streets. The town needs to invest in keeping this town safe. There should also be a increase in the amount of retail in this town as my family constantly have to leave to go shopping.
M	35-44	3	6-10 yrs	Traffic on Main Street where it's a single lane

F	45-54	3	6-10 yrs	The bottlenecking of traffic through Main St. Heavy vehicle traffic and heavy pedestrian traffic thru old downtown area is a very bad combination. I also think the admin error on the sunset of the library mill levy increase needs to be fixed.
F	45-54	3	6-10 yrs	The High school is crowded. We need another one in Windsor, not Severance. We could use a grocery store on the south side of Windsor.

Our community alleys around the park and it is a wonderful to come together for the music, food trucks, and conversation and this must be preserved forever or the community will just become ordinary! I also would like to see a home center that handles more items but not necessarily a big box store. Something like a Bloedorn or. Mawson store would be great and wouldn't take too much away from Manweilers or Ace Hardware. I also have trouble seeing people at the intersections in the main part of downtown and I think it is because of the bronze posts which hid people at the intersections and therefore a safety type of issue. F	25-34	4	6-10 yrs	I think we need to prioritize things like schools, multi-family housing, sustainability projects. We should develop the back lot in the downtown area. Not only are parking lots horrible for the environment, but they have been shown to be detrimental to downtown areas.

M	25-34	4	6-10 yrs	1. Need more street lights throughout specifically chestnut st, walnut and surrounding streets. 2. Better parking especially for events happening at Windsor lake.
F	35-44	4	6-10 yrs	❖❖ Slowing the growth & all the new developments without having better infrastructure in place. • More flashing crosswalk signs on busy roads where students cross, like walnut & 10th street. • Adding in the road north of Windsor lake to help offset traffic on main to the east side of Windsor. • Another grocery store on east side!

F	45-54	4	6-10 yrs	Infrastructure. We need a business loop for trucks. We also need to attract businesses to Windsor, we need more stores both grocery and otherwise. Developers need to pay their way rather than push off the added cost to the citizens.
F	45-54	4	6-10 yrs	Too much growth without addressing traffic. Solutions seem to fix immediate problems and are not very forward thinking.
F	45-54	4	6-10 yrs	We need more speed bumps and speed traps. People passing through speeding all the time. Weakso need another cross light on main street. F	65-74	4	6-10 yrs	Growth without infrastructure to support it needs addressed immediately. 7th Street increased traffic prevents homeowners from turning left from River Place Dr onto 7th. Very dangerous, vehicles are speeding, and we need a roundabout to slow the traffic and allow us to get out of our Poudre Heights neighborhood. Also, the building of homes behind our subdivision with no new outlets will further the traffic problems winding thru to New Liberty and River Place. This is very dangerous and irresponsible by the town in allowing this building of hundreds of homes behind us.
F	65-74	4	6-10 yrs	Water, roads that cannot accommodate the towns growth, too much unrestricted growth for the resources we have.
M	65-74	4	6-10 yrs	Downtown parking, number of grocery stores per the amount of people, and lacking more quality restaurants downtown.
M	65-74	4	6-10 yrs	I feel that we are overbuilt with apartments. We should withdraw from being a sanctuary state considering the present conditions
M	65-74	4	6-10 yrs	Neighborhood speed limits 30 mph to fast
M	65-74	4	6-10 yrs	Traffic on Main Street. Rise in crime rate as the population increases. Post office needs replaced
M	65-74	4	6-10 yrs	When having citizen committees, start the committee before you hire some firm to do research. I've been on the downtown parking and the bike lane committees and have been frustrated that we were involved way too late in the process. Have the people you hire work with and after the committee has developed the problem. Second, even though the state makes the decisions on Main Street it is time for Windsor to come up with alternatives to that highway problem.
F	75+	4	6-10 yrs	Deal with State to widen bridge over Poudre; obtain more restaurants that aren't Mexican; grocery store.
F	75+	4	6-10 yrs	Enhancing the historical Main St. by bringing businesses to Main St. and secondly providing parking garages utilizing the back lots. Green areas and low profile parking garages should be a priority.
F	75+	4	6-10 yrs	Grocery store on the east side of Windsor. Re-direct large trucks from Main street. More amenities in this town to keep up with the growth.

F	35-44	5	6-10 yrs	1. Prioritize safe routes for cyclists, especially around schools. My daughter attends Windsor Charter and we'd love to ride bikes to school but the traffic makes it feel dangerous. 2. Having only two grocery stores on the west side of town makes grocery shopping an onerous chore, stores are too busy and theres no convenient places to just pick up a few items. Incentivize a new grocery store and/or bodega-type shops on the east or south side of town. Nonni's was awesome but didn't survive. 3. Improve traffic infrastructure, there's locations where it's nearly impossible to make a left hand turn during some times of the day (examples: left from Garden to 7th, left from 1st to 392). I'd like to see more roundabouts, and protected intersections. Reroute truck traffic from Main St.
F	35-44	5	6-10 yrs	Affordable housing, Main Street traffic
F	35-44	5	6-10 yrs	Another main way to get from the West side of town to the east side of town, 392 is a mess when schools get out. Find ways to support businesses so they stay in Windsor.
F	35-44	5	6-10 yrs	Cost of living
F	35-44	5	6-10 yrs	Decreasing housing growth until infrastructure is in place first. Maintaining open/natural spaces. Allocating more to our schools/teachers and allowing the city to vote on big expenditures like a new police station that wasn't needed.

F	35-44	5	6-10 yrs	Lack of social infrastructure Trucks still routed down Main Street Need traffic lights at 7th and Garden Dr
F	35-44	5	6-10 yrs	No grocery store on the east side of town. People driving too fast on residential streets. Not enough crosswalks with lights on the east side of town by 1st street.
F	35-44	5	6-10 yrs	No shopping, downtown shop spaces are used up by offices rather than restaurants and walkable business
F	35-44	5	6-10 yrs	Stop growing!

M	35-44	5	6-10 yrs	King soopers needs to expand. Need more amenities on east side of town. Side walks are not complete on east side of town and it is dangerous for kids.
M	35-44	5	6-10 yrs	Stop approving single story commercial buildings. Our land is valuable and we as a community will be better served with mixed use and/or multistory buildings. Parking in the downtown, the City needs a parking garage. Mosquitos! Require the ditch companies to manage the mosquitos they allow to infest the city.
M	35-44	5	6-10 yrs	Traffic, water, trees
F	45-54	5	6-10 yrs	1. The need for permanent parking downtown by the Boardwalk

F	45-54	5	6-10 yrs	Stop all allowing so many houses to be built. We don't have the infrastructure, now everything is crowded and our beautiful town is just wall to wall people who don't want Windsor to be a small town any more. I hate that we have lost what made Windsor so wonderful because of greedy builders and growth.
F	45-54	5	6-10 yrs	Traffic congestion on Main St near old town.
F	45-54	5	6-10 yrs	Traffic on Main Street, keeping old town feel for Main Street, limiting building growth to ensure town capable of managing growth and preserving Windsor's small town culture
F	45-54	5	6-10 yrs	Traffic on Main Street. Red light running has increased near WMS (7th/Main) creating dangerous conditions for pedestrians and drivers. Large trucks using Main Street as main route.

F	55-64	5	6-10 yrs	Grocery store in East Windsor. Traffic
F	55-64	5	6-10 yrs	I would love me to see Windsor as a destination, with good restaurants, and a small night life. I believe parking will be a concern as Windsor becomes more popular. Windsor should try to control growth and leave dedicated open space areas.
F	55-64	5	6-10 yrs	Lack of retail options
F	55-64	5	6-10 yrs	Public Safety, rising cost of living especially housing and utilities, connected bike path on east side of Windsor
F	55-64	5	6-10 yrs	The traffic situation on Main Street is the biggest challenge as Windsor expands. It is a daily occurrence to witness an accident almost happen; whether it be a pedestrian crossing at crosswalk without a flashing light, or someone backing out into traffic. It makes me avoid driving that route, so I am sure it deters others from doing business downtown. As a side note: Most of the near accidents I've seen usually involve pedestrians that step into a crosswalk assuming that traffic will stop immediately. Flashing crosswalk lights will really help around the Mill!
F	55-64	5	6-10 yrs	Traffic coming into town on hwy 392. More blinking light pedestrian crossings on major streets. The good ones like at 5th and 392.
M	55-64	5	6-10 yrs	Another grocery store and more variety of restaurants
M	55-64	5	6-10 yrs	Bring in another large grocery store on the east end of town. Attract more family dining options.

M	55-64	5	6-10 yrs	Traffic, way too many fast food places and not enough supermarkets
F	65-74	5	6-10 yrs	The WDA is self serving and not interested in the needs and opinions of the people of Windsor. Despite the overwhelming vote to not allow the building of condos behind the downtown businesses near the lake, they are still going to "reevaluate" the possibility of going ahead with their plans because it benefits the individuals of the WDA and a select few of others. This is absolutely disgraceful and disrespectful. The answer of the people of Windsor was "NO". That should be respectfully accepted. The Mayor is planning to extend County Road 70 to accommodate semi truck traffic which will completely disrupt horse properties along the road in Windsor Estates and negatively affect property values. Harmony Road is already in place and can serve that need. The farmland they need to take for the road extension has been there since Windsor's beginning. Farming is the reason Windsor exists. The Mayor should pause and consider the affect it has on farmers when their land is taken from them against their will for under market prices due to Eminent Domain. The Mayor doesn't care. His home and its value won't be affected so he doesn't care. He's also known for being rude and disrespectful to his staff and the people he is meant to serve. He is meant to SERVE. This is a disgusting disgrace. Is he a German from Russia. Did his family come to Windsor after fleeing for their lives from the Bolsheviks? Did they come to the Gulf of Mexico on a cargo ship after leaving their ravaged village on the Volga river? Did they work the land night and day to establish a new life in a foreign country to provide food for the people of Windsor and surrounding areas? Mine did. This is absolutely wrong and abusive. Has he worked on a farm? Does he know hard work and the importance of respecting people. I do. He can't leave office soon enough. Run the road for semi traffic through his neighborhood. Take his home by way of eminent domain.

F	25-34	6	6-10 yrs	Growth Water restrictions More grocery stores
M	25-34	6	6-10 yrs	More unique restaurants here from fast food like whataburger or some family style restaurant. Need something that you won't find in Greeley, Loveland, or Fort Collins. Plus another grocery store like Aldi, Trader Joe's or Whole Foods would be nice.
M	25-34	6	6-10 yrs	The major issues facing the community are keeping up with infrastructure to support the exponential growth of the town and managing costs for residents (water bill has nearly doubled in a couple years with no change in usage).
F	35-44	6	6-10 yrs	(1) Reducing Martin Lind's outsized influence over Windsor. Beware the recent experience in Loveland of one man with too much power. (2) improving walking and biking options across the town (3) expansion of schools, police, fire, municipalities to match population growth

M	35-44	6	6-10 yrs	The town is growing quickly but doesn't seem to be adding retail to accommodate the growth. Specifically grocery and food. The town has many fast food restaurants but not as many family restaurants, that aren't hipster upstart restaurants that eventually close anyway. The one grocery store people go to in this town is packed all the time and too small to accommodate the traffic from Windsor, severance and Timnath. Safeway is nice because no one shops there, but king Soopers is better.
M	35-44	6	6-10 yrs	Traffic and parking downtown, lack of local restaurants and improvement to infrastructure due to population growth
M	35-44	6	6-10 yrs	Windsor needs to connect up to Fiber (like Loveland and Fort Collins have done) to increase options for competitive internet. Better police patrolling around the seemingly continuous construction project work zones. Especially near school zones at their times of arrival and dismissal. Too many drivers are aggressive with children about and police presence will help. Some of the construction projects (while needed) take way too long. Is it an agreed timeline/budget issue, an issue of scope in planning or an issue with who is hired and working the projects?
F	45-54	6	6-10 yrs	1. Limiting building permits 2. Reducing commercial rent costs to ensure businesses stay in business 3. Limiting town costs on new projects other than road maintenance.

F	45-54	6	6-10 yrs	Traffic, especially downtown. Windsor wasn't set up for the population boom that we've had in the last decade. In the morning rush hour the train coming through town backs up traffic on main into 392. The roundabout on 257 at that intersection clogs up daily, and unfortunately these days some people don't understand that just because the light's green, doesn't mean they should sit in the intersection.
F	45-54	6	6-10 yrs	Water, securing it for the growth. Safety with increased population. And getting better stores in the Windsor town that we want to shop at like target or trader Joe's.
M	45-54	6	6-10 yrs	Complete lack of access to basic necessities such as socks, underwear, clothing- other than what happens to be available at the grocery stores or Walgreens
M	45-54	6	6-10 yrs	Schools - poor planning and leadership shenanigans that's lead to a sluggish and cavalier approach to adding schools. Sends a clear signal where the town's priorities are as massive communities are provided a green light (Raindance New Song etc) that results in a sweet kiss of tax revenue while we pile students in classrooms, (>28 students in a kindergarten classroom) during a pandemic, with mask and social distancing as we say cheers to our pints with Paul. Lazy and irresponsible strategy but indicative of our state leadership. (2) water conservation and buying water rights - sounds like the town is out ahead of this with the new reservoir. (3) DTD - The town leadership fell in the ditch with this strategy. Focus on rebuilding trust and damage control than building a parking area. (4) negotiate a deal with a grocery company before the surrounding communities land a deal. The town is kicking the can down the road with the Library and Kroger. Strike now, in 2024, or we will continue to pack people in our inadequate grocery stores and see tax revenue go to Greeley and Timnath.

F	35-44	U	6-10 yrs	Sporting events are always too full, need to make it more catered to Severance residents. Investing in a larger grocery store since the tiny stores on Main are the main shopping sources for residents of Severance and Windsor and they can't keep up with being stocked.
F	35-44	U	6-10 yrs	Taxes are killer!
M	35-44	U	6-10 yrs	Expanding too fast is a big issue of mine. It seems we're building more houses than ever to boost our population, but we have no road infrastructure to support it.

M	75+	U	6-10 yrs	I and a whole lot of others are concerned that leftist leaders are going to push for Windsor, Timnath & Ft Collins to become "sanctuary cities" for illegals. This applies equally to use taxpayer money to provide rooms and amenities to the lazy bums choosing to live on the streets. Ever hear that many many businesses are hiring?
M	75+	U	6-10 yrs	Open a decent grocery store Bypass the highway instead of using Main Street. Main Street will become a go to destination for restaurants. M	55-64	1	Less 2 yrs	Traffic alternatives and/or improvement on Main St.
M	55-64	1	Less 2 yrs	Traffic and mobility concerns. CR13 from Crossroads to 392 needs to be resurfaced and scheduled for expansion. With the added density along Crossroads there needs to be a plan there as well. Same with the NE quadrant roads as well. Second, tighter zoning restrictions so we are not just the affordable option to Ft Collins and Loveland. Third, expansion of parks and rec spending around youth.
F	65-74	1	Less 2 yrs	As a new resident of Windsor I wish the town of Windsor felt more like a community. There are very few nice restaurants (not fast food)- I go elsewhere when meeting friends for a meal. Windsor/Timnath area needs a more central grocery store. Windsor King Soopers is crowded, not well organized and is stocked during the day when everyone is trying to shop- not a pleasant experience.
F	65-74	1	Less 2 yrs	Grocery store location other than Main St.
F	65-74	1	Less 2 yrs	More grocery stores especially on the crossroads side of town.

F	25-34	2	Less 2 yrs	None come to mind
F	25-34	2	Less 2 yrs	Raindance area by the pool with the grass field. People will take their dogs there and not on a leash. It is not fenced it and is not a dog park. Not all dogs are friendly towards other dogs and we have had multiple dog approach us in this area. Either is needs to be set up for a dog park or dogs should not be allowed there.
M	25-34	2	Less 2 yrs	I don't really have any
M	25-34	2	Less 2 yrs	Keeping up with population boom. Avoiding/addressing issues with Grocery stores/traffic/public services.
M	25-34	2	Less 2 yrs	Municipal broadband - this place is amazing, and if we had better internet service throughout the area (Water valley / Pelican farms for us) we could truly be a destination for high income remote workers. We've already got legislation to allow this to happen, we just need to make it so.

M	25-34	2	Less 2 yrs	Understaffed, under-equipped, and underpaid town staff. Lack of retail / restaurant in town. Quicker implementation of road widening efforts.
F	35-44	2	Less 2 yrs	I think the Town of Windsor should address the traffic going through Main Street, as well as the general appeal of the Old Town area. Festive and seasonal arrangements, as well as decorating during the holidays would be appreciated. Windsor is growing, so find fun a creative ways to bring people to Old Town (parades, celebrations, special events, etc.)
F	35-44	2	Less 2 yrs	More grocery stores. The King Soopers is oh so crowded all the time and the nearest Walmart is 20 minutes away. I'm too poor to shop anywhere else. We just moved here from Southern California and people complain about the "traffic" I haven't experienced bad traffic anywhere except at 7th and Main between the hours of 3pm and 6pm! It is crazy at that time and I avoid that area of town at all costs during those hours!
F	35-44	2	Less 2 yrs	More infrastructure of roads, more recycling in Raindance
F	35-44	2	Less 2 yrs	More traffic diversion and alternative routes and building a new high school for incoming increase of student population.

M	35-44	2	Less 2 yrs	Home prices
M	35-44	2	Less 2 yrs	I haven't lived in Windsor long enough to know. I would argue that those that are originally from there or those that do the most good for the community make the decisions.
M	35-44	2	Less 2 yrs	Make a map that shows what streets golf carts can drive on.
M	35-44	2	Less 2 yrs	New grocery store, high metro district taxes, high water bills
F	45-54	2	Less 2 yrs	#1 Support local small businesses. #2 support local farmers and ranchers and have more farmers market on Main St. #3. Clean up/environmentally friendly treat Windsor lake of its blue algae issue.
F	45-54	2	Less 2 yrs	Hiring a code/animal control officer. Better response from police department. Not very professional or staying current with the growth always told they don't have enough patrol officers. I know other towns very similar in size aren't having the same issues
M	45-54	2	Less 2 yrs	I don't see and issue right now with very much. Maybe parks and rec due to the increase in homes and a short supply of kids sports activities such as baseball fields and soccer fields. There really need to be a better youth (noncompetitive) program in Windsor without needing to travel to Greeley, Loveland or Fort Collins.
F	55-64	2	Less 2 yrs	1. Changing the traffic limits on Steeple Chase. Cars and trucks speed (including semi-trucks) with no regard to children crossing the street, people crossing with horses and those walking across with wheelchairs. The heavy semi-trucks (food trucks, not just construction) think it's a thoroughfare rather than a neighborhood road. It's become not only disruptive and noisy but Very dangerous. 2. Road resurfacing.

M	55-64	2	Less 2 yrs	Put pressure on state lawmakers to reduce property taxes back down to 2022 values. Metro tax and increased rates are ridiculously high. Never should have gotten rid of Gallagher. Have big wheeled trucks banned from Main Street make them go around. More landscaping to hide the ugly cement plant at Colo/ main. It's butt ugly.

M	35-44	4	Less 2 yrs	Bringing fiber internet to the residents near downtown Windsor. There are no fiber providers, provide incentives for businesses to come and support us. Add in another space for groceries the two we have get real congested and make shopping a hassle

More education to police and fire people - they constantly need training to deal with complex issues.

F	25-34	5	Less 2 yrs	Grocery stores, traffic on main street
F	25-34	5	Less 2 yrs	Mental health for youth population, equitable access to extracurricular activities for high-school age students, thoughtful town expansion that doesn't just look at maintaining "small town vibes" but also help small independent businesses. Stop bringing in national fast food chains. Those are bringing in bad jobs for teens and the options don't promote health and wellness.
F	25-34	5	Less 2 yrs	Water shortage. More traffic.
M	25-34	5	Less 2 yrs	1. Better cross walks for pedestrians on the outskirts on downtown (they should all have flashing yellow lights to stop people, a lot of cars don't stop even when they definitely see you). 3 cross walks on the East side of downtown (the side I live on) do not have these lights. Speeding here is also a problem. I live on Main Street near this area and it would be nice to have a simple radar installed to display people's speeds. 2. The blue-green algae makes Windsor Lake unusable for a lot of the summer. I'm not sure what can be done but surely there is something to keep it cleaner? 3. Another grocery store further away from the current King Soopers. Don't just put another one on the other side of town that won't help much with traffic through town at all.
M	25-34	5	Less 2 yrs	Adding a Home Depot and Walmart
M	25-34	5	Less 2 yrs	Install fiber optic internet Add a stoplight to the intersection of CR21 and HWY392
M	25-34	5	Less 2 yrs	Mosquito spraying on or near public walkway's in neighborhoods "village east" and around Windsor lake
M	25-34	5	Less 2 yrs	Windsor needs a health foods store like Sprouts, Trader Joe's, or Natural Grocers - NOT another King Soopers or similar.
M	25-34	5	Less 2 yrs	Windsor needs more sit down restaurants other than Mexican. We also need ways to adjust to the population growth.
F	35-44	5	Less 2 yrs	-Traffic -Business infrastructure (attracting more businesses besides restaurants. Things for citizens to do in town and spend their money on in Windsor instead of going to Fort Collins).
F	35-44	5	Less 2 yrs	1. Infrastructure to support development—road capacity, routes, accessibility to grocery stores/pharmacy in newer large development areas. 2. Shops, businesses, and restaurants to make downtown a destination for more than just events
F	35-44	5	Less 2 yrs	3. Continued work toward higher levels of sustainability, especially considering all the new development.
F	35-44	5	Less 2 yrs	1. Main Street traffic flow 2. Maintaining parks and recreation 3. Store on east side of Windsor
F	35-44	5	Less 2 yrs	All the main through roads are closed with construction at the same time, causing detours that are miles out of the way.
F	35-44	5	Less 2 yrs	Better grocery ie: natural grocers

"Please describe the top two or three issues, priorities or problems that you think the Town of Windsor should address in the next 2-3 years."

Sex	Age Range	Dist	Tenure	Response
F	35-44	5	Less 2 yrs	Semi-truck traffic on Main Street Increasing small business (restaurants, retailer, coffee shops) downtown Better instruction for swim lessons at the rec center (it's really bad. We are going to Eaton for swim lessons)
M	35-44	5	Less 2 yrs	Infrastructure, Metro district regulation to be more representative of people in the neighborhood, ie homeowners need to be on the board.
M	35-44	5	Less 2 yrs	Small business development, parks & trails, traffic.
F	45-54	5	Less 2 yrs	Roads (traffic will become an issue with new housing) Water conservation Development of basic stores (ie grocery) to support population
F	45-54	5	Less 2 yrs	Speed control on Main Street, shopping or grocery store on East side of town (near Greenspire hood), provide more parks for children's outdoor exercise.
M	45-54	5	Less 2 yrs	1.)Travel and road infrastructure North from Hwy 392 & County Rd 19. With the unbelievably amount of increased traffic and the very very unfortunate and unwise proposal of diverting Hwy 392 do trucks don't come thru town in the future has literally ruined the sanctity of those that live in Greenspire and associated communities along this road. The inappropriate new stoplight at Sundance serves little purpose since it's is so close to Hwy 392 and obviously will create more traffic issues. There needs to be a roundabout at Saratoga & County Road 19 so to slow dow the traffic and reduce risk of pedestrians getting hit due to speeding both by trucks and cars. As well, need to address the use of Jake Brakes too along this miserable road. As an unfortunate homeowner due to this major infrastructure flaw, I can't hang pictures on the wall or literally anything due to the load noise and shaking that now exists! As well, I have personally witnessed 3 near fatal pedestrian acidents due to high speed in my little time here. Traffic needs to be slowed down, period. Better yet why can't the new proposed and accepted diversion of Hwy 392 go thru thru tge CrossRoads to or from I-25?? The infrastructure is already there. 2.). Must have stricter standards for residential development. Developers in this area are ripping off homeowners, yet making hand over fist and it shows the town is abiding by their wishes. Town shouldn't be controlled by developers, period. Research shows that's how communities lose charm, attraction of making home buyers, and eventually less willingness for town patrons to support local business. 3.) efforts to invest and expand healthcare families and services here in town. A healthcare community with more broad sub specialties; at the same time, increasing the number of primary care physicians is very much needed, especially due to the growth of Windsor. 3.) Community excercise and fitness center that is for all ages vs a select few.
M	45-54	5	Less 2 yrs	Cost effective grocery stores Quality of new built homes, foundations, soil packing Road expansion to support growth

F	55-64	5	Less 2 yrs	Main Street and traffic! Must figure out alternative routes for the larger volume of traffic now and large trucks. M	55-64	5	Less 2 yrs	Traffic Trails
M	55-64	5	Less 2 yrs	Traffic congestion as well as traffic lights needed on HWY 392 just east edge of town at cr 21. There is no lighting at the intersection of 392 and cr 21 either . There have been Many Accidents at the same intersection. There should be a Safe crossing over HWY 392 similar to the bridge crossing 7th street/weld CR 17 at the south end of pelican lakes. These lights and safe crossings will help deter commercial traffic from using that rout. This will also help link the village East Neighborhood with the future legends park area via a bike / walking path as well as the restaurants near Eastman park drive and 257. A Bikepath safe crossing at the RR tracks just north of the Dome would link it all together nicely.
F	65-74	5	Less 2 yrs	1. Too rapid growth for infrastructure and living, don't want to be another Fort Collins or Denver. 2. Crime, as size increases so does crime.

F	25-34	6	Less 2 yrs	Speeding through residential areas! We live off of Bayfront drive and people drive so reckless. I asked the city engineer what it would take to get speed bumps and he said Windsor doesn't use them because they don't work. Are you kidding?? Have you ever hit a speed bump at 25 mph?? It's not safe for the many children in the neighborhood and is our least favorite part about living in this beautiful city.

F	55-64	1	11-20 yrs	I used to love love love Windsor. But because of the growth, I no longer want to participate in many of the events that occur in town. It's simply too crowded. You have destroyed the small town feel. Housing costs have gone through the roof. The amount of apartments and rentals is ridiculous. If we wanted to live in that kind of area, we would have moved to Fort Collins. I miss the farms and agriculture that used to be all around us. 				Predominately White and the quality of people living here. Could care less about race but I do think having a sense of community comes from people's shared values and their moral compass. I enjoy that Windsor is thought of as a higher class town. I'm okay that the poor people stay out. Why invite crime, indecency, environmental changes just to say we accept all people, poor or not. Quality of people is often found in their economic status. Of course this is sad and I get it. I'm middle income and always work to achieve more but based on personal experience I've seen and have experienced myself is more bad than good what happens when you're poor. You steal, you mistreat public infrastructure, the parks, you don't take pride in the appearance of your home and community, and you mistreat the amenities that better the community. Being poor sucks and everyone deserves a chance but that's why we have communities like Greeley and Evans. Let those government benefits and putting limitations on housing so poor people can live here and destroy the fabric of what our community wants and is why we moved here and offer that help to the outer lying communities.

M	35-44	3	11-20 yrs	It is where I have raised my children and it is home. The sense of community is good but it is waning. There is a division between The Raindance/Water Valley area and the rest of the town
M	35-44	3	11-20 yrs	My answer used to be "small town feel" but we're losing that. If we didn't have kids socially rooted, we would move

M	45-54	3	11-20 yrs	Well, when we first moved here, it was a quiet farming town, like a hidden gem with just the right amount of everything we needed. Now, it doesnt have that same feel or charm because of its extremely FAST residential growth. So I'll say the best thing right now is the fact that my extended family hasn't left yet & they still live close by.

F	45-54	5	11-20 yrs	The best thing about Windsor and why I moved here over 10 years ago no longer exists. Windsor use to be a small town with very little traffic. A place that you could easily and safely ride your bike on the street. Now you can't even get a parking space at King Soopers and the town has rush hour traffic where it takes several turns before you make it through a light. You now have to worry about your car getting broke into or your yard ornaments damaged or taken.

F	35-44	6	11-20 yrs	My name is Abby Schmidt we have lived in Windsor for 12 years now we have loved raising our 2 boys here. I work in town my husband has volunteered for 21 times through the rec center in coaching. Our 2 boys are now reffing flag football and soccer for little ones. The public schools have been amazing our boys are in middle school now. They have been in advanced math classes and have played sports through the rec center! Our community offers so many things for families to grow. I find the problems with people in this town is they complain but not get truly involved. The housing has gone up but so has everywhere else for the things our town offers in biking and walking for kids to do is amazing. Our bike paths and parks are alway used and clean. The roads are clear after snow.

F	35-44	2	2-5 yrs	Slow down the rate of new home construction. Everything is overcrowded as it is. Grocery stores, gas stations, streets are all too busy for being a smaller town... schools as well. The absolute best thing about living in Windsor is the family-oriented, small town vibe!! It will lose this feel quickly if we continue on this path of construction. We don't need lower income housing as there is plenty in the surrounding cities. We will lose our safe, small town feel if we give into this new idea... then we will all feel a need to move.

I can ask my representative a question and actually get a reply or at least be turned in the right direction to find the answer I'm looking for. I wouldn't get that level of involvement in Colorado Springs. I'm thankful for that and I'm thankful you send these surveys out even though the results may not be what you want to see or hear. It helps remind citizens they DO have a voice and an impact in where their town is heading.

M	25-34	3	2-5 yrs	The lakefront and downtown area are amazing areas to spend an afternoon in almost any season. We have a unique downtown with small businesses and not big box stores. I love the fact that we have a minor league soccer team, the Hailstorm, and we have so many interconnecting trails! I can ride my bike from the far east end of town to the far west end of town and never have to ride my bike on a busy street. I can also get from the north end of town to the south end of town with the same. Also, the investment into the pickleball courts has been phenomenal.

F	35-44	3	2-5 yrs	I come from California, I love that the local government is conscious about growth and development, safety and ability to provide while still being financially responsible. I love that when there is a threat against a school, I see the WPD out in force. They actively stopping people and not just sitting in their vehicles, waiting for something to happen. This is a clean Town with people who work in it that really care about the Town. I feel generally safe and love that there are things to do. Windsor is a town of friendly neighbors, family values, citizen participation, historic preservation. All very important for a safe environment. However, there are some who feel we need to GROW and I fear at an alarming rate. With that comes more crime, we do not seem to have the security to control it. M	35-44	6	2-5 yrs	That Windsor isn't like Loveland or other communities in Weld/Larimer county. Windsor has a higher end feel to it which is why the cost of living is more. We all pay for that premium and choose to live here because it's nicer. If you look around at other towns they don't have that same feel and I'd bet anecdotal evidence would tell you their crime is higher among other issues that correlate to this. You don't have to drive far (Greeley/Timnath/etc) to find lower cost housing options so why would we change our community which is so great when other communities offer what people need.

"What is the absolute best thing about living in Windsor?"

Sex	Age Range	Dist	Tenure	Response
F	25-34	5	20+ yrs	I'm hopeful that Windsor sticks to community and builds community engagement through retail downtown and small business support. Over developing what has made Windsor a quality small town feel community will burn out what our roots are founded on and that can be disheartening for long term residents and families hoping to grow and stay here versus if becoming like every suburbia all over and the profits and growth continue to only benefit the major developer families and their descendants. This should be a community not a one sided environment padding the pockets of a few key families.
F	35-44	5	20+ yrs	Still not the size of the bigger cities which I'm thankful for
F	35-44	5	20+ yrs	The parks and the rec leagues
M	35-44	5	20+ yrs	Close proximity to Fort Collins, Loveland, and Greeley without their congestion. Also great public school options.
M	35-44	5	20+ yrs	Nothing anymore, it used to be a safe, quiet, friendly and peaceful town. Now it feels like a city in California. The people moving here are blatantly mean. The traffic is worse than Denver. Main street and walnut street should be converted to one way streets.. There is some parking available if you are willing to walk a ways. The lights are way too fast, holding up traffic causing excessive idling thus causing poor air quality, the lights should be in sync like Denvers so if you drive 30mph you will hit every green light and get through town swiftly. There is nothing for children to do in town. There are no quality restaurants, only bars and the town is always promoting alcohol, so the town full of alcoholics. "Have drinks with the Mayor" not everyone drinks, normal people actually don't drink. The roads are all damaged. Public works never answers or responds to the road issues. Snow removal is a joke, Dumping mag chloride on the road doesn't solve everything. The ridiculous over development of poor quality housing needs to stop. Companies like Journey homes are pumping out houses at alarming rates that are already being condemned. In 20 years they all are going to be condemned and the whole area will be a ghetto. Windsor needs to slow down and focus on our routes. Conserve land, support farming. Allowing all the new housing construction is bringing in the wrong kind of people and the resources can not keep up with the high demand.

F	55-64	5	20+ yrs	I have been around Windsor since 1985. Windsor was a lovely place to live and raise a family. This explosion of subdivisions for the wealthy is such a disappointment. Lower income subdivisions are being bought up by those who want to make money of of them by making them rentals. Our neighborhood went from looking good to a slim due to the weeds, broken down cars and campers, and just trash!! I loved living where I am, but I question that now, but with this economy, I can't move. Talked to engineers of road construction projects about safety issues. I was lied to and ignored! It's going to take a child or person being hit by a car and dying before something is done. Start listening to the people! Make this town a place to be proud of again!!

F	65-74	5	20+ yrs	I live in the old part of town where it is quiet and I can bike or walk to most every place I need to go. Including Windsor Lake and the Poudre Trail.
F	65-74	5	20+ yrs	I've lived in Windsor 50 years. We raised our two children here, which in the '80s and '90s was perfect. This town has exploded with housing developments that have no business being there. It's a matter of letting the developers have an open hand when it comes to building in this town and that's why there is so much traffic. It is nearly impossible to get around this town during certain hours. I find this disturbing and it just keeps happening. The crime in this town used to be nothing and now we've had a SWAT team that has been in our neighborhood and that has never happened before. So, more people more crime. I do love Windsor. I think the parks are great and to that end good job, but putting a burden on the school district for all of these houses and the families coming into this town is not fair. If you do subsidize low-income housing, then the Metro tax that is now put on all of these new developments will be sky high, but somehow these people are able to pay that extra tax. Congratulations to Mayor Wilson, I'm glad that Hallett didn't win; that would have been a huge mistake. Letting the DOA continue to be a part of the Town of Windsor is a huge mistake. Sorry but I am right now retired and disenchanted with Windsor.

F	45-54	6	20+ yrs	Not sure. It's losing the hometown feel. I'm tired of schools being attacked by certain factions in our community. M	45-54	1	6-10 yrs	Community and Small-Town Charm: Windsor offers a strong sense of community and a welcoming atmosphere that is often hard to find in larger cities. Its small-town charm, combined with friendly neighborhoods and community events, fosters a sense of belonging and togetherness among residents. Natural Beauty and Outdoor Recreation: Nestled in a picturesque area with views of the Rocky Mountains, Windsor boasts abundant natural beauty and open spaces. The town provides easy access to outdoor recreation, including hiking, biking, fishing, and boating, particularly with Windsor Lake and the Poudre River nearby. This connection to nature and the plethora of outdoor activities enhance the overall living experience. Location and Accessibility: Windsor's strategic location is also a significant advantage. It's situated between Fort Collins, Loveland, and Greeley, which allows residents to enjoy the tranquility of small-town living while having easy access to the amenities and employment opportunities of larger urban areas. Additionally, its proximity to Denver and the Rocky Mountains makes it an ideal spot for those who appreciate both city life and outdoor adventures.

M	35-44	4	6-10 yrs	The people. Neighbors, town employees. Its big, but small. We don't want to be Fort Collins, or need to be. Let's be ourselves and let the population guide that, not the city guiding us. We can't fix everything, and we should force others to fix things they do not agree with. We need the basics taken care of by the city government, layered with smart, reasonable and responsible laws, regulations, and rules to let the citizens develop the town we want. I would suggest that the city does some research on large corporate ownership of housing, and maybe look at policies that limit or guide that. As a private "mom and pop" landlord myself, I have heard and witnessed the effect larger companies are having on the rental market.

F	35-44	6	6-10 yrs	Windsor is a small town in the city. My husband and I worked hard to live here. It is ridiculous that we would have to pay for less hard working people to live here. This wasn't our first home, it was our dream home. Stop making hard working people pay for those who can't or won't better their own life through changing careers or obtaining better education. If someone wants to live here they should work hard, otherwise go kick rocks!

Sex	Age Range	Dist	Tenure	Response
F	35-44	1	11-20 yrs	A more lively downtown, better play grounds
F	35-44	1	11-20 yrs	Getting too crowded too quickly w limited infrastructure to support the fast growth . Increased crime and feeling less safe
F	35-44	1	11-20 yrs	More housing and things to do downtown. The downtown is old and dead
F	35-44	1	11-20 yrs	More king soopers
F	35-44	1	11-20 yrs	Stop building houses and build a grocery store (or two) on each side of town (south west and north east)
M	35-44	1	11-20 yrs	Slow residential growth, it's gone to fast and streets/buisness/schools can't keep up
M	35-44	1	11-20 yrs	Windsor planning and zoning is horrible! Very much a small town that grew too fast and has no idea what to do. Too many fast food restaurants and pizza restaurants, weak standards on new construction appearance requirements, strange mix of zoning (sports park in the middle of ann industrial complex) etc. And who approved the giant eye sore of a ski hill? When it goes out of business due to lack of revenue, it will forever be a scar on the landscape.
F	45-54	1	11-20 yrs	Main Street and it not being congested. I am moving so I will need to drive through old town every day to get to work and is my biggest worry with moving
F	45-54	1	11-20 yrs	Protect more open space. Beginning to feel to crowded.
F	45-54	1	11-20 yrs	Quit adding homes! Too many people, not enough open space, not enough schools for the kids.
F	45-54	1	11-20 yrs	The sprawl. It is sad to see open space being developed by such large housing developments. I fear traffic and congestion will follow.

M	45-54	1	11-20 yrs	Slower growth. My initial draw to Windsor was more space and less people. After 11 years and doubling of the population, that is less of a feature.
M	45-54	1	11-20 yrs	Stop building apartments on every corner and actually consider what bringing all of these people here will do to this town when you haven't even truly addressed infrastructure. There is a finite amount of water but our government only sees "tax revenue."

F	55-64	1	11-20 yrs	Traffic
F	55-64	1	11-20 yrs	Traffic, Traffic, Traffic everywhere, all the time. And the people trying to avoid traffic speeding through areas not as congested. No enforcement with speeding in the cut through areas. It's no longer feels safe to cross streets while walking.
M	55-64	1	11-20 yrs	Business Development- too many franchise developments we need private unique businesses- that build the character of our town

M	55-64	1	11-20 yrs	Reduce property taxes to make housing affordable
M	55-64	1	11-20 yrs	Revitalize the downtown with more shops, pedestrian malls, and park areas.
M	55-64	1	11-20 yrs	Roads and streets. There's been too much growth and we're not keeping up with traffic and street maintenance. I live on Moonlight Bay Dr. and it and Highland Meadows Parkway are falling apart. I contacted the town resource about roads and was told Moonlight Bay was scheduled for repaving so far in the future that it will be a dirt road by then. There's literally 1" cracks in the street and lakes of water ice as it's so uneven. The lack of maintenance makes me feel that the town is growing too fast and is beyond its means to keep everything in good repair.

M	65-74	1	11-20 yrs	Bring back recycling and yard waste. That was so convenient and great to have!
M	65-74	1	11-20 yrs	Downtown traffic. Too much traffic flows through downtown to get to another city or town.
M	65-74	1	11-20 yrs	Eliminate apartment complexes and limit residential development.
M	65-74	1	11-20 yrs	I wish the city would be more involved in oversight of Metro districts. I have never seen a city official at any of our Metro District meetings allowing the developers to do things without oversight.
M	65-74	1	11-20 yrs	I'd get the streets repaired in west Windsor
M	65-74	1	11-20 yrs	Kyger Lake needs picnic tables and benches and trees on the East side of Kyger Lake leaving unobscured views of Longs Peak. And Kyger Lake needs to be opened to non-motorized personal craft (kayaks, paddle boards, etc)
M	65-74	1	11-20 yrs	More non-chain restaurants

M	45-54	2	11-20 yrs	I would say the available of open space, Realize it probably isn't a top priority for a lot of reasons, but given we are fairly urban surrounded by mostly private property, it can feel claustrophobic.
M	45-54	2	11-20 yrs	Improve the community feel of 392. It feels too much like any other city you would drive through and then forget about it.
M	45-54	2	11-20 yrs	More retail and restaurants.
M	45-54	2	11-20 yrs	Police staffing as it never seems to have enough officers when major events occur
M	45-54	2	11-20 yrs	Schools are undersized, not keeping up with growth. This oisnt directly a town matter, but directly impacts the community.

Town of Windsor 2024 Community Survey
"If you could improve one aspect of Windsor, what would it be and why?"

Sex	Age Range	Dist	Tenure	Response
M	45-54	2	11-20 yrs	Stop developing every open field into rows and rows of houses.
M	45-54	2	11-20 yrs	Traffic & road infrastructure. The current roads can not handle the amount of traffic on them.
M	45-54	2	11-20 yrs	Traffic. It's bad and getting worse very quickly
M	45-54	2	11-20 yrs	Uneven enforcement of speed limits. Some streets are heavily patrolled and nobody speeds while other streets are not heavily patrolled and those streets have become the autobhan.
F	55-64	2	11-20 yrs	Better quality restaurants, no chains or fast food, no comfort foods. We eat in Loveland a lot.
F	55-64	2	11-20 yrs	Connected trails throughout the whole community. This would help increase the connectedness of community feel.
F	55-64	2	11-20 yrs	Don't have the entire town in Martin Linds pocket
F	55-64	2	11-20 yrs	Improved shopping opportunities would give residents a better opportunity to use their dollars in support of the Windsor economy as opposed to sending those dollars to FoCo businesses, Loveland businesses, or Amazon (or other internet businesses).
F	55-64	2	11-20 yrs	Less traffic and more parking downtown. Reroute 392.
F	55-64	2	11-20 yrs	Lower taxes
F	55-64	2	11-20 yrs	Preserve the natural environment.
F	55-64	2	11-20 yrs	Road through main streets
F	55-64	2	11-20 yrs	Staffing for Town facilities. There just seems to be fewer people to help.
F	55-64	2	11-20 yrs	Stop Martin Lind from developing more and turning it into cheap housing and a ski hill? Should never have happened.
M	55-64	2	11-20 yrs	A truly vibrant downtown area
M	55-64	2	11-20 yrs	Have programs to encourage and coordonate citizen volunteer efforts that can make a big difference in times of crisis, such as ham radio, facilities for shelter during extremes of safety threats (fallout, massive civil unrest or war, blackouts, etc.).
M	55-64	2	11-20 yrs	Improve enforcement of Traffic Violations to make driving, biking, and walking around town a little safer.
M	55-64	2	11-20 yrs	Less apartment buildings. Infrastructure can't handle it.
M	55-64	2	11-20 yrs	No down town paid parking. We are not a destination town. Most people who support our down town businesses are local. So mailing is pay will hurt businesses.
M	55-64	2	11-20 yrs	Police would strongly enforce golf cart and fireworks laws. The number of children driving carts in my neighborhood continues to grow, and it is only a matter of time until there is a serious injury. Same with fireworks - each year that I have lived here, the residents continue to push the envelope further, and I fully expect a significant incident to property or life in the next year or so.
M	55-64	2	11-20 yrs	Require developers of apartments to make their buildings look architecturally pleasing. Stop approving hundreds of apartments all right next to each other as you have on Steeplechase and Raindance. Require builders to break them up with housing in between. You created a nasty nightmare on Steeplechase.

"If you could improve one aspect of Windsor, what would it be and why?"

Sex	Age Range	Dist	Tenure	Response
F	65-74	2	11-20 yrs	Attainable housing for people who work here. So people can live where they work

F	65-74	2	11-20 yrs	Not sure
F	65-74	2	11-20 yrs	Slow the growth
F	65-74	2	11-20 yrs	Slowing growth to allow newcomers to adjust to our way of life. Too many people, too fast has people acting like they did wherever they came from rather than adopting our sense of community and our "Colorado-ness". Being laid-back, friendly, neighborly and welcoming.
F	65-74	2	11-20 yrs	Streets and traffic flow, infrastructure
F	65-74	2	11-20 yrs	That all the apartments are not at one end of town. There are so many complexes on the south west corner of Windsor. They need to be dispersed throughout Windsor, north, east north east all over.
F	65-74	2	11-20 yrs	The Planning Department as there appears to be no logical planning
M	65-74	2	11-20 yrs	Better infrastructure to alleviate traffic congestion.
M	65-74	2	11-20 yrs	Better traffic control on the Larimer County side - need to reduce hazards
M	65-74	2	11-20 yrs	Lessen congestion on downtown Main Street
M	65-74	2	11-20 yrs	Limited new housing Not affordable for young homebuyers
M	65-74	2	11-20 yrs	Prevent additional growth of new neighborhoods or recreational albatrosses like Hoe Down Hill & the "Dome" for sports which are an eyesore and will be a financial drain on the community when they fail. Improve the retail grocery opportunities in Windsor.
M	65-74	2	11-20 yrs	Restore the Frank State Wildlife Refuge including the now drained lake.
M	65-74	2	11-20 yrs	Slow growth to reduce the increasing traffic issues
M	65-74	2	11-20 yrs	Traffic
M	65-74	2	11-20 yrs	Traffic is slowing...should address before it becomes monster
M	65-74	2	11-20 yrs	Traffic on 392

F	75+	2	11-20 yrs	Keep it small and add some retail
M	75+	2	11-20 yrs	Police responsibility. Get the drivers who don't regard the law off of the road
M	75+	2	11-20 yrs	Protect areas of natural beauty in and around town, particularly along the river and around lakes. Windsor is in the middle of major urbanization in northern Colorado - it must preserve and protect its natural environment to keep its unique character.
M	75+	2	11-20 yrs	Slow growth

Sex	Age Range	Dist	Tenure	Response
M	75+	2	11-20 yrs	Traffic flow
M	75+	2	11-20 yrs	Traffic; can be hard to navigate
F	18-24	3	11-20 yrs	Slower growth, more environmental awareness
M	18-24	3	11-20 yrs	Improved roads and retail developments. The roads are too small to handle the population growth. Along with retail, we need more places to shop and get groceries.
F	35-44	3	11-20 yrs	Better and easily accessible parking for stores and restaurants on Main Street
F	35-44	3	11-20 yrs	Better downtown, more restaurants throughout (not fast food). Another grocery store. Cap how many can live here. NO more building houses.
F	35-44	3	11-20 yrs	Bike paths/A NEW LIBRARY
F	35-44	3	11-20 yrs	Don't raise taxes any more!! We work hard and make good money but our town is already expensive and tired of being taxed more to help pay for others and more things. So many metro districts in town and seems like constant tax hikes on ballots, etc. Two middle class adults make good money but yet can't afford a lot with this current economic state. Existing homeowners shouldn't have to pay more for others to live in same houses at lower cost.
F	35-44	3	11-20 yrs	Housing that doesn't reek of greed. Not all crammed to tiny lots with no thought or design. They just slap up boxes. Also we need another grocery store and more restaurants. Less hair salons and insurance agents and dentists
F	35-44	3	11-20 yrs	Lowering taxes Supporting another grocer
F	35-44	3	11-20 yrs	Stop building new neighborhoods. Fix the infrastructure. Fix the schools.
F	35-44	3	11-20 yrs	Supporting the downtown business is more by cleaning up downtown and having more parking for customers!
F	35-44	3	11-20 yrs	This town never needed the amount of uninhibited growth we've experienced. We do not need anymore characterless, sprawling developments of boxy houses.
F	35-44	3	11-20 yrs	To address the rapid growth of homes
F	35-44	3	11-20 yrs	Too many houses. Stop the builders, especially Journey.
F	35-44	3	11-20 yrs	Traffic and poor-performing schools
F	35-44	3	11-20 yrs	We need less housing, better grocery options, more outdoor activity options (things fill up fast) and better restaurants. It's just very cramped and busy. I avoid downtown. We need to cap housing and focus on improving what we have and building what we need to accommodate who is here. No more population growth (other than affordable housing options).
F	35-44	3	11-20 yrs	Windsor is quite homogenous and diversity would benefit the town and maybe drown out the small faction of ideological extremists.
M	35-44	3	11-20 yrs	Downtown and more restaurants. Most people go to Fort Collins or other towns. Missed opportunity here
M	35-44	3	11-20 yrs	Eliminate the DDA. They are out for their own personal gains then the benefit of the town. They are great at deceiving the public to get their way.

Sex	Age Range	Dist	Tenure	Response
M	35-44	3	11-20 yrs	Make decisions on the people and not getting rich off your decisions
M	35-44	3	11-20 yrs	To curb growth. The town is growing much too fast for anything to catch up. The school district doesn't pay enough for the teachers to live here. It's sad
M	35-44	3	11-20 yrs	Traffic on 392
F	45-54	3	11-20 yrs	Better traffic flow from east to west Windsor. There is just one main road
F	45-54	3	11-20 yrs	Education quality
F	45-54	3	11-20 yrs	Help small businesses!
F	45-54	3	11-20 yrs	Hope we can work with Severance to get sidewalks for SMS and SHS
F	45-54	3	11-20 yrs	Improve Main Street!!!! Better enforcement of speed limits
F	45-54	3	11-20 yrs	Keep more open space and stop the growth
F	45-54	3	11-20 yrs	People moved here for the small town feel. It's growing way too much.
F	45-54	3	11-20 yrs	Reduce traffic congestion by controlling train movement and getting commercial vehicles to take an alternate route other than main st.
F	45-54	3	11-20 yrs	Roads need to be enlarged. Traffic is becoming a nightmare and people have started using neighborhoods as roadways to afford the main road traffic problems.
F	45-54	3	11-20 yrs	Schools have gone down hill. Get great teachers to fill positions not just a warm body. Stop allowing builders to build. We are over crowded!
F	45-54	3	11-20 yrs	Slowing the housing and population growth while demanding and supporting the infrastructure needs to accommodate the current citizens.
F	45-54	3	11-20 yrs	Stop the growth.
F	45-54	3	11-20 yrs	The drug problem with the youth. Too easy in high school to do drugs in the parking lot!
F	45-54	3	11-20 yrs	The explosion of homes and businesses that haven't ever been a part of Windsors character in the past. Windsorites love our history and maintaining it.
M	45-54	3	11-20 yrs	Access to businesses
M	45-54	3	11-20 yrs	Big business being allowed in to provide substantial retail sales tax to grow all other areas in need.
M	45-54	3	11-20 yrs	Biking paths
M	45-54	3	11-20 yrs	Dining
M	45-54	3	11-20 yrs	Downtown Development
M	45-54	3	11-20 yrs	Finish developing downtown to truly keep it the center of activities in Windsor.
M	45-54	3	11-20 yrs	I'd improve the bureaucracy. There's far too much administrative and or silly laws that impact the average person to the Town's benefit, while the laws that should be enforced aren't, or do not appear to to be. However, this is true of most towns; got to make money somehow.

Town of Windsor 2024 Community Survey
"If you could improve one aspect of Windsor, what would it be and why?"

Sex	Age Range	Dist	Tenure	Response
M	45-54	3	11-20 yrs	Infrastructure of roads
M	45-54	3	11-20 yrs	Keep our small town small. Too much growth destroys any sense of community.
M	45-54	3	11-20 yrs	No more spending tax dollars on trails/parks. Improve roads and bypass routes for when trains block roads for more than 15 min.
M	45-54	3	11-20 yrs	Only one?? Serious...Ok, One thing that will improve it slightly for us would be a good grocery store on the EAST end of town. Its absurd that the only two grocery stores are right across the street from each other and us East-enders have to drive through downtown traffic to get to them.
M	45-54	3	11-20 yrs	Stop building and over populating this town, we're not Fort Collins and don't want to try to be them, slow it down and let's get the infrastructure caught up to handle growth. Stop trying to bring in lower income families.
M	45-54	3	11-20 yrs	Traffic on Main St. It's too busy for a small city.
M	45-54	3	11-20 yrs	Traffic. Is very dangerous at times
F	55-64	3	11-20 yrs	Inclusion - a small group is speaking and making decisions for the whole community. An effort needs to be made to involve the underserved in plans for the Town's future.
F	55-64	3	11-20 yrs	Since I can't think of a way to alleviate the population problem, I will focus on what can be improved. The newest bike lanes on 7th and the east end of Walnut are really nice. The older ones are dangerous or non-existent. I don't know if I'll have the opportunity for more comment sections in this survey so I will also add that it would be nice if we had a roller rink or other type of high schoolers hang out, similar to Rollerland in Fort Collins. Thank you.
F	55-64	3	11-20 yrs	Traffic - congestion on ALL our main streets will only get worse
F	55-64	3	11-20 yrs	Traffic and trying to keep this a small town feel even if the Town is 40000+. Important to have a small town feel.
M	55-64	3	11-20 yrs	Complete the down town renovation and add more retail and living space to the north between 392 and the railroad tracks.
M	55-64	3	11-20 yrs	Cost of using Rec center
M	55-64	3	11-20 yrs	Improving traffic flow because we only have main artery and the big rigs do not help the current situation
M	55-64	3	11-20 yrs	Kick out entitled old people
M	55-64	3	11-20 yrs	Lower property tax w
M	55-64	3	11-20 yrs	Not have low income housing projects in town. It brings crime with it.
M	55-64	3	11-20 yrs	When the real estate bubble is finally unleashed I hope you're not enabling it with more bloated government that always makes it worse. Bigger government bigger salaries.
F	65-74	3	11-20 yrs	Cap on growth and more parking downtown
F	65-74	3	11-20 yrs	Diversity. We need fewer hostile Republicans who are unwelcoming esp in the Town Board.
F	65-74	3	11-20 yrs	Limit new housing builds
F	65-74	3	11-20 yrs	Main St traffic

F	65-74	3	11-20 yrs	Trucks on Main Street. Ruins the ambiance of old town and makes people not want to be there.
M	65-74	3	11-20 yrs	Commuter traffic bypass Main Street.
M	65-74	3	11-20 yrs	Less development, more business
M	65-74	3	11-20 yrs	Location
M	65-74	3	11-20 yrs	More places to eat at.
M	65-74	3	11-20 yrs	More shopping
M	65-74	3	11-20 yrs	Replace the entire planning department. That department continues to blindly sign off on developer requirements, leaving the residents with high cost landscaping and infrastructure issues which in turn require increased mill levy under the respective Metro Tax District.
M	65-74	3	11-20 yrs	SLOW THE GROWTH. GREENSPIRE IS BEING FLODDER WITH MULTIFAMILY HOUSING
M	65-74	3	11-20 yrs	Smaller city government. Lower taxes.
M	65-74	3	11-20 yrs	Town engineering dept needs to help preserve neighborhood quality of life when planning new roads.
M	65-74	3	11-20 yrs	Traffic is terrible as population has greatly increased but streets and traffic patterns have stayed the same. Need to bypass big trucks and semi's
M	65-74	3	11-20 yrs	Traffic on Main Street and other areas of growth.
M	65-74	3	11-20 yrs	Traffic, it is difficult to get around and park in the downtown area
F	75+	3	11-20 yrs	Alleviate truck traffic through Main street
F	75+	3	11-20 yrs	Parking for handicap people
M	75+	3	11-20 yrs	Improved grocery shopping.
M	75+	3	11-20 yrs	Retail economic development.
M	18-24	4	11-20 yrs	I would bring back the community aspect. Concerts used to have hot dog barbecues and ice cream socials. Give us a bowling alley or a dance hall! People need to know their neighbors and know that we're in this together. Fancy propaganda doesn't do that. Action will.
M	18-24	4	11-20 yrs	Security
M	18-24	4	11-20 yrs	STOP BUILDING HOUSES!!! Also weirdly the banks, there's like 15 banks in Windsor.
F	25-34	4	11-20 yrs	It's growing too fast and losing the small town feel. This is because houses and apartments are being built too fast.
M	25-34	4	11-20 yrs	Bro you said this was gonna be 15 mins but it's like 25 😭😭
M	25-34	4	11-20 yrs	I'm not sure....
M	25-34	4	11-20 yrs	There needs to be more police.

Town of Windsor 2024 Community Survey
"If you could improve one aspect of Windsor, what would it be and why?"

Sex	Age Range	Dist	Tenure	Response
F	35-44	4	11-20 yrs	Balancing the political, religious, and financial interests/influence of the population. We are a white, Christian, right leaning community. Those that don't fit into those categories experience discrimination, judgement and are not welcomed here.
F	35-44	4	11-20 yrs	Being able to enter Windsor without passing new huge home developments. More focus on inclusion and diversity which would naturally come if a variety of housing options were being built, including affordable housing.
F	35-44	4	11-20 yrs	Don't buy into political agendas. Ex. Covenant park doesn't have a volleyball net because of covid. That's silly.
F	35-44	4	11-20 yrs	Limit new housing developments...the growth is too fast for all other aspects (schools, traffic, retail, etc)
F	35-44	4	11-20 yrs	Promote diversity and kindness
F	35-44	4	11-20 yrs	School safety, skyview drive line is very dangerous and I believe a child will get hurt, they need to only allow cars to enter into the drive line heading west, when people enter from the east it becomes a place where kids can get injured
F	35-44	4	11-20 yrs	Stop the complaining
F	35-44	4	11-20 yrs	The income gap the exists. This is the root of a lot of issues.
F	35-44	4	11-20 yrs	Wish they would have done the bypass years ago. It is too crowded now to expand the roads or do a bypass. Need to keep the liberal agenda out of our town. We will help our neighbors, not have a government demand it.
M	35-44	4	11-20 yrs	#NAME?
M	35-44	4	11-20 yrs	Manage the growth. The traffic and lack of retail here is astonishing given the growth that has been managed poorly. The feel of the town is dying
M	35-44	4	11-20 yrs	The amount of development. I think we are allowing large communities to build without resources to sustain these builds. Our roads are becoming worn, stores are over run and restaurants are over flowing. Going out for dinner is a chore and going to Loveland or Fort Collins is easier.
F	45-54	4	11-20 yrs	Another rec center. Another lake to kayak on.
F	45-54	4	11-20 yrs	Change the level of entitlement and lack of awareness of the outside world that residents have. When many residents band together to say "what's the purpose of a library? If kids want books, their parents can go buy them", you have an issue and it doesn't make the town welcoming for the people we need to live and work here to fill our service jobs. If we don't have them, we don't have the shopping or dining opportunities we need for a town this size. A perfect example is this survey. It started talking about housing opportunities for middle class, but quickly delved into calling them median or lower income. It's not an easy problem to fix since we allowed it to get out of control by the lack of restraint around above median housing growth.
F	45-54	4	11-20 yrs	Close the boarder of Windsor
F	45-54	4	11-20 yrs	Diversity
F	45-54	4	11-20 yrs	Diverting Main Street (HWY 392) traffic around Windsor.
F	45-54	4	11-20 yrs	Fewer people. We have grown too fast.

Sex	Age Range	Dist	Tenure	Response
F	45-54	4	11-20 yrs	I would like infrastructure to support the amount of people that live here. I would also like more restaurants over on the west side so people don't have to go to FT. Collins
F	45-54	4	11-20 yrs	Population; Windsor has lost much of what once was special about our town; see above.
F	45-54	4	11-20 yrs	Restaurants and another King Soopers. The restaurants we have now are expensive and not good. To many people for ONE grocery store.
F	45-54	4	11-20 yrs	Slow the growth, this town is not designed to support all the growth let alone the impact the growth has on resources like our school district
F	45-54	4	11-20 yrs	Stop the growth. There are too many people in Windsor and it grows by the day. The overall feel of the town has taken a steep nosedive since I moved here over 10 years ago. More people are speeding, running lights, not stopping for pedestrians in crosswalks. Where are the police?????
F	45-54	4	11-20 yrs	The amint of housing and apartments being put up. The small town feel of windosr is going away. Traffic is getting very congested and more crime is happening.
F	45-54	4	11-20 yrs	The divisiveness of town politics is undermining the sense of community.
F	45-54	4	11-20 yrs	Traffic flow, bigger roads
M	45-54	4	11-20 yrs	Build smaller affordable housing, but not segregated. Diverting traffic around Windsor.
M	45-54	4	11-20 yrs	Downtown parking because we currently don't go there much because of the difficulties.
M	45-54	4	11-20 yrs	Keep property tax lower
M	45-54	4	11-20 yrs	Quit zoning for residential so much. We need more retail here and less people!
M	45-54	4	11-20 yrs	Slow the growth.
M	45-54	4	11-20 yrs	The need for another grocery store is a must. Maybe not on Main St but by The Main Event/Brands Liquor, etc. Also red light camera system. Main St and 11th is a total joke for 1-3 cars running the red light (not even close to yellow). Main St is a speedway and very few can do 30MPH. It will take someone getting seriously injured or killed before something is done and that is sad.
M	45-54	4	11-20 yrs	Traffic.
M	45-54	4	11-20 yrs	What's going on with Legends Field??? It's becoming the eyesore that never officially opened.
F	55-64	4	11-20 yrs	Downtown traffic
F	55-64	4	11-20 yrs	Keep it smaller and more intimate.
F	55-64	4	11-20 yrs	Make it affordable again. My taxes, utilities, and gas etc. are so expensive. Most of my friends have ended up moving out of state because it is too expensive to retire here.
F	55-64	4	11-20 yrs	Think smartly about what direction And How we want Windsor to look in the future.
F	55-64	4	11-20 yrs	Widen 392 at the base of the hill at the Poudre River bridge. The pile up of traffic effects everyone at least 1-2x daily.
M	55-64	4	11-20 yrs	Affordable housing. Fix the economy and decrease taxes.

M	55-64	4	11-20 yrs	Rush hour traffic on main. Why have you tried driving down main at 5PM
M	55-64	4	11-20 yrs	Stop building houses we can not support.. it is why we are moving north.
M	55-64	4	11-20 yrs	Stop building houses. I miss the small farm town.
M	55-64	4	11-20 yrs	Traffic is terrible certain times of the day.I don't have a solution for this
F	65-74	4	11-20 yrs	An effort to bring more medical services to the town.
F	65-74	4	11-20 yrs	Control building.
F	65-74	4	11-20 yrs	Getting ALL the retail parking lots in good condition because the cleanliness and pot holes are a hazard driving and walking
F	65-74	4	11-20 yrs	Give the over 60 population a proper space for games and pool playing and crafts
F	65-74	4	11-20 yrs	How fast new housing is being developed
F	65-74	4	11-20 yrs	Lower Taxes to make living in Windsor more affordable for all
F	65-74	4	11-20 yrs	More diversity
F	65-74	4	11-20 yrs	The traffic. With heavier traffic comes impatience, and with impatience, accidents. We need some sort of bypass road for the downtown area, and another effective north-south connector street to handle the overload on 257 and 17th streets
F	65-74	4	11-20 yrs	Try and stay conservative
M	65-74	4	11-20 yrs	Affordable housing...two things I hear can't afford living here and growing too fast
M	65-74	4	11-20 yrs	Buy out the trashy corner home on 7th street and clean up
M	65-74	4	11-20 yrs	Decrease heavy equipment driving through downtown Main Street
M	65-74	4	11-20 yrs	Downtown parking
M	65-74	4	11-20 yrs	More affordable housing for seniors.

F	75+	4	11-20 yrs	Traffic congestion

M	75+	4	11-20 yrs	Slow growth
F	18-24	5	11-20 yrs	Affordable. Housing. QUALITY affordable housing and improving the cost of living. It feels like the vast majority of homes being built are only affordable to people making 6 figures and most people are not and will never make that kind of money here in Windsor. I've lived here for 18 years and I'm being priced out like most people I know. This used to be a small town and I feel like the local government and developers are destroying that.
F	35-44	5	11-20 yrs	Charge non residents for lake and parking access but not windsor residence.
F	35-44	5	11-20 yrs	Growth, it's hard to keep up with the population
F	35-44	5	11-20 yrs	It is much too expensive to live in Windsor and by allowing Journey Homes to build faster than our community could keep up the town should be ashamed. We once had good schools but now they are 700% over capacity and even with the new schools being built they will still be overcapacity. Before handing out building permits and lining your pockets the town should have thought about its citizens first.
F	35-44	5	11-20 yrs	Nothing
F	35-44	5	11-20 yrs	Slow down growth
F	35-44	5	11-20 yrs	Slow down the rate of residential growth. Before long Windsor will feel like Fort Collins, houses everywhere, too much traffic and not enough resources to support the growth.
F	35-44	5	11-20 yrs	Slower side street speeds
F	35-44	5	11-20 yrs	The overcrowding issue, because everywhere you go in Windsor it is far too crowded. Whether at the schools, restaurants, events, traffic, facilities, businesses and stores. Everyplace in Windsor is overcrowded because there are far too many residents for the area.
F	35-44	5	11-20 yrs	The rate at which cheap, non-quality housing continues to be built without regard to the affects it has on the school system as well as the lack of open space.
F	35-44	5	11-20 yrs	The schools. That they would protect children against the harmful agendas of our day.
F	35-44	5	11-20 yrs	Traffic
F	35-44	5	11-20 yrs	Traffic bottlenecks in old Town and around the charter academy
F	35-44	5	11-20 yrs	Windsor needs to address the overcrowding issue because there are too many residents vs areas. All places within the town are too crowded.
M	35-44	5	11-20 yrs	More restaurants that stick around for more then a year... a grocery store and a bug box home improvement store...

F	35-44	6	11-20 yrs	I'd add more actually affordable housing. I think we should incentivize small traditional housing in the 500-800sf size that will be more affordable and also a good fit for single people and retirees
F	35-44	6	11-20 yrs	Martin Lind has way too much power and influence on town policies, development, and decisions
F	35-44	6	11-20 yrs	Property taxes and inflated home values—people can't afford to live here or move here due to the cost of homes/rent.
F	35-44	6	11-20 yrs	Slow down the individual box home building

F	45-54	6	11-20 yrs	Main street parking
F	45-54	6	11-20 yrs	The enforcement of traffic laws; particularly in residential areas.
F	45-54	6	11-20 yrs	Traffic flow and the lack of people stopping at stoplights. The stoplights and lack of police presence at the known problem spots (11th & Main; 7th & Main) make it scary for me as a driver and as the mother of teens learning to drive.
M	45-54	6	11-20 yrs	Family restaurants not just fast food
M	45-54	6	11-20 yrs	Family style restaurants, breakfast and dinner, currently not enough options without waiting in line

F	55-64	6	11-20 yrs	Beautifying the entrances. 257 is ugly, 7th street is ugly. 392 coming in from the east is ugly. it's a bad first impression
F	55-64	6	11-20 yrs	Growth
F	55-64	6	11-20 yrs	More open undeveloped space! Less housing and oil and gas activities. There needs to be areas preserved for wildlife to access and live. Openspace makes the area more healthier and desirable, Additionally it is necessary to support the ecosystem. Healthier ecosystems equal better quality of life for all!
F	55-64	6	11-20 yrs	Slow down the explosive residential growth until the infrastructure is in place to deal with that growth.
F	55-64	6	11-20 yrs	Somehow Provide nice well kept affordable housing

F	65-74	6	11-20 yrs	Downtown. Shops and Traffic

F	65-74	6	11-20 yrs	Limit new building
F	65-74	6	11-20 yrs	Quit approving everything a developer wants without having them plan for significant open space for parks and rec programs. The "pocket parks" in large neighborhoods are a joke and over crowded. Where will be another Rec Center and swimming pools? Even Windsor Lake is now impossible to park it's too busy.

F	65-74	6	11-20 yrs	Stop the new subdivisions and apartment building

M	65-74	6	11-20 yrs	Clean up the I:25, 392 exit to Windsor. All entrances to Windsor should look inviting! Not the eyesore they currently are. enforcement of existing codes including town property, keep ditches, roadways and intersections clean, mowed, weed free, and trees and shrubs trimmed. F	35-44	U	11-20 yrs	Cost of living
F	35-44	U	11-20 yrs	Decrease property taxes because it is pushing people out that cannot afford to live here and then you will increase it to come up with programs to offset the cost for new people moving in instead of focusing on keeping it affordable for those who are already here
F	35-44	U	11-20 yrs	Ridiculously high housing prices.
F	45-54	U	11-20 yrs	Better options for restaurants and grocery stores. We don't need one more dentist, coffee shop, car wash or bank. I would rather stay local than go to Loveland, Greeley, or Fort Collins
F	45-54	U	11-20 yrs	I encourage the Town Board and Mayor to listen to the people more and allow more town hall/public comment about concerns and find a better mechanism for notification of their constituents. I have found them dismissive or condescending at best. When I expressed concerns and asked questions about downtown parking issue, only one board member responded with - "We did a parking study here is a link to it." I sign up for notifications from the Town but when I went to this site - there are a lot of public hearings I was not aware of. So the town has a lot of public hearings (we sought input) but how do you find out about them besides checking this site? https://www.windsorgov.com/468/Public-Hearings-Legal-Notices-Ordinances

F	65-74	U	11-20 yrs	Traffic congestion
F	65-74	U	11-20 yrs	Traffic patterns - 257 near Ventana is a nightmare in morning and evening. Still have not addressed parking downtown. No cultural center
M	65-74	U	11-20 yrs	Improve downtown traffic
F	75+	U	11-20 yrs	Affordable housing
F	75+	U	11-20 yrs	Better traffic flow. More living conditions for seniors with low income. There are so many senior widows that need low income residents. A place where they can walk to the stores. So many don't have cars. For instance, Governors Farm apartments are too far from the stores and the upkeep of their property is a disgrace. Roofs are over 50 years old. So are the kitchen appliances.
F	75+	U	11-20 yrs	Slow down building homes because we are losing our small town feel
M	75+	U	11-20 yrs	Can't think of anything

M	25-34	1	2-5 yrs	A combination of zoning changes and additional public transit options. By allowing multiuse zoning, less people will need to drive to stores or restaurants, lowering traffic congestion. Additionally, by incentivizing walking, biking, and public transit use, the local populace will lead healthier lives.
M	25-34	1	2-5 yrs	Add facilities (schools, rec centers, etc) to the south because living in Raindance basically feels like living in Johnstown or Loveland
M	25-34	1	2-5 yrs	As the town grows, making Main Street as walkable as possible.
M	25-34	1	2-5 yrs	Windsor needs municipal broadband like Timnath, Fort Collins, Loveland and Longmont already have. Tired of paying twice as much for less than one third the bandwidth and worse reliability. Folks from all income levels will benefit by the ability to reliably and affordably access broadband fiber for work, education and entertainment. Please sign IGA with Loveland Pulse or Fort Collins Connexion.

F	35-44	1	2-5 yrs	Main Street traffic options
F	35-44	1	2-5 yrs	More grocery stores
M	35-44	1	2-5 yrs	A bike trail connecting Highland Meadows. I would love to connect with the rest of the trails and have a way to bike into Windsor. Currently, I can't take my kids on the main roads to get to the bike trails (too dangerous)

M	35-44	1	2-5 yrs	More retail and restaurants to support the residential growth we have seen. I often go to Fort Collins and other surrounding cities for services
M	35-44	1	2-5 yrs	Much larger recreation center. It is drastically undersized for the growth the area has seen.
M	35-44	1	2-5 yrs	Restaurant selection. We have enough Thai restaurants how about more variety
M	35-44	1	2-5 yrs	The Main Street traffic should be addressed, specifically truck traffic, feels like a safety hazard
M	35-44	1	2-5 yrs	To somehow redirect the highway around downtown Windsor. Lafayette and Louisville have done this and their downtown area is a great spot to walk around and be outside without a lot of cars going through.

F	45-54	1	2-5 yrs	Slow its growth

"If you could improve one aspect of Windsor, what would it be and why?"

Sex	Age Range	Dist	Tenure	Response
F	25-34	2	2-5 yrs	Less housing being built to maintain open spaces
F	25-34	2	2-5 yrs	Main Street and more grocery stores. Too crowded and underserved for both items listed
F	25-34	2	2-5 yrs	More retail / shopping. Trader Joe's , target, etc
F	25-34	2	2-5 yrs	Mostly access. We can't walk or bike from our home to a store, and there isn't much for stores so we'd have to go to foco or Loveland for many things and activities
F	25-34	2	2-5 yrs	Roads and railroads, very frustrating
F	25-34	2	2-5 yrs	School capacity. There is so much growth and the public schools are already at capacity. We need space for students to attend quality, public schools in their hometown. The recent bond will help, but imagine it will continue to be an issue with the continued residential growth.
F	25-34	2	2-5 yrs	Stop building because it disrupts animals and nature
F	25-34	2	2-5 yrs	The fast growth that impacts overpopulating schools and grocery store options.
F	25-34	2	2-5 yrs	The walkability. If you don't live directly downtown then you have to drive to get anywhere. I live on the south side of town because it was all we could afford when we bought, but now it feels like we are so far away from any amenities.
F	25-34	2	2-5 yrs	Traffic Safety in the Raindance neighborhood
M	25-34	2	2-5 yrs	Affordable housing, more medical providers, and grocery options.
M	25-34	2	2-5 yrs	Better roads, traffic flow
M	25-34	2	2-5 yrs	Downtown lacks quality restaurants and social opportunities.
M	25-34	2	2-5 yrs	I would ensure that we house everyone before we leave lights on all the time for a bunny slope that also has fake snow made daily for it
M	25-34	2	2-5 yrs	I would try and help with all the new neighborhoods being in metro districts. People Buy houses and then cannot afford them when the metro tax kicks in and no realtor or salesman is honest about what the metro tax actually is.
M	25-34	2	2-5 yrs	More community events
M	25-34	2	2-5 yrs	The speed limits in some neighborhoods are to fast
M	25-34	2	2-5 yrs	Trader Joe's, more affordable and better groceries.
M	25-34	2	2-5 yrs	Traffic from increase of residents
M	25-34	2	2-5 yrs	Traffic. Living in raindance there are only two ways to get into town and both spit you out at either end of town. Beyond that, with the rapid growth, traffic is often backed up.
M	25-34	2	2-5 yrs	Water quality, needs to be better for all that use it
F	35-44	2	2-5 yrs	Continue to improve the schools - pay teacher more and build enough schools to manage the population - I feel we are on track but need to keep pushing

F	35-44	2	2-5 yrs	Grocery store on the south side of town
F	35-44	2	2-5 yrs	I have 4 kids and it is really hard to get them signed up for rec sports. We can't afford other types of sports, so we rely on rec sports. But they fill up too quick. By the time I get home from work in the evening, many things are filled up and don't have waitlists.
F	35-44	2	2-5 yrs	I wish a sex offender who was recently trafficking minors didn't move into Raindance near us. I don't know why he's not in jail - so much is wrong with our systems. Otherwise, improve commercial while maintaining a community feeling.
F	35-44	2	2-5 yrs	I wish the community that has grown up here would be more welcoming to newcomers. We aren't here to take things away from them or to change their town. The town is going to change regardless. That's what progress does. Some of us are here because of jobs and have no choice, so it would make things more pleasant if neighbors could be more welcoming. I see the rude comments all the time on the Windsor Town Watch Facebook page. I live in RainDance and apparently we've ruined a Windsor. ㄟ(ㄣ) ㄟ
F	35-44	2	2-5 yrs	Less track home neighborhoods
F	35-44	2	2-5 yrs	Local grocery store. Prefer King Soopers vs Safeway. So make King Soopers larger. Current store way too small for the growth Windsor has. I travel to Fort Collins for grocery shopping. Sprouts grocery store as an option?
F	35-44	2	2-5 yrs	More businesses downtown, avoid commute to Fort Collins
F	35-44	2	2-5 yrs	More diversity and inclusion. There are unfortunately many bigots in this area.
F	35-44	2	2-5 yrs	More healthy restaurants and grocery stores.
F	35-44	2	2-5 yrs	More quality restaurants, coffee shops, places for families to eat together
F	35-44	2	2-5 yrs	More retail and restaurants to support the amount of population growth in Windsor and surrounding communities.
F	35-44	2	2-5 yrs	Needs a Target or a Walmart.
F	35-44	2	2-5 yrs	No more housing developments! Especially no more apartments and condos. Keep Windsor a smaller town
F	35-44	2	2-5 yrs	Not sure
F	35-44	2	2-5 yrs	Overpopulation. Windsor is rapidly becoming overcrowded. Yes, everyone wants to live here but us whom live here don't want the added traffic and less of a small town feel.
F	35-44	2	2-5 yrs	Providing more preschool and childcare for families.
F	35-44	2	2-5 yrs	Roads/traffic
F	35-44	2	2-5 yrs	Shopping- grocery stores are too small and having more shops and restaurants
F	35-44	2	2-5 yrs	The Division politics has made between our neighbors has been bad for everyone. I'd like to see activities for kids that I don't feel like us just a money maker. Almost every sport offered is mostly to make money and dies very little to foster community for the adults and children involved.

F	35-44	2	2-5 yrs	We need more restaurants that are not fast food or chains. For example, a local sandwich shop (not Subway, not Arby's) and some more fast casual, local restaurants. There is a big gap between fast food and sit-down restaurants where Windsor is missing the mark, especially for young families.
M	35-44	2	2-5 yrs	Education, the school system here is 10+ years behind best practices being employed across the nation. It is a bit alarming
M	35-44	2	2-5 yrs	Fix the traffic. 392/Main is terrible, especially in rush hour.
M	35-44	2	2-5 yrs	Having more stores, places to work and get rid of super intendant she is bad for education!
M	35-44	2	2-5 yrs	I love to see a gondola or ski lift type of option to get people to and from downtown to Raindance and back. I'd spend WAY more money at restaurants, shops and bars if we didn't have to worry about parking, or bringing a designated driver with us.
M	35-44	2	2-5 yrs	Less street lights, more roundabouts.
M	35-44	2	2-5 yrs	More commercial buildout - you need to require commercial zoning if you are going to approve such a high rate of residential development
M	35-44	2	2-5 yrs	More cost effective restaurants
M	35-44	2	2-5 yrs	No Metro District taxes. This is and will continue to hurt the citizens and families who lives in Windsor. It will only get worse as time goes on. Windsor needs to vet builders in the area to ensure homes are being built with quality and longevity in mind.
M	35-44	2	2-5 yrs	Road infrastructure
M	35-44	2	2-5 yrs	Supporting the overall growth of the community by increasing public safety, infrastructure support, and long term planning.
M	35-44	2	2-5 yrs	Traffic through downtown
M	35-44	2	2-5 yrs	Traffic volume problems and safety. Balanced growth
F	45-54	2	2-5 yrs	Animal control. Also I would prefer a ban on certain breeds of dogs. I heard there's a Staffordshire terrier breed ban in my area but not pitbull that makes no sense to me. There have been multiple instances of packs of pit bulls running around loose in my area along with many other kinds of dogs
F	45-54	2	2-5 yrs	Grocery store options because King Soopers is way to crowded. Safeway is out of stock of everything.
F	45-54	2	2-5 yrs	More cultural social opportunities, so I don't have to drive to Fort Collins for that
F	45-54	2	2-5 yrs	More grocery stores
F	45-54	2	2-5 yrs	More retail, restaurants, and bigger grocery stores because we do not have access to them in the Windsor area now
F	45-54	2	2-5 yrs	Nicer, more like minded people, less extremism/racism
F	45-54	2	2-5 yrs	Parking at Boardwalk Park for town events

M	45-54	2	2-5 yrs	I would make it more affordable with less snotty stick up kids at the school who pick on the kids.
M	45-54	2	2-5 yrs	I'd like to see better access from the Larimer County side of Windsor to the Weld County side. Specifically Colorado Blvd. is getting extremely busy. If bike and walking trails could be built that would make it safer to get to down town without a car that would be nice. But I also see that this really only benefits a same portion of the town, so I'm not all that hopeful.
M	45-54	2	2-5 yrs	Increased traffic mitigation. Ex. more roundabouts vs. traffic lights; increasing capacity of major arteries (ex. 7th Ave between New Liberty & Main St), etc.
M	45-54	2	2-5 yrs	Less developer influence to slow down housing development growth
M	45-54	2	2-5 yrs	Making more affordable home buying options as I want to buy a house here in Windsor.
M	45-54	2	2-5 yrs	More downtown restaurants that's not trying to be high end
M	45-54	2	2-5 yrs	Reduce liberal tendencies to be all things to all people and adopting policies that attempt social and economic redistribution.
M	45-54	2	2-5 yrs	Stop growing out of control
M	45-54	2	2-5 yrs	The retail options as it relates to groceries. Kingsoopers has become a real challenge. It was great for when the town was smaller but it needs to grow and provide more as the town grows.
F	55-64	2	2-5 yrs	Another type of grocery store. Safeway is expensive and not attractive to shop at and king Soopers is too crowded
F	55-64	2	2-5 yrs	Beautification- parks are nice but could be improved
F	55-64	2	2-5 yrs	Growth
F	55-64	2	2-5 yrs	More stores, a thrift store
F	55-64	2	2-5 yrs	More to do
F	55-64	2	2-5 yrs	Restaurants. There are not enough family restaurants in town that are not fast food.
F	55-64	2	2-5 yrs	Restrict all of the new neighborhoods being built.
F	55-64	2	2-5 yrs	Right now it appears that the downtown is becoming more unusable and is losing its charm. It could be so much more but it is just becoming another suburban sprawl.
F	55-64	2	2-5 yrs	Slow the growth, keep it small town
F	55-64	2	2-5 yrs	The growth is so fast. The open fields are disappearing. The cookie-cutter neighborhoods have nice amenities, but they lack character and charm.
F	55-64	2	2-5 yrs	Traffic flow
M	55-64	2	2-5 yrs	Better services up by RainDance. City hasn't done very well with retail stores outside of main st.
M	55-64	2	2-5 yrs	Downtown. More quality restaurants
M	55-64	2	2-5 yrs	Good grocery
M	55-64	2	2-5 yrs	Less government involvement in areas the free market should dictate like housing. Less regulations, fees and taxes.

M	55-64	2	2-5 yrs	Stop it from feeling congested. Open spaces like farms, parks, golf courses and open natural space scattered around community

F	65-74	2	2-5 yrs	Add a Aprouts grocery store as well as a Walmart and other shopping and restaurants along with parking downtown

F	65-74	2	2-5 yrs	Traveling on Main Street because it currently feels unsafe and congested
F	65-74	2	2-5 yrs	Wider roads for all 2 lane access roads to become 2 lane each direction around the community. Growth is happening too fast for these 1 lane in each direction roads.
M	65-74	2	2-5 yrs	Better support of the aging population
M	65-74	2	2-5 yrs	Better traffic control.
M	65-74	2	2-5 yrs	Diversity, we need to aggressively attract people of color.
M	65-74	2	2-5 yrs	Economic growth
M	65-74	2	2-5 yrs	I like the idea of the back lots parking and 5th street mall to connect downtown to Windsor lake. Great way to encourage more visitors to downtown which will encourage restaurants to expand.
M	65-74	2	2-5 yrs	Make sure your planning for roads housing etc. look well into the future not just 10-15 years but 50 years I moved from a city that didn't plan well and that's one reason I moved

F	75+	2	2-5 yrs	Shopping, more grocery stores, more pharmacies
F	75+	2	2-5 yrs	Strictly enforce "dogs-on-leash" law and continuously barking dogs!
F	75+	2	2-5 yrs	We live north, try to travel south to Windsor for shopping but often prefer west to Ft C retail areas. Timnath also very developed compared to Windsor. Increase public transport, retail businesses in north.

M	35-44	3	2-5 yrs	Downtown/Main St. is crowded with crummy franchises and useless businesses. We should be more thoughtful about who is allowed into our community
M	35-44	3	2-5 yrs	Ensure no illegals come

M	35-44	3	2-5 yrs	If anyway possible, alter the train route time allowed on 257. It stops for very long periods during school drop off and work times, making horrible traffic jams for blocks in each direction
M	35-44	3	2-5 yrs	Improve the downtown area with retail and more restaurants
M	35-44	3	2-5 yrs	Keep the population growth to a minimum to preserve the small town feel and open space.

F	45-54	3	2-5 yrs	Fast growth without proper infrastructure. Windsor seems to be reactive rather than proactive when it comes to planning.

F	45-54	3	2-5 yrs	I would be in a shopping center so I don't have to drive to Fort Collins or Greeley. F	45-54	3	2-5 yrs	We need to accommodate some of the growth downtown and more convenient and safe parking is a must.
M	45-54	3	2-5 yrs	Better schools
M	45-54	3	2-5 yrs	Frankly, WPD is a little too hesitant to act. The officers do the best they can, but restrictive policies keep them from being as effective as they might be.
M	45-54	3	2-5 yrs	I like the idea of having permanent open spaces to keep the development in check and not too urban. The farms, ranches, other similar country living attributes is a positive thing.
M	45-54	3	2-5 yrs	I would purchase a new set of high quality disc baskets for the Oxbow disc course. As well as, designating that area specifically for the purpose of disc golf.
M	45-54	3	2-5 yrs	Less big trucks running all over the place. And more trails connecting all the communities to get all around town without having to drive a vehicle. Fort Collins has done a great job of this. Windsor should take note.
M	45-54	3	2-5 yrs	More friendly business environment to help small businesses locate in Windsor for added tax revenue
M	45-54	3	2-5 yrs	More trails outside of just around downtown. , focus on making downtown a destination, go visit downtown Fort Collins, that on a smaller scale.
M	45-54	3	2-5 yrs	Open space has too many weeds
M	45-54	3	2-5 yrs	Preservation of natural environment and resources. Vital to our future. So many communities in Colorado have such a great opportunity to do it right and don't.
M	45-54	3	2-5 yrs	Property taxes need to go down
M	45-54	3	2-5 yrs	Restaurant options

M	45-54	3	2-5 yrs	Traffic patterns is a major concern as it can be difficult getting around town. There are very few arterial roads for such a large town. Also, doing something with the horrendous smells would be helpful
M	45-54	3	2-5 yrs	Widen HWY392. The congestion on this road has increased well beyond the expectations and through town on a HWY takes too long, especially through FHS old town area.
F	55-64	3	2-5 yrs	A but more shops and restaurants so we we can to go to Fort Collins or Loveland less.
F	55-64	3	2-5 yrs	Add another grocery store on east side of windsor, either on main Street or Harmony road to give severance a grocery store.
F	55-64	3	2-5 yrs	An additional grocery store like Wholefoods or Sprouts east of downtown. Empty shelves at both Safeway and KingSooors is not acceptable.
F	55-64	3	2-5 yrs	Better public schools Windsor Middle is horrible
F	55-64	3	2-5 yrs	Downtown improvements. You go to other towns and they have boutiques, restaurants, various shopping opportunities. When we moved to Windsor we walked downtown and there are only a couple stores to shop. Lost opportunity.
F	55-64	3	2-5 yrs	Lower taxes. We are dying over high taxes
F	55-64	3	2-5 yrs	Moral balance
F	55-64	3	2-5 yrs	More diverse places to eat (too much Mexican), social setting for middle age to early retirees... dancing, music, - the arts--
F	55-64	3	2-5 yrs	More hiking trails that link all edges of the town. I would use them to leave the car at home.
F	55-64	3	2-5 yrs	More retail stores so we don't have to go to FoCo, Loveland, or Greeley.
F	55-64	3	2-5 yrs	More shopping
F	55-64	3	2-5 yrs	Put infrastructure ahead of developers
F	55-64	3	2-5 yrs	Slow down growth/new construction - too many people moving in
F	55-64	3	2-5 yrs	Stop building houses and build more roads parallel to main so the traffic is greatly reduced. Traffic through downtown is ridiculous and unsafe
F	55-64	3	2-5 yrs	Stop building!!!
F	55-64	3	2-5 yrs	Traffic on main st. Is there any consideration to having main street be one way and walnut the other way? The whole issue with the lots between main st and Broadway park was really bad! windsor government seemingly attempted to strong-arm, quickly & quietly, the changes while windsor residents were firmly & vocally against it. It appears the powers-that-be have now changed, thankfully. Development of those lots should be addressed, but not at the expense of ruining the ambiance of the lakefront/broadwalk park and greatly increasing the population & traffic flow, especially given the current traffic congestion in the area.

F	55-64	3	2-5 yrs	We live in Harmony Ridge - we don't really feel like we are a part of Windsor. We like our home, neighbors and location. We do feel like the contractors of our subdivision we able to do whatever they wanted and the public spaces are not well kept up. It feels like the town did not do much to oversee this project.
M	55-64	3	2-5 yrs	Add more bike/walking paths that actually connect to other paths. We only have one trail.
M	55-64	3	2-5 yrs	Business variety
M	55-64	3	2-5 yrs	Development's impact on Windsor. Water use, paying for water and sewer capacity, etc. Water is a huge overlooked issue.
M	55-64	3	2-5 yrs	Hey 392 or a bypass
M	55-64	3	2-5 yrs	Limit growth so Windsor does not become too busy and loose its small town charm
M	55-64	3	2-5 yrs	Lower some speed limits to make it safer for walking and bicycles
M	55-64	3	2-5 yrs	Slow growth while saving nature areas
M	55-64	3	2-5 yrs	Slow the building of mega apartment complexes.
M	55-64	3	2-5 yrs	Traffic
M	55-64	3	2-5 yrs	Traffic on Main Street
F	65-74	3	2-5 yrs	Another east west road between Main Street and Harmony
F	65-74	3	2-5 yrs	Better communication with Windsor leaders. Having infrastructure in place before more growth. Making developers understand there will be costs that are not liked. I understand developers may go to another city but honesty initially is best.
F	65-74	3	2-5 yrs	Creating bike lanes on the roadways. Riding bikes on trails with pedestrians and dogs is not very safe or fun. Roads need shoulders &/or bike lanes!!!
F	65-74	3	2-5 yrs	I would build a parking structure. We're going to need it soon!
F	65-74	3	2-5 yrs	More shopping opportunities
F	65-74	3	2-5 yrs	Parking downtown/lake needs improvement.
F	65-74	3	2-5 yrs	Post outside in a conspicuous place that drive/bys can see when the city council's meeting are held. You would get more residents attending the meetings. Inform residents of the webpage where they can see the areas that they can volunteer. I wasn't aware of volunteer opportunities in Windsor.
F	65-74	3	2-5 yrs	Sidewalks or a safe way to bike into Windsor from north if Harmony Road
F	65-74	3	2-5 yrs	Stopping development and losing open areas.
F	65-74	3	2-5 yrs	Take advantage of the fact air is clean, it's a town of history, and friendliness.
F	65-74	3	2-5 yrs	Traffic signals need to be recalibrated. Too short of lights and streets need widening.
M	65-74	3	2-5 yrs	A bit more retail on the Harmony corridor (grocery, etc.)

M	65-74	3	2-5 yrs	Enhance the downtown
M	65-74	3	2-5 yrs	Government being more responsive to my area ... the extreme Northwest part of town ... The Ridge at Harmony Road

F	75+	3	2-5 yrs	Pay less house taxes
F	75+	3	2-5 yrs	Safety-mire and more crimes are occurring
F	75+	3	2-5 yrs	School overcrowding and new housing adding traffic
M	75+	3	2-5 yrs	Provide some sort of property tax relief
M	18-24	4	2-5 yrs	Affordability, that way the city can grow
F	25-34	4	2-5 yrs	Balance of new housing development vs infrastructure and natural spaces
F	25-34	4	2-5 yrs	DDA needs to listen to residents more. We shouldn't have to force them to listen to us by staging a parking protest in Downtown to get their attention.
F	25-34	4	2-5 yrs	Housing cost! We want to buy a house finally and it must be here!
F	25-34	4	2-5 yrs	Increased retail/food/grocery options so we don't have to drive to Foco/Loveland/Greeley
F	25-34	4	2-5 yrs	Pedestrian crossings. Crossing 7th is taking your life into your own hands
F	25-34	4	2-5 yrs	The attitude toward people who are not wealthy, white, and old
F	25-34	4	2-5 yrs	The snobby attitude all of the rich people have. I'm afraid of sending my kids to school with such materialistic assholes.
M	25-34	4	2-5 yrs	As mentioned earlier, the library.
M	25-34	4	2-5 yrs	I would say the main thing windsor needs to address is traffin on main street especially during the after school rush. Main street gets backed up from 7th to 11th pretty much daily.
M	25-34	4	2-5 yrs	Stop building high density homes. Growth inevitable but I wish houses and properties were more spaced out
M	25-34	4	2-5 yrs	While there is still a small city feel, Windsor has grown a lot and traffic is not great. Main St can easily get clogged up during certain times of the day, so I feel like expanding our roadways or building new streets around the city of windsor would be helpful. I also wish there were more food options in Windsor. it feels like every other new build is a car wash or bank lol. It would be nice to have a bit more variety in that regard.

M	25-34	4	2-5 yrs	Windsor is on its way to becoming a bedroom community where people only live and do not work. There is still time to change that but the overall perception that windsor is growing too quickly and all growth needs to stop will only hurt the city in the long run. The growth needs to be carefully managed while increasing the desirability for businesses to move here.
F	35-44	4	2-5 yrs	Growing to fast and becoming very expensive. Also allow golf carts on all streets to help the environment
F	35-44	4	2-5 yrs	Improving and maintaining the poudre river corridor for the wildlife and environmental stewardship. Limiting/prohibiting new construction along that corridor to not affect wildlife and migratory birds.
F	35-44	4	2-5 yrs	More f&b and entertainment options + bike paths to get around
F	35-44	4	2-5 yrs	Speed limits - there a lot of places where the speed limits are too low
M	35-44	4	2-5 yrs	Can you stock our stretch of the Poudre river with more trout?
M	35-44	4	2-5 yrs	Just the traffic. It is getting very congested and we need better ways to get through and out of town. Too many 2 lane streets. We will need some more 4 lane roads.
M	35-44	4	2-5 yrs	Larger grocery store
M	35-44	4	2-5 yrs	Safer streets (less fast moving cars)
M	35-44	4	2-5 yrs	Slow down development and also watch it closer, Hoedown hill was allowed to be built with inadequate zoning and oversight for how it would impact the neighborhood.
M	35-44	4	2-5 yrs	The downtown area, the competence of their staff and the long term viability of their business structure.
F	45-54	4	2-5 yrs	Another throughway besides main street, another grocery store, a retail store like Target. It's almost as if the town planner wants all of Windsor's residents to spend their money outside of Windsor.
F	45-54	4	2-5 yrs	It is becoming way too liberal, I don't even like to go to the rec center anymore because it seems like they focus on hiring just weird people. It seems like a bunch of equity hires. The crime is really going up in the area and the townhomes and apartments is just making it less appealing. The whole state is becoming too liberal so all of the surrounding towns including Windsor are going downhill. The schools also really stink, hopefully ALA will do well and a scent will continue to do well
F	45-54	4	2-5 yrs	Need better quality and economic grocery store options
M	45-54	4	2-5 yrs	Cost of living
M	45-54	4	2-5 yrs	More affordable housing and a Trader Joe's
M	45-54	4	2-5 yrs	Retail... I can buy my kids socks or underwear without leaving town
M	45-54	4	2-5 yrs	Save the farms and ranches from development
F	55-64	4	2-5 yrs	Get rid of metro tax and make the city be responsible for infrastructure and it's maintenance.
F	55-64	4	2-5 yrs	More shopping options! We absolutely need a quality grocery store. Safeway's stock is atrocious and king Soopers is a crowded mess

F	55-64	4	2-5 yrs	Traffic and parking On Main Street. At times I'm worried about being rear ended
F	55-64	4	2-5 yrs	We need another grocery store and a Walmart
M	55-64	4	2-5 yrs	I would make downtown the central 'living-room' complete with local business owners And a vibrant and safe place for pedestrians to leisurely walk through the closed main street. If only on the first or last Saturday of the month from April through October.Maybe a Holiday theme in Nov and Dec. I would love to see a Farmers Market and Art showcase during the growing season.
F	65-74	4	2-5 yrs	Better restaurants. Not fast food !!!
F	65-74	4	2-5 yrs	Eliminate semi trucks on Main Street
F	65-74	4	2-5 yrs	Get rid of heavy truck traffic on Main Street

M	65-74	4	2-5 yrs	More focus on environmental issues and climate change mitigation.
M	65-74	4	2-5 yrs	Stop the home building. We will run out of water eventually
M	65-74	4	2-5 yrs	There are a lot of seniors living on a fix income, social security. The yearly increases never keep up with their true increase of their cost of living. Some are being forced to sell their home. Provide some relief.
F	75+	4	2-5 yrs	Activities for kids....boy&girls club. better traffic flow
F	75+	4	2-5 yrs	Keep construction down/limit growth until we stabilize. Reroute main east-west traffic north side of town. Limit grows.
F	75+	4	2-5 yrs	Planning instead of housing and retail just where ever!!! The result of previous developments, some are ill advised and just rubber stamped. Lack of noise control and lack of consideration when approving developments and lack of consideration of inhabitants when making traffic changes. Blind eyes and deaf ears to citizens concerns.
F	75+	4	2-5 yrs	Quit building apartments. Too many and becoming an eye sore.
F	75+	4	2-5 yrs	The traffic flow and parking on Main Street. For the safety of the residents, mainly the school children!
M	75+	4	2-5 yrs	Parking downtown. Develop parking area between businesses and lake.
F	25-34	5	2-5 yrs	Cookie cutter new housing developments taking away more natural areas / open space

F	25-34	5	2-5 yrs	I want to see more comradery and understanding for the residents. People in positions of authority need to listen to the land more as well as the neighbors who have been here for years. Change is good, but change can only happen by listening to each other. Thank you for this survey, it's a start.
F	25-34	5	2-5 yrs	More nature preserves. We do have access to trails and parks, but having something like the Environmental Learning Center in Fort Collins would be incredible!
F	25-34	5	2-5 yrs	Stop the fast paced growth and there is more to Windsor than the "Lind's" developments.
F	25-34	5	2-5 yrs	Traffic mitigation. Parts of our city were built before the increase in population.
F	25-34	5	2-5 yrs	Traffic through town
M	25-34	5	2-5 yrs	A larger grocery shopping store and some larger retail
M	25-34	5	2-5 yrs	Better flow of traffic, Main Street/downtown. Just get so congested and busy. Don't think it was ever designed to hold that much traffic.
M	25-34	5	2-5 yrs	Not build cookie cutter houses. Not jam them all together
M	25-34	5	2-5 yrs	Slow rapid growth causing congested roadways.
F	35-44	5	2-5 yrs	Cheaper groceries and utilities. Fire Xcel and get the utility company that Wellington uses. Allow Walmart in Windsor.
F	35-44	5	2-5 yrs	Figuring out how to manage the traffic through Main Street.
F	35-44	5	2-5 yrs	It feels like a ghost town in the winter. Also, downtown is so special, but between the endless semi trucks, it's very hard to support the businesses down there. I'm loving seeing new businesses pop up but worry they won't stick around long.
F	35-44	5	2-5 yrs	It feels very tumultuous and politically divided especially during this election year but that's probably every where in the country
F	35-44	5	2-5 yrs	More food options
F	35-44	5	2-5 yrs	More kid entertainment
F	35-44	5	2-5 yrs	Reducing commuter traffic through downtown. Town staff and board not operating so much behind closed doors (Severance IGA for King Soopers). We need cats put in code! So many people just let their cats run free and I can't keep them out of my garden. Feral cats will become an issue from it.
F	35-44	5	2-5 yrs	The lack of open mindedness of the general community
F	35-44	5	2-5 yrs	There needs to be more development including businesses for shopping, restaurants, and recreational opportunities.
F	35-44	5	2-5 yrs	We have so many crosswalks on the east end of Main St. that it becomes difficult to watch for pedestrians while paying attention to traffic even with the lowered speed limit. Trying to watch the crosswalks at every block, plus pay attention to vehicles all around on top of jaywalkers constantly crossing the road wherever they so choose is a recipe for disaster.

M	35-44	5	2-5 yrs	More cops on the street. We have had a bunch of scary incidents and there never is enough cops around.

F	55-64	5	2-5 yrs	The traffic downtown is horrid. I love the shops but can't stand all the noise and pollution. One stop light means I have to drive out of my way to go to Windsor Lake there should be a light on 4th and 1st. Downtown would be better without large truck traffic (unless making deliveries for the shops.) and less through traffic overall would be great.
F	55-64	5	2-5 yrs	To make housing more affordable. Right now, Windsor is only for rich people. Because people can't afford to live in Windsor doesn't mean they are bad people
F	55-64	5	2-5 yrs	Traffic on Main Street is a nightmare. The speed limit is higher by the schools(30 mph) and lower thru downtown (25 mph). This makes zero sense and is very unsafe for children.

M	65-74	5	2-5 yrs	Eliminate HOA's and fees. Bring in big box stores like Home Depot, Walmart, etc. closest stores are in ft Collins and Greeley. Sometimes it's just too far to travel and somewhat time consuming.
M	65-74	5	2-5 yrs	Ensure the city staff is more concerned about what is good for the residents. It seems like decisions are made based on what's good for the staff.
M	65-74	5	2-5 yrs	More good restaurants
F	75+	5	2-5 yrs	Another grocery store....existing ones too busy.
F	25-34	6	2-5 yrs	At this point, I would honestly like to see a slow down in housing development. It is happening so rapidly. It's sad to see so much farmland disappear and I wish that things were just moving a little bit slower.
F	25-34	6	2-5 yrs	Better shopping for the home (target, Home Depot, Trader Joe's, homegoods, etc) so I wouldn't have to go to Loveland, Fort Collins, or Greeley

M	35-44	6	2-5 yrs	Increased diversity.
M	35-44	6	2-5 yrs	Larger road system to get around. Slow down growth so we don't overwhelm our roads, infrastructure, etc. We also need a grocery store on Crossroads BADLY!
M	35-44	6	2-5 yrs	Street lighting
M	35-44	6	2-5 yrs	Traffic! Too many areas with too slow of speed limits or too much congestion. However, this is mostly due to Windsor having all of its retail in one corner of the town making it so everyone has to go to the same place.
F	45-54	6	2-5 yrs	Main Street- traffic rerouting. It's dangerous to cross or park on it.
F	45-54	6	2-5 yrs	Stop building new neighborhoods and fix the roads, especially crossroads. I keep thinking great another neighborhood. More traffic. And Crossroads is already a speed trap and extremely bumpy but a primary route out of town.

F	65-74	6	2-5 yrs	Fix the traffic flow. 7th street backs up' though several stop lights. Main St you have to hope you don't get killed. The big trucks are awful. You cant cross the street for sometimes as much as 15 min. And the trucks drive fast. Never any cops around town. They are all busy making sure everyone goes 45 mph on there are always at least two. Sometimes three. To keep us all in line and not drive 50. Must be a bit revenue source for Windsor. It is also ridiculous. Cruise main st more. Does anyone in city hall know how bad 7th street is a mess. There seems to be a lot of crime in Windsor I read about. So who would want to live here? I feel unsafe walkiing Main St and no way would I would go to a park by myself

F	25-34	U	2-5 yrs	No more apartments. Keep Windsor as a Family community. We do not want to encourage a college town nor a low low income family jamming 8 people in a 2bed apartment as you often see in places like Greeley. Windsor's environment is as well taken care of and as safe as it is because it is not as easily obtainable up live here by some groups of people and that is okay!! Residents that live here work hard for what they have earned and opening up lower income options would degrade that feeling and ambiance of Windsor.

Just because Timnath and Loveland are close it doesn't mean it's convenient. It takes me an hour drive time there and back just to get what I need because of traffic. I want something in Windsor. I would prefer to support my community but the resources just aren't here. Ya'll keep building houses with no resources coming in to support the community. It just doesn't make sense. Main Street is overcrowded.
F	35-44	U	2-5 yrs	Schools. We need more than the few planned. Private, Christian, schools should be given the opportunity to build here as well. There should be enough schools that class sizes can be kept to 15 to 17 students per class.

Many of us who have called Windsor home for decades see this as a missed opportunity to be innovative in growing a small community. While we appreciate the need and desire for growth and financial sustainability, the developers seem to profit from a lack of well thought out and responsible approach to a growing community, and the residents feel the effects. Noise pollution, light pollution, congestion, and a lack of service availability in our own community to match growth has diminished some of the desirability of Windsor. A lack of investment in infrastructure improvements as a preventative measure is common among communities, and yet is still disappointing to see.
F	45-54	2	20+ yrs	Traffic flow. It's ridiculous the extreme disruption that construction has on traffic flow and the length of time that small projects take. It also seems that Windsor is continually slow to make improvements that could benefit traffic flow.

"If you could improve one aspect of Windsor, what would it be and why?"

Sex	Age Range	Dist	Tenure	Response
F	25-34	3	20+ yrs	Planning: Windsor is growing for the sake of growing. New homes are being built without much planning to account for water needs and school capacity. It feels more like the town cares about getting bigger for the sake of getting bigger - like folks who work for the Town want to use their work here to prove they can handle jobs in bigger places, without any true commitment to doing what helps current residents in the longer term. The needs of Windsorites should always trump those of developers, no matter how much money they might bring in.
M	35-44	3	20+ yrs	Access to broadband services, and improved traffic control/roadways to accept more people
M	35-44	3	20+ yrs	Slow the growth of Windsor. There are big cities everywhere.
F	45-54	3	20+ yrs	A better route in and out of town. Main Street is often backed up.
F	45-54	3	20+ yrs	Build more sports fields!
F	45-54	3	20+ yrs	Decrease the amount of homes being built. Growth will occur, but the staggering rate of growth in Windsor is ruining our small town with traffic we aren't set up for.
F	45-54	3	20+ yrs	Homeless prevention
F	45-54	3	20+ yrs	Make it more affordable! Everything has gone up except for my income. The town decided to build a new police station so now there's no help for the ridiculous property tax hike. It seems to me it would have been cheaper to add on to the existing police station instead of brand new! 🤔
F	45-54	3	20+ yrs	Mixed use areas. Why can't we have sites and cafes in neighborhoods instead of everything crammed onto Main Street. The areas would be cuter, more accessible and ease congestion
F	45-54	3	20+ yrs	Reinstalling the recycling center we used to have, incl the yard waste. i would charge a nominal fee on the water bill, much like the mosquito fee, which would help offset the cost of recycling.

F	45-54	3	20+ yrs	STOP building housing.

M	45-54	3	20+ yrs	Keep local businesses open.
M	45-54	3	20+ yrs	Less fast food please - there's an obesity issue in case you were not aware. The revenue stream is for desperate towns.

M	45-54	3	20+ yrs	Too much new development. Town DOES NOT have the infrastructure to support the growth.

F	25-34	4	20+ yrs	The town has a very diverse history even prior to settlers. There should be more done to educate the residents on the indigenous people and migrant workers. This includes the racism that many migrant workers and their children faced from the townsfolk including but not limited to establishment signs that stated, "no spics allowed." There are still many residents here whose parents and grandparents were those migrant workers. I think this would be great for Windsor to move forward and learn from its history.
F	25-34	4	20+ yrs	Traffic, we have had a TON of growth but we have not supported the need for roads. Traffic is horrible all the time.
M	25-34	4	20+ yrs	That the town should more focused on quality of what it does rather than doing things for the sake of doing it, be it construction, programs, or changes to the town
M	25-34	4	20+ yrs	The police are barely trained morons who enjoy bullying. The town focuses on funneling money to the wealthy, Martin Lind shouldn't have any say in town governance. F	45-54	4	20+ yrs	Infrastructure/roads to reduce traffic
F	45-54	4	20+ yrs	Keep those on the east side of town east. House, house, and more houses, but we have two small grocery stores, traffic takes a while to get across town, and we have outgrown rec facilities already.

F	45-54	4	20+ yrs	More services. I have lived here for over 40 years and we have barely grown I In services just in the past 5 years or so.
M	45-54	4	20+ yrs	More retail opportunities on the east and south side of town. More affordable housing.
M	45-54	4	20+ yrs	Restrict quasi-governmental planning and development functions. The current observation is that a small select group of financially well off individuals with no recognizable citizen input or oversight, have out of proportion influence over private property owners rights in the name of a "professional plan". This seems to be a root cause of strife for many publicly outspoken voices, while empowering unelected bureaucrats to regulate by "planning" in the name of safety or improvement.
M	45-54	4	20+ yrs	Stop growth 5 years ago. With the infrastructure where it was then, we were at capacity. Unfortunately, we add more population, but they all leave town to shop,eat and do business.

"If you could improve one aspect of Windsor, what would it be and why?"

Sex	Age Range	Dist	Tenure	Response
M	35-44	5	20+ yrs	Traffic and conservation. Traffic is a serious issue that needs addressed. Years ago a plan to make a detour around Windsor to fort Collins was rejected and that was clearly a use mistake and now with the over development of junk housing its impossible. The only logical solution would be to make more existing roads into one ways. Walnut and Main for example. Second the over development of these poorly constructed houses stacked on top of eachother needs to stop. It is destroying our farm land, open spaces and natural areas, making congestion and traffic worse, making parking worse, increasing crime and less than 20% of residents don't even work in Windsor!
F	45-54	5	20+ yrs	I would stop building houses because there are too many people here and it takes forever to get from one side of town to the other.
F	45-54	5	20+ yrs	Not sure

F	45-54	5	20+ yrs	Stop building houses!!!!!!
F	45-54	5	20+ yrs	Suburban growth is too hard on the actual town
F	45-54	5	20+ yrs	The speed of growth because it has happened so rapidly and has started to affect the quality of life in Windsor from the traffic to finding items at the grocery store to classroom sizes. The bond will help with the classrooms sizes. Part of why we moved to Windsor 20 years ago was for the small town feel and it doesn't feel as small. There are some nice amenities with the growth but give Windsor time to catch up.
F	45-54	5	20+ yrs	Traffic especially before and after school. Because if you don't time it right to go somewhere you will be late
F	45-54	5	20+ yrs	We need to stop all the new growth. I feel like the town is too small for the number of new residents.
M	45-54	5	20+ yrs	Do not try and increase low cost housing, with that (normally) comes crime, cluttered neighborhoods. Tax payer money should not be used for this. Use the money to fix the giant pot holes in our roads or upkeep in park areas.
M	45-54	5	20+ yrs	Slow down the housing. Not a small town feel any more
M	45-54	5	20+ yrs	Traffic
F	55-64	5	20+ yrs	Acquire more open space surrounding Windsor that helps moderate growth
F	55-64	5	20+ yrs	Bring back the small town newspaper where you could read about who died and the families that needed support. You could read about what was going in around town. Community stories were valued and encouraged. Not everyone is on the internet or wants to get their information from that source you don't know what's true or not.
F	55-64	5	20+ yrs	Honesty of representatives. Thinking of citizens. Don't make existing residents pay for growth!!!!
F	55-64	5	20+ yrs	I hate the fireworks on random nights mostly at raindance and water valley I understand 4th of July, new years and harvest festival. But way too many nights for neighborhood parties. They are so loud and disturbing for the whole town. Scared pets, sleeping children and people with PTSD. Not considerate at all. Also the amount of people lighting off fireworks in recent years is crazy!

F	55-64	5	20+ yrs	When streets are shut down causing cars to speed through neighborhoods, follow through with what um you say! (Project engineers) stop saying what you will do and do it before someone is killed!! A simple sign is all that is needed! Come on Town of Windsor. You can do better.

F	55-64	U	20+ yrs	Traffic! Stop the huge commercial trucks driving down Main St. They need to take an alternative route away from our 2 car lane/pedestrian area. The noise and fumes are horrible and they should not mix with pedestrian traffic. Also need more blinking - lighted crosswalks
F	55-64	U	20+ yrs	Windsor is becoming more and more racially divided
M	55-64	U	20+ yrs	Fix the road on the east side of town by the dollar store. The way people line up for miles on one side and the other lane cuts over at the last second causing traffic safety problems
M	55-64	U	20+ yrs	Foresight of town growth. The infrastructure for transportation schools grocery stores needs to be in place before neighborhoods are developed. Planning is not proactive. It's reactivate.
M	55-64	U	20+ yrs	Stop overbuilding houses. The town is becoming like Orange County, CA
M	55-64	U	20+ yrs	The police department. They go after people that other officers tell to watch and keep an eye. Instead of patrolling the Town of Windsor they keep an eye on me
M	55-64	U	20+ yrs	There are Way too many people I can't even get into my doctors office anymore
F	65-74	U	20+ yrs	Downtown traffic. I have lived here for 24 years, and no action has been taken. Getting on to Main from a side street is next to impossible. The increase in traffic has made for a very loud walk along the sidewalks of downtown.

M	35-44	1	6-10 yrs	Crime prevention. Too many stories of violent crime in our town.
M	35-44	1	6-10 yrs	More businesses. Without business, the town will eventually die out. You need the money coming in, and the residents to work/shop/eat in windsor to keep it thriving.
F	45-54	1	6-10 yrs	Speeding on Highland meadows parkway as it is unsafe.
F	45-54	1	6-10 yrs	The growth and the fact that we can't keep up with the growth in schools, grocery stores and the cost of living.
F	45-54	1	6-10 yrs	The timing of the lights on 392 when you get off interstate are timed horribly! Give us the turn lanes back into Highland meadows off of 392. It's not our fault everyone was running the turn lanes!
F	45-54	1	6-10 yrs	The town website is terrible. I tried to submit a suggestion for making the intersection of Garden Dr. and 3rd St. a four-way stop. 				Public-Private Partnerships (PPPs): Engage in partnerships with private companies to fund and operate public transportation services. This approach can leverage private investment to enhance and expand transportation options without relying solely on public funds. For example, partnerships with ride-sharing companies or local businesses could provide shuttle services or co-funding for specific routes that serve both community and business interests. Grants and Federal Funding: Explore opportunities to apply for state and federal grants designed to support transportation infrastructure and services. The U.S. Department of Transportation and other agencies offer various programs that could provide financial assistance for public transportation projects without requiring local tax increases. Community and Volunteer Initiatives: Develop community-based transportation solutions, such as volunteer ride-share programs, especially for seniors or individuals with disabilities. These initiatives can improve mobility for community members who need it most, relying on the spirit of community service and volunteerism rather than tax-funded programs. Innovative Financing Mechanisms: Investigate innovative financing mechanisms such as transportation impact fees on new developments, which require developers to contribute to the cost of transportation infrastructure that will support the new demand they create. This approach can help ensure that growth pays for its impacts without imposing broad tax increases on existing residents. Encourage Alternative Transportation: Promote and invest in alternative and sustainable modes of transportation, such as biking and walking, by improving and expanding bike lanes and pedestrian paths. This can be a cost-effective way to reduce reliance on vehicles, thus lowering the demand for traditional public transportation infrastructure and services. Efficiency and Optimization: Focus on optimizing existing transportation resources through technology and data analytics. Implementing smart traffic management systems and optimizing bus routes and schedules can improve the efficiency of current services, making them more sustainable and capable of accommodating increased demand without significant new investments.

M	55-64	1	6-10 yrs	Zoning & Planning should come up with consistent regulations for residences and minimum lot size. The disparity between Steeple Chase and Rain Dance sends a poor message about Windsors Community Culture. Rain Dance (to me) states middle class residences are "second class citizens".
F	65-74	1	6-10 yrs	Better shopping.
F	65-74	1	6-10 yrs	I believe that the future development will be in Severance, not Windsor. But if Windsor wants to be viable, it needs retail and a reason to be here.
F	65-74	1	6-10 yrs	Improve downtown as a gathering place
F	65-74	1	6-10 yrs	Less building, better roads
F	65-74	1	6-10 yrs	Lower property taxes

F	65-74	1	6-10 yrs	Operate with financial responsibility!
F	65-74	1	6-10 yrs	Planning needs to much be better for new developments. Much more open space and dedicated preservation should be required. More bike lanes on roads.
M	65-74	1	6-10 yrs	Adding a third and fourth grocery store. Ours are far too crowded

F	18-24	2	6-10 yrs	Trash on the sides of streets because it makes it look dumpy here. I would also improve the Windsor lake area and cleanliness of the lake. In addition, the lower income houses along side the lake really bring down the feeling of safety there.
F	35-44	2	6-10 yrs	Access to QUALITY eating establishments that are NOT fast food. If someone wants a sit down meal they have to leave Windsor and spend their money in a neighboring city.

F	35-44	2	6-10 yrs	Way too many homes being built and not enough infrastructure! Please help with this! We need another grocery store, restaurants that aren't only fast food, pharmacy, other retail stores, entertainment etc. So many people live in Windsor but they go outside of Windsor for all of their needs!
M	35-44	2	6-10 yrs	Grocery store/pharmacy on south end of town. I would be more convenient for residents on the opposite side of town and is. We're to support recent and future population growth.

M	35-44	2	6-10 yrs	Less traffix

M	35-44	2	6-10 yrs	More condos and more development on the south side
M	35-44	2	6-10 yrs	Not enough roads through town, too much construction traffic on the town roads, and not enough infrastructure to account for growth (shopping mostly)
M	35-44	2	6-10 yrs	One more option for grocery shopping. The local King Soopers is always too busy. Safeway lacks selection and is understaffed.

M	35-44	2	6-10 yrs	Stop pandering to the green energy
M	35-44	2	6-10 yrs	The growth. So many people have moved here in recent years. The traffic infrastructure, schools, and even availability of groceries/goods here in town were not made to support the growth, and the town is continually in catch up mode.
M	35-44	2	6-10 yrs	Traffic on the major roads
M	35-44	2	6-10 yrs	Traffic. It seems the town has grown so fast the infrastructure has not kept up
M	35-44	2	6-10 yrs	We need more infrastructure to support the town because I don't want to go to all the neighboring communities for basic needs and wants.

F	45-54	2	6-10 yrs	Parking downtown. Too challenging when there are festivals and events, and with continued growth.
F	45-54	2	6-10 yrs	Stop growing, it's out of control. Infrastructure isn't in place to support the growth that's already been approved, not to mention anything in future. Also, too fast of growth is causing our Town to start losing our identity and feel.

M	45-54	2	6-10 yrs	Slow down residential growth to allow other needs to catch up.

F	55-64	2	6-10 yrs	Limit the amount of apartments being built. It seems that some of the individuals who live in apartments are not interested in being part of the community and don't respect neighborhoods.
F	55-64	2	6-10 yrs	Residential growth seems to be outpacing retail, traffic & jobs. If there's a plot of land, it gets housing built on it. Housing is vitally important but at a healthy growth rate.
F	55-64	2	6-10 yrs	Retail groceries, restaurants etc. has to match population growth but must be done strategically so it keeps the small town country feel and look and has the commodities nearby that are needed. Learn from small towns that have done this well throughout the US.

For example, I have no idea if the current housing development currently happening about 1/4 mile south of the 7th st and Crossroads roundabout is in Windsor, or anything else about it. F	25-34	3	6-10 yrs	Retail: we need more options for shopping outside of grocery stores. We need something like Target to get things like bedding, home goods, supplies for kid school projects, clothes, puzzles, etc. We go into Ft Collins or just order from Amazon quite a bit and I'd much rather spend money in town. I feel like Timnath and Johnstown have secured larger retail (Costco & Scheels) which bring huge opportunities for sales tax that Windsor is missing out on. We also need to communicate better to finally pass a lodging tax (and then add hotels).
F	25-34	3	6-10 yrs	A better route for trucks and through traffic for those not living in or involved in our town
F	25-34	3	6-10 yrs	I would limit the ability for companies to buy properties to rent out. Too much of Windsor housing is rental properties that are exorbitantly priced. They don't need to be limited to low income. But there should be extra requirements for those who wish to purchase for the purpose of renting. Also, no AirBnBs.
F	25-34	3	6-10 yrs	More dining options and small businesses that aren't salons downtown
M	25-34	3	6-10 yrs	Completing the Poudre River trail westward so that there is an uninterrupted connection to Fort Collins by bike trail.
M	25-34	3	6-10 yrs	Expand access to education via libraries and schools. Education helps to keep our population informed and provides skills for a thriving workforce. Education safeguards our future.
M	25-34	3	6-10 yrs	More speeding/traffic enforcement. Seeing increase of traffic violations
M	25-34	3	6-10 yrs	Transportation between the outlying neighborhoods and downtown so that we don't have to drive in and find parking. It would be more feasible to visit the stores, parks, and other amenities.
F	35-44	3	6-10 yrs	Expand the rec center and slow building down
F	35-44	3	6-10 yrs	I would like the city to start getting more infrastructure to support the growth of the town, so I don't have to leave town so often to shop and eat.
F	35-44	3	6-10 yrs	I would like to not have to leave Windsor so much for errands. Bringing things like a natural grocery store (sprouts, vitamin cottage ect) more health care and eateries would be great. I feel like most people live in Windsor but don't "live" in Windsor, needing to leave to achieve their needs.
F	35-44	3	6-10 yrs	Increase retail options
F	35-44	3	6-10 yrs	Infrastructure and having enough cell towers, businesses, etc. to keep people and business in Windsor.
F	35-44	3	6-10 yrs	More bike trails through town-not just bike lanes, which don't feel secure enough with small children.
F	35-44	3	6-10 yrs	More crosswalk flashing lights-The rapid growth and brought increased traffic that frequently doesn't observe the CO law of stopping for pedestrians in a crosswalk
F	35-44	3	6-10 yrs	More stores and less traffic on highway 392
F	35-44	3	6-10 yrs	Safety
F	35-44	3	6-10 yrs	Sense of community through family and adult events, entertainment, nightlife and retail/dining experiences. And please offer a recycling center again!!
F	35-44	3	6-10 yrs	Stop building more housing

F	35-44	3	6-10 yrs	Stop implementing policies that have proven ineffective in urban and larger suburban areas. Our town will be run down, unsafe and an unfortunate reflection of the direction of CO. We say this as 5th generation natives of northern CO.
F	35-44	3	6-10 yrs	Stop the growth and bring back the small town feel with the amount of people/families we currently have.
F	35-44	3	6-10 yrs	The roads can be a nightmare, especially if you commute out of weld for work. The roads need to be able to handle the massive growth happening. Please look into Jacoby/ river bluffs, ptarmigan area, along with where the new middle school and police station are being build. Those roads can be scary to turn left!
F	35-44	3	6-10 yrs	The strong feelings of some to force the town to turn down revenue producing businesses only causes our taxes to increase. We need to bring revenue to the town if we're going to continue to build new neighborhoods. It's no longer a tiny town, approval of growth is clearly happening. A bigger grocery store is necessary. It would bring more revenue from Windsor, severance and west Greeley. There's already traffic, a new store on the east side would only shift the congested areas.
F	35-44	3	6-10 yrs	Too many people! Small town feel is gone, schools are packed, everything is ridiculously expensive.
F	35-44	3	6-10 yrs	Traffic congestion and semi truck traffic through town is a nightmare. The train crossing by WCA is also timed poorly for people going to work and school in the morning.
F	35-44	3	6-10 yrs	Traffic is excessive these days. It is not fun to run across town for anything. Biking and walking I feel like I'm taking my own life in my hands crossing 392 north/south on the east end of town.
M	35-44	3	6-10 yrs	Add more lanes to the roads that lead in and out of windsor. We build everything but roads/lanes. If less than 20% work here, we should make the commute easier.
M	35-44	3	6-10 yrs	Affordable housing/costs
M	35-44	3	6-10 yrs	East-west traffic
M	35-44	3	6-10 yrs	Economic development in the form of retail.
M	35-44	3	6-10 yrs	Grocery store on the east end of town. It's 5 years overdue. Maybe additional retail/ shopping opportunity.
M	35-44	3	6-10 yrs	Grow retail. The surrounding to municipalities are attracting large retail but Windsor either can't or refuses to. We still shop out of town for things that we should be able to buy locally
M	35-44	3	6-10 yrs	Less growth
M	35-44	3	6-10 yrs	Main St will only continue to be a large problem for slow commutes through the town. If at all possible some type of road construction is needed to reduce the use of main street. More roads running east to west throughout Windsor
M	35-44	3	6-10 yrs	Make water valley its own yuppy school!!!
M	35-44	3	6-10 yrs	More commercial development in north Windsor for families living up this way

M	35-44	3	6-10 yrs	The lack of diversity is terrible because I'm trying to raise open minded humans
M	35-44	3	6-10 yrs	To have more police to keep big city crime out of our town.
M	35-44	3	6-10 yrs	Trails connecting northern neighborhoods to central Windsor.
M	35-44	3	6-10 yrs	Windsor still does not feel like a "safe" place to ride a bike given some paths are not easy to reach without crossing major intersections, and in some areas the lack of barrier between vehicle lanes and bike lanes. It's pretty scary to see just how many cars travel partly in a bike line or drift into it, and additionally just how many people use it as a turn lane without looking.
F	45-54	3	6-10 yrs	Continued outdoor spaces and more retail/grocery in the east side of town.

F	45-54	3	6-10 yrs	Retail/ Restaurants/ Grocery store

F	45-54	3	6-10 yrs	Traffic and school overcrowding
F	45-54	3	6-10 yrs	Traffic downtown
F	45-54	3	6-10 yrs	Transportation and grocery shopping
F	45-54	3	6-10 yrs	We need a major retailer like Target. It's unfortunate we have to drive to Loveland or Fort Collins for basic home supplies.
M	45-54	3	6-10 yrs	Change the intersections It feels like the suits who 'know better' run our town instead of the people like us who live here
M	45-54	3	6-10 yrs	Controlling development and traffic flow. The current rate is not sustainable. Entice more retail such as grocery and restaurant options. Less chains and a more consistent master plan on architecture for the downtown area.
M	45-54	3	6-10 yrs	Develop the east end of town more. We need a grocery store and more restaurants on the east end
M	45-54	3	6-10 yrs	Restrict development, increase grocery stores and restaurants, and dont allow our schools to be influenced by woke ideology
M	45-54	3	6-10 yrs	Retail / restaurant because of the lack of them
M	45-54	3	6-10 yrs	Slow growth and back off on utility bills
M	45-54	3	6-10 yrs	Stop growth; town vibe has been ruined in the last 10 years. Probably should stop calling it a "town".

Sex	Age Range	Dist	Tenure	Response
M	45-54	3	6-10 yrs	Stop the growth and curtail the traffic coming in from Greeley. The town does not need to grow or add any more housing. It's going to ruin what Windsor is.
M	45-54	3	6-10 yrs	Stop/scale back the over development of windsor
M	45-54	3	6-10 yrs	Traffic flow and trains blocking primary routes of travel through town
M	45-54	3	6-10 yrs	Traffic. A lot of people are speeding and with new schools going in I worry about our youngest residents' safety.
M	45-54	3	6-10 yrs	Traffic. Some intersections and lights are not safe. 11th and Main sees cars through after 11th gets green arrow. Northbound 15th at Main only turns green about half the time. No parking zone on Windshire Dr has caused a turn with no visibility of eastbound traffic on Jacoby during sports practice. There are several intersections with high landscaping that makes it difficult to see oncoming traffic and pedestrians.
F	55-64	3	6-10 yrs	Consider that there is are larger area of Windsor not just the downtown area
F	55-64	3	6-10 yrs	D
F	55-64	3	6-10 yrs	Recreational center is too small for the size of Windsor.
F	55-64	3	6-10 yrs	Traffic can be brutal in the center of town. Consider moving some events to other Windsor neighborhoods on the outskirts of town.
F	55-64	3	6-10 yrs	Traffic flow--it can be hard getting around to Windsor Middle School and making left turns in some areas without a light.
F	55-64	3	6-10 yrs	Traffic. Big trucks thru downtown.
M	55-64	3	6-10 yrs	Cut down on housing and apartments being built. Used to be a nice community.
M	55-64	3	6-10 yrs	Eliminate wasteful spending by town. Budget transparency. Ensure responsible spending. This is directly coming from town employee
M	55-64	3	6-10 yrs	Get the trucks off non-truck routes. Address speed limits. CR19 should go back to 45, main from 11th west should be 45.
M	55-64	3	6-10 yrs	I am not sure about municipal laws for Windsor, but there seems be a lot of houses with a great deal of junk in and around their houses. In addition, several front yard are not cared for and not maintained. During the winter, several houses do not clean the snow off the sidewalk. Thus, one improvement would be to improve code enforcement.
M	55-64	3	6-10 yrs	Limit the amount of homes being built Add another grocery store
M	55-64	3	6-10 yrs	Make a more vibrant Downtown, with more restaurants to get local residents to spend their money in Windsor...
M	55-64	3	6-10 yrs	Slow down the homebuilding, I moved here for the small town feeling, and you are destroying that that feeling, no longer a safe town, High theft, no regulation of the speed of cars traveling on the streets or people running red lights
M	55-64	3	6-10 yrs	Slow growth
M	55-64	3	6-10 yrs	Stop giving large developers big breaks and having our tax dollars supporting some of their projects (like golf cart bridges that will rarely be used by children).

F	65-74	3	6-10 yrs	Sort out the traffic issues - the lines of traffic in and out of Windsor are getting really bad.
F	65-74	3	6-10 yrs	Stop putting Hoedown Hill type things in the middle of residential neighborhoods. It's noisy, it ruins the calm and peacefulness of residential neighborhoods. No Arenas in residential neighborhoods. Stop allowing builders to ruin the landscape of Windsor with more and more buildings. Every square inch of dirt does not need to make money.
F	65-74	3	6-10 yrs	The timing of traffic lights and traffic. Road rage is becoming more prevalent and our streets less safe.

M	65-74	3	6-10 yrs	Keep parks and open areas

M	75+	3	6-10 yrs	Reduce and slow down traffic on Main Street!
F	25-34	4	6-10 yrs	I want to keep the small town, rural aspects. I want to keep open spaces, farms, and keep away more subdivisions!! What keeps a land owner from selling out to a builder these days.
F	25-34	4	6-10 yrs	Make the streets safer for pedestrians and bikes. We helped pay for that pedestrian bridge that only benefits the rich people. Kids need a safer way to school and I would love to see an investment in more bike lane safer street crossings!
F	25-34	4	6-10 yrs	Street bike paths, and another grocery store. More development of downtown Windsor with stores and restaurants (that stay open later)
M	25-34	4	6-10 yrs	Lighting on back streets
F	35-44	4	6-10 yrs	Alternative grocery. Trader Joe's or something similar
F	35-44	4	6-10 yrs	More affordable grocery. Bring in an Aldi to keep residents shopping local
F	35-44	4	6-10 yrs	More bike trails and natural areas
F	35-44	4	6-10 yrs	Slow down the big builders. They're just spitting out houses left and right. Everywhere you turn. 100+ new houses. Double the amount of cars and traffic. Not enough infrastructure to support that.
F	35-44	4	6-10 yrs	Slow the growth, maintain the farmlands
F	35-44	4	6-10 yrs	Stop the growth and stop fast food restaurants. Someone working at Burger King can't afford to live here or pay the taxes alone. If you're going to put affordable housing in, you need to lower our taxes too to make it fair.

M	35-44	4	6-10 yrs	The downtown area. It has no draw for people to stay here. Granted a few places have tried, but one or two isn't enough. We need less fast food and more unique places that people come to Windsor for.
M	35-44	4	6-10 yrs	Traffic congestion. No fun sitting in traffic.
F	45-54	4	6-10 yrs	Infrastructure. Stop the damn developers already.

M	45-54	4	6-10 yrs	Taxes
M	45-54	4	6-10 yrs	Too much bigotry
M	45-54	4	6-10 yrs	Traffic and traffic flow
F	55-64	4	6-10 yrs	- Away from big cities doesn't mean welcoming entitlement
F	55-64	4	6-10 yrs	Having another grocery store due to fact that we have the folks who live in East of Windsor who have to come here for a major grocery store.
F	55-64	4	6-10 yrs	I ride my bike to work in the summer down 257 and the sidewalks past chestnut are awful with weeds and I don't want to ride on the highway. If code enforcement can't fix this they should fine the residents and have the weeds cut down. Last year they were as tall as me and completely across the sidewalk.
F	55-64	4	6-10 yrs	Maybe a bus system
M	55-64	4	6-10 yrs	Stop enticing low quality businesses to build in Windsor. Too many low paying junk businesses in town, ie: Wendy's, Burger King.
F	65-74	4	6-10 yrs	Limit growth at this point. we need to make sure that the roads and water availability is adequate for the number of ppl moving into the area. allowing developers to build sub par housing needs to stop.
F	65-74	4	6-10 yrs	Moratorium on building due to lack of services and infrastructure It is destroying the open lands and causing severe traffic congestion.
F	65-74	4	6-10 yrs	Put large flashing light for bikes to cross CR 15. Some one is going to get hurt!
F	65-74	4	6-10 yrs	Stop Building and Fracking
M	65-74	4	6-10 yrs	Add another grocery store up by RainDance.
M	65-74	4	6-10 yrs	Not having to drive to neighboring towns for major stores including another grocery store on the east side.
M	65-74	4	6-10 yrs	Slow the neighborhood speed below 30 mph, we have young families.
M	65-74	4	6-10 yrs	Stop over building and we don't need more apartments, condos yes. If someone owns their property there are more likely to take care of it and take stock in our community.

F	75+	4	6-10 yrs	More acceptance of diversity!
F	75+	4	6-10 yrs	Too much growth
M	75+	4	6-10 yrs	Main street traffic issues. Population explosion has ruined what this town used to be.
M	75+	4	6-10 yrs	Quicker snow removal on side roads
F	25-34	5	6-10 yrs	More affordable and section 8 housing. We need more apartments also
M	25-34	5	6-10 yrs	Housing affordability
M	25-34	5	6-10 yrs	Keep it small
M	25-34	5	6-10 yrs	Roads able to handle population better
M	25-34	5	6-10 yrs	Widen roads for more cars to travel through without restrictions.
F	35-44	5	6-10 yrs	A grocery store in the east side of town. This town is growing too fast for 2 grocery stores to only be on the west side of town. The stores are also very small for a growing community.
F	35-44	5	6-10 yrs	Diversity of residents living here: Windsor often feels very white and wealthy.
F	35-44	5	6-10 yrs	I wish the streets were more bike friendly: more protected intersections and bike lanes and easier crossings. I also wish I could find a high paying job here, I've been commuting to Fort Collins for 7 years because I haven't been able to find as good a job closer to home.
F	35-44	5	6-10 yrs	Improvement on the schools and safety with growth of residential
F	35-44	5	6-10 yrs	Infrastructure! Both physical and social. It's clear that the town did not prepare for growth and continues to ignore that it's still growing.
F	35-44	5	6-10 yrs	More retail and restaurants, things to do to keep people here and keep money here
F	35-44	5	6-10 yrs	Quit making money on property taxes based on current value. It should always be based on the original amount paid at the time of the most recent sale. Or, better yet, do away with property tax all together. I've already paid my taxes on the purchase of my home. It's not like I'm buying my home all over again each year.
F	35-44	5	6-10 yrs	Sense of community. It seems like there is a divide - 'water valley and rain dance' vs. 'the rest of Windsor'. Traffic on Main Street is also terrible especially when the schools get out.
F	35-44	5	6-10 yrs	Slow down growth, more recreation opportunities for kids, more space preservation.
F	35-44	5	6-10 yrs	Traffic, people are speeding everywhere and are driving like crazy people, it's just not safe.
F	35-44	5	6-10 yrs	We just need to catch up to the growth we've experienced. Roads, grocery, shopping.... It all needs to catch up to the new population numbers!
M	35-44	5	6-10 yrs	Downtown development that preserves history and attracts guests beyond Windsor.

F	45-54	5	6-10 yrs	Stop new houses. It is changing the town and not for the better.
F	45-54	5	6-10 yrs	The people Windsor has attracted are awful and the police do nothing. I would like to see more police involvement
F	45-54	5	6-10 yrs	Traffic - dangerous when trying to enjoy main Street and town center
F	45-54	5	6-10 yrs	Windsor development, parking
M	45-54	5	6-10 yrs	Keep the farmland. Keep it country. Make all lakes accessible and welcoming all around them with mown grass and places to gather with friends by the water. Edges of our lakes are pretty bad and grown up . Seems like we don't care .
M	45-54	5	6-10 yrs	Lower taxes
M	45-54	5	6-10 yrs	No semi trucks in town
M	45-54	5	6-10 yrs	Slow down residential housing development, resist these big developers Martin L and their whims.
M	45-54	5	6-10 yrs	Traffic congestion. Limited routing in and around Windsor. Poor planning and development around downtown.
F	55-64	5	6-10 yrs	Bigger grocery store, movie theater
F	55-64	5	6-10 yrs	Bring in a grocer other than Kroger to the east end of Windsor. Stop the gas price fixing and limited the # of fast food establishments.
F	55-64	5	6-10 yrs	Install Aeration System for Windsor Lake
F	55-64	5	6-10 yrs	Main Street traffic and tipsy pedestrians don't mix, so pedestrian protection is necessary on east Main Street. My kids have told me they're scared crossing Main Street to go to the library or the park. So, pedestrians protection on Main Street would be #1 choice for improvement.
F	55-64	5	6-10 yrs	More retail in evening. I work in Denver and by the time I get home things are closed. And on weekends, I enjoy looking in shops after dinner. Most close before dinner so it removes from the overall experience of eating downtown
F	55-64	5	6-10 yrs	Stop building giant mega mansions! Our property taxes are increasing in response!!
F	55-64	5	6-10 yrs	Traffic and a grocery store!
M	55-64	5	6-10 yrs	Fix the traffic
M	55-64	5	6-10 yrs	I think Windsor desperately needs more retail development. Huge amounts of tax payer dollars go to the surrounding communities because we didn't have a Target, Lowes, Home Depot, Walmart, etc.
M	55-64	5	6-10 yrs	I would love more variety in food options. That would keep money in Windsor and not traveling to other towns to eat

M	55-64	5	6-10 yrs	More shopping/dining options so folks don't have to travel out of town
F	65-74	5	6-10 yrs	I would appreciate more opportunities to stay in Windsor for retail or entertainment opportunities.
F	65-74	5	6-10 yrs	More access or small businesses to help them succeed.
F	65-74	5	6-10 yrs	Put a ban on anymore housing developments. It really is too crowded. Initially this is why we moved here. We thought we would always have a small town to enjoy
F	65-74	5	6-10 yrs	The political structure of Windsor is strongly influenced by the wealthy in the area. Disgraceful.
M	65-74	5	6-10 yrs	Cultural oppertunities
M	65-74	5	6-10 yrs	Lower property taxes
F	75+	5	6-10 yrs	More shopping variety So as not to have to drive so far to buy something needed, that's not in Windsor
M	75+	5	6-10 yrs	Better transportation accessibility. Safer driving conditions.
M	75+	5	6-10 yrs	Downtown traffic
M	18-24	6	6-10 yrs	Crossroads Walmart intersection where the lanes get diverted to 1 (big stressor during my commute and I would assume the trucks). This is a busy road that bottle necks here often.
M	18-24	6	6-10 yrs	Promoting diversity tolerance in the town. Host concerts/events that could include different, various cultures to increase exposure to different people and lifestyles
F	25-34	6	6-10 yrs	Control growth. We don't want the small town feel to go away and the more it grows the more we outgrow places like the groceries stores, they were not built to hold they type of traffic we are starting to have.
F	25-34	6	6-10 yrs	Growth. The housing is out of control. and police need to be pulling over people in this town that speed and constantly run red lights
F	25-34	6	6-10 yrs	More resources for things like food and retail
F	25-34	6	6-10 yrs	Stop building housing!
M	25-34	6	6-10 yrs	HOA costs are crazy, look to improve retail options like unique grocery stores or add a Target. Plus a better more diverse restaurant scene not just a Wendy's, Taco Bell, or other basic fast food
M	25-34	6	6-10 yrs	Provide the infrastructure to support the growth. The town has doubled in size but there is nothing else that has kept the same pace (restaurants, shopping, recreational center services, etc.
F	35-44	6	6-10 yrs	Building restrictions and higher costs to builders.
F	35-44	6	6-10 yrs	Grow slower and smarter so costs don't spiral out of control for those already here. Town of Windsor utility bill has increased 60% in 5 years. Why? Selling our water to other places and making us pay for it?
F	35-44	6	6-10 yrs	Help local businesses. Get a grocery store on the east side of town.
F	35-44	6	6-10 yrs	More food choices and town gatherings

F	35-44	6	6-10 yrs	Neighborliness... invest in building communities within neighborhoods (not the town, but on the streets where people live)
F	35-44	6	6-10 yrs	Property taxes keep increasing a lot and it's getting unaffordable.
F	35-44	6	6-10 yrs	Put an Italian restaurant in Water Valley.
F	35-44	6	6-10 yrs	Stop building new houses!
F	35-44	6	6-10 yrs	Traffic through downtown. I'd like to spend more time there but it's too loud and unsafe.
M	35-44	6	6-10 yrs	Another grocery store, preferably not kroger or Safeway.
M	35-44	6	6-10 yrs	Better internet through access to fiber. Xfinity has a basic monopoly here because Century Link doesn't update a thing here. The monopoly needs to be broken.
M	35-44	6	6-10 yrs	Gender and pronoun non sense in schools . Not the place to let minorities affect the majority. If your a cat.... Guess what... cats don't go to school.
M	35-44	6	6-10 yrs	More local businesses and increase infrastructure traffic volume
M	35-44	6	6-10 yrs	Traffic
M	35-44	6	6-10 yrs	Traffic. The town has grown quickly and Main Street is too congested. The parking on main is terrible with the amount of traffic trying to drive down it
F	45-54	6	6-10 yrs	Better access to grocery shopping with healthy food options. Trader Joe's, Sprouts, Whole Foods.
F	45-54	6	6-10 yrs	I'd like to see pedestrian crossing lights on 7th street. Even with crosswalks, cars don't usually stop for pedestrians and worry for the safety of school kids
F	45-54	6	6-10 yrs	More affordable housing
F	45-54	6	6-10 yrs	More inclusive of diverse people (races, LGBTQ, etc).
F	45-54	6	6-10 yrs	More job opportunities in Windsor
F	45-54	6	6-10 yrs	Safety. We have become increasingly concerned about theft, breakins and drug use crimes in our town. With the new police station and tons of new hires this should not be a thing in Windsor. Seems like the police prefer to ticket small traffic violations on new drivers then keep us all safe.
F	45-54	6	6-10 yrs	The people. Angry drivers on main Street. Drivers regularly driving through lights for trail crossing. Punk kids being rude or threatening people and dominating areas. People polarizing local elections and trying to make community politics and policy making partisan.
F	45-54	6	6-10 yrs	Traffic does seem to be getting busier.
F	45-54	6	6-10 yrs	Traffic issues on 7th street and availability of good jobs.
F	45-54	6	6-10 yrs	Train schedules. Rush hour traffic morning and evening is ridiculous

M	45-54	6	6-10 yrs	A sustainable and strategic plan that triggers emanate addition of adequate education space and staff. A proportional single/multifamily house to classroom ratio. Today the town quickly approves massive building plans for housing communities while ignoring a sizable gap in classroom space. Aesthetically the town celebrates brick and mortar growth and investment while keeping the dark curtain of education growth and investment stays closed and quiet.
M	45-54	6	6-10 yrs	Access to shopping in town- socks, underwear, laundry detergent, etc
M	45-54	6	6-10 yrs	Parking downtown and widen the roads. Also quit building two land roads with a grass median that needs maintenance and cost money when it clearly needs to be 4 lane to start.
M	45-54	6	6-10 yrs	Parking downtown to utilize services, it's the heart of Windsor
M	45-54	6	6-10 yrs	Roads- need work and flow repairs
F	55-64	6	6-10 yrs	Enlarge lot sizes. The trend of tiny lots reminds me of city living.
F	55-64	6	6-10 yrs	For now work on being able to help our younger generation afford to live here. Single head of household parents, teachers, police officers, firemen, are examples of those we should be trying to attract to our community. If we had more retail , we can raise money to pay for this and keep our shopping dollars in Windsor.
F	55-64	6	6-10 yrs	It takes way too long to drive into downtown from Water Valley due to slow speed on 7th and that is a major reason we try not to go downtown. Need some more efficient riads to access or go around town.
F	55-64	6	6-10 yrs	Lower property taxes. Many people move from Windsor because of the high taxes. Many people are on fixed incomes and when taxes go up every year they have to choose not only between food or drugs but now it's between food, drugs and paying property taxes.
F	55-64	6	6-10 yrs	Need more grocery stores and retail and restaurants so that we keep our money local.
F	55-64	6	6-10 yrs	Not let Martin Lind be so important and so critical to the area.
F	55-64	6	6-10 yrs	The lack of affordable housing

M	55-64	6	6-10 yrs	Continue to work with CDOT to find a way to move thru-truck traffic off Main Street
M	55-64	6	6-10 yrs	More bike paths west of Windsor to Ft Collins and Loveland
M	55-64	6	6-10 yrs	Slow growth
M	55-64	6	6-10 yrs	Stop promoting the idea that Windsor should help people come into this bedroom community, that you will now have to take care of until they decide somewhere else will help them more. Don't degrade a very nice town. Low income housing services are available in every large town around Windsor. Next it will be allowing tent cities onto our green areas!
M	55-64	6	6-10 yrs	Traffic flow. Trying to get to many places in Windsor is aggravating.

"If you could improve one aspect of Windsor, what would it be and why?"

Sex	Age Range	Dist	Tenure	Response
M	55-64	6	6-10 yrs	We need to make sure that we have the resources for the growth. For example, we need an additional grocery store or two, but this has taken too long. Also, better traffic flow thru downtown.
F	65-74	6	6-10 yrs	Decrease ambient lighting, I am dismayed by the light pollution allowed by HOEDOWN HILL! Turn off lights between 9 pm and sunset the next day. GLARING example of a developer's disregard for community. So ugly.
F	65-74	6	6-10 yrs	Fine the noisy cars and monitor more the driving behaviors, especially at rush hour.
F	65-74	6	6-10 yrs	Keep downtown as the retail it is. No apartments or high rises.
F	65-74	6	6-10 yrs	Main Street Congestion
F	65-74	6	6-10 yrs	More grocery stores, more (and better quality) dining places, more retail places, and better traffic flow during peak hours (more options to get in and out of places in town).
F	65-74	6	6-10 yrs	Slow the growth. 257 bypass to avoid trucks going downtown.
F	65-74	6	6-10 yrs	Stop building houses..let's leave some open space. Schools cannot handle the growing population
F	65-74	6	6-10 yrs	Traffic downtown. Not safe crossing street downtown, almost got hit in crosswalk because a truck couldn't stop in time.
M	65-74	6	6-10 yrs	Better traffic flow downtown
M	65-74	6	6-10 yrs	Improve opportunity for dining
M	65-74	6	6-10 yrs	New Liberty should not be a bypass for commercial traffic. The speed limit should be lowered to 35 mph to discourage bypass traffic. Put in speed ramps (like Trilby Rd in Fort Collins) to discourage speeding. 257 between Crossroads and Eastman Park should not be 65 mph; should be 45. The Poudre Trail crossing is a death trap. There needs to be a pedestrian/bike bridge.
M	65-74	6	6-10 yrs	Other grocery stores on east side of town
M	65-74	6	6-10 yrs	Reduce taxes - cut back on wasteful projects and services to balance the budget.
M	65-74	6	6-10 yrs	Remove thru traffic on Downtown Main Street.
M	65-74	6	6-10 yrs	Take truck traffic off of Main St
M	65-74	6	6-10 yrs	Unchecked growth that exceeds to requisite growth of infrastructure, shopping and other services.
F	75+	6	6-10 yrs	Another grocery store and clothing store
F	75+	6	6-10 yrs	Keeping it small town. Growth appears to ruin communities with crime, over crowding and change to liberalism
F	75+	6	6-10 yrs	Overbuilding traffic congestion
F	75+	6	6-10 yrs	The grocery store experience. The local King Soopers has become a frustratingly overcrowded and irritating experience. The Safeway store is more costly and understaffed.
F	75+	6	6-10 yrs	Up the speed limit on 7th
M	75+	6	6-10 yrs	Additional shopping opportunities in the East end of town. Most stores I shop in are not as convenient as stores along Hwy. 257 would be for me.

M	75+	6	6-10 yrs	Not enough large retail. If I shop, I drive to out of town. King Soopers..I drive to Greeley. Friends ask how I like Windsor and I say nfine, but if I need anything or want to do something, I leave town
M	75+	6	6-10 yrs	Slow down growth, with fast growth quality of life hard to keep up, Won't have opportunity for separation and open space
M	75+	6	6-10 yrs	Traffic
M	75+	6	6-10 yrs	Traffic flow through downtown.
M	75+	6	6-10 yrs	Traffic on main is too heavy with trucks
M	75+	6	6-10 yrs	Traffic on mainstreet
M	75+	6	6-10 yrs	Traffic safety at intersections. Enhance alternate routes
F	25-34	U	6-10 yrs	Population growth. Heavy amounts of traffic, packed schools, housing taking up land.
F	35-44	U	6-10 yrs	Affordability. Everything is skyrocketing and water bills are insanely expensive this year. No caps on housing around us so far as our kids are in classrooms with 24 kids already. Fromm has become harassing to residents for minor things and counsel could care less. Kids destroying the park every month and having no police coverage at night is scary.
F	35-44	U	6-10 yrs	Driving conditions on 257
F	35-44	U	6-10 yrs	Grocery store on east side. Gas prices. More special needs support and activities (in school and out).
F	35-44	U	6-10 yrs	More inclusive and welcoming to diverse groups. Also would like to see better collegiality and collaboration between town organizations (Town, school district, library etc).
F	35-44	U	6-10 yrs	Police transparency about crime- for example, more details being released after the body by the post office and the lake were found. Or the shooting in Windsor, or alert to shelter in place on Apple Ct on Friday, etc
M	35-44	U	6-10 yrs	I would slow the growth of Windsor. We are growing way too fast and we're gonna look like Fort Collins here soon jampacked and clustered.
M	35-44	U	6-10 yrs	Improve planning to include the medium and long term future, not just short term. Bigger issue? Allowing Metro districts to run wild. Very very poor management of this by the city....
F	45-54	U	6-10 yrs	Drop the high rate of taxes ! So the wife doesn't have to move to a more affordable place!
F	45-54	U	6-10 yrs	If I could improve one aspect it would be the class times at the Wclub.
F	45-54	U	6-10 yrs	Less focus on politics around my home.
F	45-54	U	6-10 yrs	More invested in our youth, like mental health supports in High School. Youth crime has increased in Windsor.
F	45-54	U	6-10 yrs	New bigger grocery store. Better landscaping for all of main street including the schools. Most businesses and the schools have zero landscaping, dead grass and loads of weeds. It looks very unkept and low income.
F	45-54	U	6-10 yrs	Not sure
F	45-54	U	6-10 yrs	Trains blocking traffic

M	55-64	U	6-10 yrs	Lower taxes
M	55-64	U	6-10 yrs	More good restaurants. Why? Because all we have are junk fast food. Need a steak house
F	65-74	U	6-10 yrs	Larger grocery stores. Pre snow storms they are both filled with chaotic shoppers panic buying and one is always filled with the blue personal shopper carts and they ignore the live shopper in front of them. We shop more and more in Loveland now
F	65-74	U	6-10 yrs	Less influence by big developers on windsor policy
F	65-74	U	6-10 yrs	More restaurants that are not fast food! Stop the unhealthy fast food!!!

M	35-44	1	Less 2 yrs	Transportation infrastructure. Transportation infrastructure is the framework of a community and guides all aspects of planning and development. Creating a strong resilient transportation network will set the town up for success in the coming years and decades.

F	55-64	1	Less 2 yrs	Repair Steeplechase
M	55-64	1	Less 2 yrs	Better care of paths, parks and streets
M	55-64	1	Less 2 yrs	Control growth for quality of life

F	65-74	1	Less 2 yrs	I haven't lived here long enough - 9 mos - to make an assessment - other than alternate grocery store locations
F	65-74	1	Less 2 yrs	Improve the downtown area- aesthetics, shopping and dining with available parking
F	65-74	1	Less 2 yrs	More retail
F	65-74	1	Less 2 yrs	Put a major grocery store near crossroads!! Too far to drive to main street from this side of town especially in bad weather. TOO CROWDED AT THE STORES THAT EXIST!!!
M	65-74	1	Less 2 yrs	Difficult, but engage the entire town and create a sense of community as growth continues to accelerate.
M	65-74	1	Less 2 yrs	No sales tax
M	65-74	1	Less 2 yrs	The urge to visit town more often
F	18-24	2	Less 2 yrs	Sense of community
F	25-34	2	Less 2 yrs	I would improve diversity here. I'm Black, and I worry about what my kid's experience would be growing up in schools here. I volunteer with youth in schools, and the minority students often have really challenging experiences of racialized bullying and discrimination from their peers. I don't want that for my kids.
F	25-34	2	Less 2 yrs	Potential to expand access to groceries. With the growing population we often run into lines at King Soopers
F	25-34	2	Less 2 yrs	The raindance park and lack of restrictions on leash-less dogs. I strongly recommend adding a fence or a stricter stance on dogs whose owners have them off leash. Could be a danger to other residents and their dogs. Even if they have a "good" dog not all dogs act the same, and are still potentially unpredictable.
M	25-34	2	Less 2 yrs	Add another grocery store. And/or update existing.
M	25-34	2	Less 2 yrs	Increase the amount of retail / restaurant options. We lose a lot of tax revenue because most shopping has to occur in surrounding communities due to the lack of anything in town.
M	25-34	2	Less 2 yrs	More food options
M	25-34	2	Less 2 yrs	Municipal broadband - getting 1gb / 1gb or higher speed fiber optic service here would make an enormous difference - just like in Fort Collins
F	35-44	2	Less 2 yrs	Housing affordability
F	35-44	2	Less 2 yrs	More affordable housing and increased retail and grocery spaces.

F	35-44	2	Less 2 yrs	Raindance needs a grocery store!
F	35-44	2	Less 2 yrs	The amount of gun related crimes happening recently. It makes residents feel unsafe.
F	35-44	2	Less 2 yrs	The Old Town area because it seems dated and rundown in some areas. With some vital improvements, Windsor residents would be more inclined and excited to spend money there, as appears to going to neighboring old town areas.
F	35-44	2	Less 2 yrs	Two things: 1) the downtown area is too crowded during summer events and afterschool. 2) more shopping. Right now for shopping we go to Loveland or Timnath.
M	35-44	2	Less 2 yrs	Access to grocery stores
M	35-44	2	Less 2 yrs	I don't know.
M	35-44	2	Less 2 yrs	Increased opportunities for employment
M	35-44	2	Less 2 yrs	New grocery store
M	35-44	2	Less 2 yrs	Put a commercial gym in town.
F	45-54	2	Less 2 yrs	Slow down growth because it's losing the small community hometown feeling.
F	45-54	2	Less 2 yrs	The police department and enforcement on quality of life issues. It's apparent they don't care about dogs off leash, motorized units on the trails, dirt bikes tearing up the drainage ditches..... but they will spend all the time getting traffic tickets and what makes them look cool. Can't even get calls back from anyone or find phone numbers. Not transparent, need new leadership
M	45-54	2	Less 2 yrs	More housing developments like Steeplechase. Homes within an acre or two.
F	55-64	2	Less 2 yrs	Make developers replace/plant a tree for every tree they clear.
F	55-64	2	Less 2 yrs	More developed downtown that brings community together.
F	55-64	2	Less 2 yrs	More healthy restaurants, to eat out more often
F	55-64	2	Less 2 yrs	More officer presence
F	55-64	2	Less 2 yrs	Rent prices. It's all too high. Also, there seems to be very few one story two or three bedroom places for rent.
F	55-64	2	Less 2 yrs	Safe sidewalks including the Colorado boulevard. Improve the trails to make them more navigable from communities to town.
M	55-64	2	Less 2 yrs	A bit more retail for upper Windsor.
M	55-64	2	Less 2 yrs	Ensure preservation of green spaces and trees.
M	55-64	2	Less 2 yrs	Lower property taxes
M	55-64	2	Less 2 yrs	Windsor town leaders need to closely assess what businesses would be relevant and have a high chance of success in the downtown area. There should be incentives for these businesses to remain as downtown staples. Stability is one key to success.

F	25-34	3	Less 2 yrs	I do not have an opinion yet. However, I love that this survey exists!
F	25-34	3	Less 2 yrs	More affordable housing. It's so.expensive everywhere it would be nice to have affordable housing in a town where you people feel safe.
F	25-34	3	Less 2 yrs	One aspect that I would improve if I could would be to add more options for high speed fiber internet to attract businesses and remote residents
F	25-34	3	Less 2 yrs	Slow growth. No king Sooners on the east side
F	25-34	3	Less 2 yrs	The built environment. Too much has been designed for cars and even that isn't well designed based on the issues with traffic flow on Main Street.
M	25-34	3	Less 2 yrs	Affordable housing
M	25-34	3	Less 2 yrs	Don't know yet
M	25-34	3	Less 2 yrs	See question 1
F	35-44	3	Less 2 yrs	Cheaper water
F	35-44	3	Less 2 yrs	Getting access to basic necessities like grocery stores and pharmacies to the large housing communities (like Raindance area). This would greatly reduce the stress on Main Street and 15th Street while keeping tax income for the city. Particularly with the new middle school location, traffic is going to increase on 15th. Also would love a new stop light on 15th and Grand.
F	35-44	3	Less 2 yrs	Growth and traffic
F	35-44	3	Less 2 yrs	More walking, biking trails in north Windsor
F	35-44	3	Less 2 yrs	More welcoming to diverse groups
F	35-44	3	Less 2 yrs	Pay the teachers more money, because they are underpaid.
F	35-44	3	Less 2 yrs	Traffic flow

M	35-44	3	Less 2 yrs	More dining and retail options would be nice. Would also like to see some thoughtful expansion around old town.

				I can't split between these two: Heavy vehicle traffic downtown and nearby retail options that are accessible for Windsor neighborhoods on the east AND west side of downtown. I cannot take my child for a walk around downtown on a normal day because of the exhaust coming from semis and other vehicles. It's impossible to sit outside Windsor Lake Coffee and enjoy a treat without getting gassed by a semi spewing black exhaust or a never-ending line of cars trying to navigate backed up traffic. I was so disappointed to see the results from the city showing no viable solution. The downtown area is so nice, but it's not healthy or safe for my family to visit as often as we'd like. The grocery store placement in this town is ridiculous, and I say that as someone who can walk to the two major options available. We nearly bought a house on the east side of town and the one reason we didn't was lack of access to the town's 2 grocery options. There's also a massive lack of retail options and competition, which makes it hard for middle and low income families to shop within their budget. Low income families are especially impacted by this because every penny counts and the extra gas and time to travel outside of town eats up resources that they can't really spare. I'm upper middle class but I came from a very low income family and my parent lived in a town similar to Windsor. This is a real and impactful issue for town residents and will seriously hurt the ability of families to move and/or stay here long term.
F	35-44	4	Less 2 yrs	More retail establishments
F	35-44	4	Less 2 yrs	Not that I can think of at the moment.
M	35-44	4	Less 2 yrs	Cost of living (utilities, property taxes). The more affordable it is to live here, the more expendable income people will have for goods and services in the town that will increase sales tax revenue.
M	35-44	4	Less 2 yrs	Fiber internet providers
M	35-44	4	Less 2 yrs	More atheist organizations and fewer Republican candidates
M	35-44	4	Less 2 yrs	My particular neighbors don't seem to be as open or friendly as other neighborhoods in Windsor.
M	35-44	4	Less 2 yrs	Strive to make the town more bikeable
M	35-44	4	Less 2 yrs	Water quality. I wish I didn't have to buy reverse osmosis filters to protect myself from what I see in the EPA water quality report in the town.
F	45-54	4	Less 2 yrs	More options for middle-income home purchase. I don't want low-income housing options because that will change the feeling here. People in the middle are forgotten.
F	55-64	4	Less 2 yrs	Bringing in more grocery stores & restaurants. Both are desperately needed to support the population growth.
F	55-64	4	Less 2 yrs	More restaurants and another grocery store.
F	55-64	4	Less 2 yrs	Stop building houses - where is the water going to come from? This is a desert!
F	55-64	4	Less 2 yrs	Traffic

F	65-74	4	Less 2 yrs	Housing prices are ridiculously high; features are ridiculously low.
F	65-74	4	Less 2 yrs	More activities (volunteer, recreational, exercise classes, social) for retired people
F	65-74	4	Less 2 yrs	Traffic
M	75+	4	Less 2 yrs	If you want to continue to grow explosively, provide infrastructure. Grocery shop on west side of city, parking structure downtown.
M	75+	4	Less 2 yrs	Less housing
M	75+	4	Less 2 yrs	Roads
F	25-34	5	Less 2 yrs	Improve public transit/traffic downtown. Build another grocery store
F	25-34	5	Less 2 yrs	Mental health resources and advocacy around suicide prevention. Bullying is normalized in Windsor and staying quiet about suicide is what makes people afraid to speak up about suicidal ideation, especially in teens. It's time to talk more about it and accept diversity rather than accept the bullying.
F	25-34	5	Less 2 yrs	More small businesses and less chains. I want local families to be able to start their own business without worrying about big chains taking them over. And less fast food. Let's be preventative instead of like the rest of the country.
M	25-34	5	Less 2 yrs	Add a new King Soopers on the east end of town
M	25-34	5	Less 2 yrs	Adding a Home Depot for home projects
M	25-34	5	Less 2 yrs	I wish more restaurants/bars would stay open for business downtown. Sadly a lot have closed and nothing seems to be moving in.
M	25-34	5	Less 2 yrs	Mosquito spraying
M	25-34	5	Less 2 yrs	Retail/food
M	25-34	5	Less 2 yrs	Work with CDOT to reduce thru-traffic volume on Main St.
F	35-44	5	Less 2 yrs	Access to businesses in my own town. I currently commute to both Loveland and Fort Collins for almost all services- yoga and wellness studios, retail businesses, nurseries, and high quality restaurants. I can keep going to Fort Collins and Loveland due to proximity, but it sure would be nice to have similar opportunities in Windsor.
F	35-44	5	Less 2 yrs	Additional things to do and retail opportunities so people can spend money and time in town.
F	35-44	5	Less 2 yrs	Better grocery options - health food store ie: natural grocers or local startup (doesn't have to be a chain)
F	35-44	5	Less 2 yrs	I'm split between a grocery store on the east end of Windsor and improving the flow of traffic on Main Street.
F	35-44	5	Less 2 yrs	Semi-truck traffic on Main Street and retail options (food and other) in downtown. Restaurants can't make it happen. The buildings look a little dated and insurance business take up valuable real estate. Downtown has so much potential.
F	35-44	5	Less 2 yrs	Stop closing main roads. It has caused businesses to close, and has created detours way out of the way. Also, stop closing and performing construction on multiple roads at the same time. This makes it extremely difficult to travel anywhere in the town.

F	55-64	5	Less 2 yrs	Improve the downtown area, better parking and more stores would be nice in the downtown
F	55-64	5	Less 2 yrs	Main Street traffic
F	55-64	5	Less 2 yrs	More neighborhood developments on 1-3 acre lots The density of housing developments such as Raindance and the many others going in is over crowding the town and the roads and grocery stores can't handle it.
