3. Liaison Reports

- Town Board Liaison/Ken Symsack
 - Work sessions have been based around budget, held budget retreat, mostly positive and receptive of asks and proposals
 - Board was able to help get a couple of rollerbladers from Windsor to Worlds, one of them won
 - Discussed the topic of firearms in Town Hall, conversation went well

- Weld RE-4 School District/Mark Leach
 - Work session last night, reviewing policies such as visitors at schools
 - School attendance will go down in current middle school with the addition of Ridgeline MS which will open up for next school year, means teacher positions go down, first opportunity for current staff to apply, both middle schools will go from about 700 to about 400 students, will host a hiring event in the summer, but will fulfill with in-house first
 - Culture and Climate survey was sent out to employees – overall, people are happy to be working in the district
 - Will attend CASB in December in Colorado Springs
 - Construction will start on the current administration building, staff will work at other sites within the district during that time

4. Public Invited to be Heard

C. BOARD REVIEW/DISCUSSION

1. Kodak Open Space Master Plan Presentation/Darren Duroux – Connect One Design

- Goals of the Kodak Master Plan
 - Protect and restore designated existing natural landscapes in the open space
 - Create a balance between human use and protected habitat
 - Protect existing uses on site, including active agriculture as appropriate, habitat areas, archery range, trails, etc.
 - Reinforce the natural context of Windsor at the entrance to the community (gateway from the south)
 - Create a designation for passive or 'light touch' recreation in a natural area, in the midst of rapid development in the region
 - Improve access for all residents to the open space, with an emphasis on non-vehicular access
 - Increase connectivity to open space infrastructure through trail connections, while planning for future linkages to open space acquisitions and regional neighbors
- Community Outreach – What We Asked
 - Does this level of trail access meet the objective to balance human access with conservation?
 - Highlighted in the graphic are over 1.5 miles of proposed new trails
 - Dashed Blue = paved trail connected to the Poudre River Trail

- Dotted Pink = 4-season soft-surface trail
- Hashed Orange = soft-surface single track closed seasonally for eagle nesting
- Green = boardwalks over wetlands

- Do these site amenities provide the right level of engagement for this open space site?
- Note – one of the proposed restrooms is outside of the map area shown here

- Do the new parking areas address the needs of the site?
- Does this new access point (crosswalk) address safety concerns, vehicular access?

- Online Survey (open 2.5 weeks), advertised in utility billing insert, poster at trailhead, through social media and in the Parks & Rec newsletter
 - 60 responses received
 - 90% had visited Kodak multiple times

Response scale:

Does this level of trail access meet the objective to balance human access with conservation?

- Draft of Master Plan without Crossroads

- Draft Master Plan with Crossroads

- Ms. Bouchard inquired about flood management
 - Not in design currently, a big chunk of the site is in a flood plain, there are things you can do if a flood comes, like breakaway shelters
- Mr. Mask inquired about previous interest from Windsor-Severance and a fire station near by
 - This study has been able to ratify what the site is what it is intended for, the fire district has moved on to other locations, mining will potentially slow due to the value of the area as well
- Ms. Labus inquired about the anticipated timeline
 - Unknown at this time, usually use Park and trail development fees for a site like this, will look at other priorities that will take precedence, hopefully be able to start on small trail development, most likely five years out
- Mr. Leach inquired about the Great Western industrial future housing, Care Stream site
 - Great Western industrial park has already submitted plans for housing and commercial, Care Stream has nothing planned yet for their property, but is currently for sale

2. Potential Museum Acquisition

- Potential Acquisition No. 2024-005
 - (18) Photographs, digital, (15) signs in Windsor from the 2020

- pandemic lockdown, (3) photos of social distancing measures, photos taken by Walter Eskridge in Windsor in the spring of 2020
