

TOWN BOARD WORK SESSION

May 11, 2026 - 5:30 PM

1st Floor Conference Room, 301 Walnut Street, Windsor, CO 80550

To view Town Board meeting broadcasts, visit
www.windsorgov.com/MeetingsOnDemand.

AGENDA

GOAL of this Work Session is to have the Town Board receive information on topics of Town business from the Town Manager, Town Attorney and Town staff in order to exchange ideas and opinions regarding these topics.

Members of the Public in attendance are asked to be recognized by the Mayor before participating in any discussions of the Town Board

WORK SESSION AGENDA ITEMS

1. Board/Manager/Attorney Monthly Meeting
2. Poudre River Trail Authority Update - W. Willis, Open Space and Trails Manager
3. Hauler Licensing - E. Lucas, Deputy Town Manager
4. Future Meetings Agenda

The Town of Windsor will make reasonable accommodations for access to Town services, programs, and activities and will make special communication arrangements for persons with disabilities. Please call (970) 674-2400 by noon on the Thursday prior to the meeting to make arrangements.

MEMORANDUM

Date: May 11, 2026
To: Mayor and Town Board
From: Wade Willis, Open Space, Trails Manager
Re: Poudre River Trail Authority Update - W. Willis, Open Space and Trails Manager
Item #: 2.

Background / Discussion:

On October 27, 2025 the Town Board had a board action item regarding terminating the Poudre River Trail Corridor Intergovernmental Agreement. The action item did not move forward due to a desire by Town Board to allow time for the Corridor Board to provide a response regarding what the future of the Corridor Board would look like and how it could help support the Town of Windsor as it relates to the Poudre River Trail Corridor.

Pasted below are some of the items staff shared with the Corridor Board regarding how it could be most beneficial to the Town of Windsor in the future:

- Support and/ or facilitate increased access to the Poudre River beyond the current 30' trail easement. Acquire access easements or assist will finding willing sellers of property to the Poudre River through private property.
- Seek land dedication or an access easement to expand the Colorado Boulevard Poudre Trail Parking Lot.
- Fund development - morph towards a "PRT Foundation" focusing a concentrated effort towards funding projects and develop a reserve fund to aid in large unanticipated projects cause by flooding or river movement. An example is each municipality budgets \$75k for this effort but a project will cost \$500k or more. They could fund the project or use foundation dollars to match with grant dollars.
- Become active in seeking grants
- Marketing the region through trail video. Biking long trails is a tourism revenue generator and with soon to be Greeley -Windsor -FOCO, there is a huge opportunity for the trail to be used as a means to recreate (spend money) in each community. There are multiple examples throughout the US that could be replicated here and provide a benefit to all.
- Develop partnerships with each communities Chamber to promote the trail, its benefits and key destinations in all communities.
- Trail information centers at key locations throughout each community

Tonight, Scott Romme, the new Poudre Trail Corridor Board Executive Director will introduce himself to the Town Board and share his vision and the direction forward for the Poudre River Trail Corridor Board.

Financial Impact:

\$32,000 is the current annual contribution typically provided by the Town of Windsor.

Relationship to Strategic Plan:

Recommendation:

Town Staff will be looking for direction from Town Board regarding continued participation in the Poudre

River Trail Corridor Board which will include direction to pay the 2026 contribution to the board.

MEMORANDUM

Date: May 11, 2026
To: Mayor and Town Board
From: Eric Lucas, Deputy Town Manager
Re: Hauler Licensing - E. Lucas, Deputy Town Manager
Item #: 3.

Background / Discussion:

Over several years, staff has evaluated and presented information to the Town Board regarding the potential benefits of a hauler licensing program.

In 2025, the Town received a STEPS grant through Colorado Circular Communities (C3) to support development of a hauler licensing ordinance. Through that grant, the Town engaged RRS to assist with this effort. RRS will present the work completed on behalf of the Town, including the attached draft ordinance.

Staff and the consultant are seeking Town Board feedback on the draft ordinance and overall approach. If the Town Board is comfortable moving forward, staff will begin developing standard operating procedures for administration of the licensing program and will bring the ordinance back at a future meeting for consideration of adoption.

Financial Impact:

Minimal revenue and impact is expected by this program.

Relationship to Strategic Plan:

Recommendation:

Provide staff and our consultant direction. Our intent is to bring the ordinance back with any requested edits in a future meeting for approval and implementation.

STEPS
Strategic Technical
Expertise for the
Public Sector

Strategic Technical Expertise for the Public Sector

Colorado Circular Communities (C3) is a statewide program that provides financial and technical assistance to enhance circularity across the state, and helps communities achieve their waste diversion and aversion goals.

Windsor was selected to receive no-cost consulting from C3's Strategic Technical Expertise for the Public Sector (STEPS) program.

Resource Recycling Systems (RRS) is working with Windsor on policy recommendations for a hauler licensing ordinance.

Agenda

- Summary of STEPS projects
- Hauler licensing overview and key benefits
- Regional ordinance examples
- Ordinance components
 - Data collection and reporting
 - Enforcement and compliance framework
- Next steps

STEPS Projects Overview

October 2025	November 2025	May 2026	June 2026
5 Waste Hauler Interviews	Best Practices for Hauler Licensing	Ordinance Development	Standard Operating Procedure (SOP)

Goal: Develop a hauler licensing program, as approved by the Board.

Hauler Licensing Overview

- Regulate businesses that collect and transport solid waste for residents and businesses
- Covers businesses that provide trash, recycling, and organics waste services

Key Benefits:

- Data collection
- Level playing field
- Transparency in operations
- Hauler accountability
- Insurance expectations
- Recycling access

Regional Ordinance Examples

Location	Enacted	Hauler Fee	Program Requirements
City of Fort Collins	Updated in 2023	\$100 per vehicle annually	Apply for an annual license, report tonnage twice a year, collect designated recyclable materials, maintain internal records, and conduct annual educational outreach.
City of Lafayette	2020	\$250 annually	Maintain insurance, offer recycling and organics collection every other week for residential customers, submit an annual services report and biannual tonnage reports, and operate within restricted hours.
Adams County	2024	1-3 hauling vehicles = \$100 annually; 4-9 hauling vehicles = \$300 annually; 10+ hauling vehicles = \$600 annually	Meet safety standards for collection, report tonnage data, offer recycling services to both residential and commercial customers, and provide educational outreach to customers.

Ordinance Components, 1 of 2

- Application
 - Includes bond, insurance, and a nominal license fee, which the Town Board approves annually
- Recycling collection services requirements
 - Haulers providing regular curbside waste services must **offer** recycling services
 - Minimum monthly recycling collection frequency
 - Designation of recyclable materials
 - Proper disposal of solid waste, recycling, and organic waste streams
 - Annual education and outreach on recycling

Ordinance Components, 2 of 2

- Vehicle requirements
- Labeling requirements
- Operating hours
- Annual reporting, to include:
 - Weight in tons of waste streams
 - Total service accounts by customer sector
 - Total service accounts by waste stream
 - Education and outreach activities
 - Destination facilities tonnages

Next Steps

- Revisions to the ordinance
 - a. Any additional requirements to include?
 - b. Any additional data and metrics to track?
 - c. Any sources of concern?
- Development of standard operating procedure for Town staff administration
- First reading of ordinance

Thank You!

Joris Eigirdas

Defining Terms

Hauler: A hauler is an individual or company that collects and transports waste materials (solid waste, hazardous waste, recyclables, etc.). Haulers take materials to different facilities depending on the material type. They are responsible for transporting materials for disposal, treatment, storage, recycling, or processing.

Hauler License: Hauler License systems or policies regulate waste collection services within a community. They require collection companies to register for a license before collecting waste within a certain area. There are different requirements that can be included in each individual policy.

Ordinance: An ordinance is a law adopted by a local government (such as a city, town, or county). It establishes rules or requirements within that jurisdiction.

TOWN OF WINDSOR
ORDINANCE NO. 2026-

AN ORDINANCE FOR THE REGULATION AND LICENSING OF HAULERS ENGAGED IN THE COLLECTION, TRANSPORTATION, AND/OR DISPOSAL OF SOLID WASTE WITHIN THE TOWN OF WINDSOR

WHEREAS, the Town of Windsor (“Town”) is a home rule municipality with all powers and authority vested under Colorado law; and

WHEREAS, pursuant to Chapter 6, Article III of the Town’s Municipal Code, it shall be unlawful for any person to establish any place of business in the Town, or engage in business within the Town, without first obtaining a license from the Town to conduct such business; and

WHEREAS, Title 31, Article 15 of the Colorado Revised Statutes grants municipalities the authority to enact ordinances necessary to protect the public health, safety, and welfare, including the regulation of sanitation services and the collection, transportation, and disposal of solid waste within municipal boundaries; and

WHEREAS, the Town is committed to promoting sustainability, resource conservation and the reduction of municipal solid waste; and

WHEREAS, the Town finds that establishing a licensing program for haulers engaged in the collection, transportation and disposal of solid waste will support these goals by reducing landfill waste, increasing access to recycling services and ensuring a high level of customer service for municipal solid waste collection; and

WHEREAS, the Town finds that the regulation and licensing of such haulers is necessary to ensure the health, safety and welfare of its residents.

NOW, THEREFORE, BE IT ORDAINED BY THE TOWN BOARD OF THE TOWN OF WINDSOR, COLORADO, AS FOLLOWS:

Section 1. Windsor Municipal Code Chapter 6, Article VIII, is created and shall read as follows:

ARTICLE VIII – Solid Waste and Recycling Hauler Licenses

Sec. 6-8-10. – Title and purpose.

This Ordinance shall be known as the Hauler Licensing Ordinance. Its purpose is to establish and define a Hauler licensing program, set forth reporting requirements to obtain information for the tracking and management of Municipal Solid Waste, and establish procedures for its enforcement to ensure compliance within the Town of Windsor. This Ordinance is intended to ensure equitable access to and encourage participation in recycling services for residents, and protect the health, safety, and welfare of the public.

Sec. 6-8-20. – Definitions.

As used in this Chapter, the following terms shall have the meanings indicated:

Commercial Customer refers to services performed at or for any premises where a commercial, industrial, or institutional enterprise is carried on, including, but not limited to, retail establishments, restaurants, hospitals, schools, day care centers, office buildings, nursing homes, clubs, and churches.

Hauler means any person or entity that, for a fee or not, provides collection, transportation, or disposal services for Municipal Solid Waste, Recyclable Materials, or Organic Materials. *Landfill Materials* means discarded materials from household, community, commercial, and industrial sources, excluding Recyclable Materials and Organic Materials, that are collected separately for the purpose of such materials being landfilled.

Minimum Recyclables List refers to the minimum grouping of material required to be collected as part of the recycling collection service, as maintained by the Town of Windsor.

Multifamily Customer refers to services performed at and for residential premises with dwellings with eight or more units.

Municipal Solid Waste means solid waste from household, community, commercial, and industrial sources, including Organic Materials and Recyclable Materials, but excluding hazardous waste, industrial process waste, and wastewater treatment residues, automobile bodies, combustion ash, or construction or demolition debris.

Organic Materials means organic material that has been separated from non-organic material at the point of generation, such as food scraps, yard waste, and biosolids, for the purpose of composting or processing such materials into soil amendment, fertilizer, mulch, sludge, biogas, fuel, or electricity.

Recyclable Materials means discarded materials from household, community, commercial, and industrial sources that are collected separately for the purpose of such materials being reused, remanufactured, reclaimed, or repurposed into new or different products or packaging materials, provided that such materials have been designated as recyclable under the Minimum Recyclables List.

Residential Customers refers to services performed at and for residential premises, which include single-family dwelling units of seven or fewer dwelling units.

Self-Hauler means a person or entity that transports their own Municipal Solid Waste to a processing facility or landfill.

Source Separation means to separate Recyclable Materials or Organic Materials from Municipal Solid Waste at the source of waste generation.

Sec. 6-8-30. – License required.

- A. No person or entity, unless subject to a valid exemption, shall operate any Municipal Solid Waste, Recyclable Materials or Organic Materials collections within the Town of Windsor municipal boundaries without first securing a valid Hauler license for such operations.**
- B. Exemptions. The following person(s) or entities are exempt from obtaining a Hauler license:**
 - 1. A Self-Hauler.**
 - 2. A civic, community, benevolent, or charitable organization that collects, transports, and markets materials for resource recovery solely for the purpose of raising funds for a charitable, benevolent, or civic activity.**
 - 3. A property owner or representative thereof, who transports Municipal Solid Waste left by a tenant on such owner's property, provided that the property owner or representative does not regularly provide Municipal Solid Waste collection services for compensation.**
 - 4. A demolition or construction contractor or landscaper who transports Municipal Solid Waste, including Recyclable Materials or Organic Materials, in the course of such work, where the Municipal Solid Waste produced is incidental to the work being performed by such person or entity.**

Sec. 6-8-40. – License application & administration.

- A. Each person or entity interested in obtaining a Hauler license shall file an application, to be completed in its entirety, to the Public Works Department on forms provided by the Town of Windsor.**
 - 1. Each applicant shall include the name and address of the local corporate or business office and provide the number, make, and model of each truck operating in the Town of Windsor, name and address of each location where collected material is transported to by the applicant, and other information as required by the Town of Windsor.**
 - 2. Each applicant shall provide a valid contact person and a 24/7 telephone number, and shall promptly update such contact person or number as changes occur.**
- B. The application shall be reviewed by the Director of Public Works or its designee, who shall conduct any additional investigation if necessary, and may approve, approve with conditions, or deny the Hauler license for just cause.**
- C. In determining whether to grant or deny a Hauler license, the Public Works Department shall take into consideration the following:**

1. Any previous license violations, Occupational Safety and Health Administration (OSHA) violations, civil convictions, or criminal convictions.
2. If the applicant has previously done business in the Town of Windsor, the number of complaints received from constituents of the Town of Windsor concerning the applicant's operations.

D. The Director of Public Works, or its designee, upon making a determination of whether a Hauler license shall be issued shall provide written notice to the applicant of the decision following a determination by the Public Works Department of whether a Hauler license shall be issued.

Sec. 6-8-50 – Bonds and Insurance.

A. No Hauler License shall be issued without the following:

a. Insurance.

- i. **General Liability Insurance.** Hauler shall maintain general liability insurance with minimum amounts of two million dollars (\$2,000,000) each occurrence; four million dollars (\$4,000,000) aggregate. Such liability insurance may be satisfied by a combination of commercial general liability coverage and umbrella coverage. The coverage shall be provided on an “occurrence” basis as opposed to a “claims-made” basis. The policy shall be applicable to all premises and operations, shall include coverage for bodily injury, broad form property damage (including completed operations), personal injury (including coverage for contractual and employee acts), blanket contractual, independent contractors, products, and completed operations.
- ii. **Comprehensive Automobile Liability Insurance.** Hauler shall maintain comprehensive automobile liability insurance with a minimum combined single limit for bodily injury and property damage of not less than one million dollars (\$1,000,000) with respect to each of Hauler’s, contractor’s or subcontractors owned, hired and/or non-owned vehicles assigned to or used on the Property, and in development of this Project.
- iii. **Evidence of Insurance.** The General Liability Insurance and Comprehensive Automobile Liability Insurance required above shall be endorsed to include the Town of Windsor, its elected and appointed officials and employees as additional insureds. Every policy required above shall contain a severability of interests provision and be primary insurance; any insurance carried by the Town, its officers, or its employees, shall be excess and not contributory insurance to that provided by Hauler, its contractors or subcontractors. Hauler shall be solely responsible for any deductible losses under each of the policies required above.
- iv. **Certificates of Insurance.** Prior to the commencement of any work, Hauler shall provide a Certificate of Insurance issued to the Town of

Windsor, Attn: Risk Management, 301 Walnut Street, Windsor, CO 80550, as the Certificate Holder. Such certificate shall be delivered to riskmanagement@windsorgov.com. Each certificate shall identify this project and shall provide that the coverage afforded under the policies shall not be cancelled, terminated or materially changed until at least 30 days prior written notice has been given to the Town. Should any of the required policies be canceled before the expiration date, notice shall be delivered to the Town of Windsor, 301 Walnut Street, Windsor CO 80550, riskmanagement@windsorgov.com. The Town reserves the right to request and receive a certified copy of any policy and any endorsement thereto.

- b. A performance bond. Prior to the commencement of any work, Hauler shall provide a surety bond in the principal amount of \$1,000 to the Town of Windsor's Clerk's office.**

Sec. 6-8-60. – License fees.

- A. Upon acceptance of a license application, but prior to issuance, the Hauler shall furnish to the Town Clerk an annual non-refundable license fee.**
- B. License fees shall be adopted by the Town of Windsor Board on a yearly basis through means of a resolution.**

Sec. 6-8-70. – License terms and renewal.

- A. All Hauler licenses issued shall expire on December 31 each year following issuance, unless cancelled or revoked, and may be renewed upon submission of a completed application for renewal and payment of the required license fee.**
 - 1. All applications for renewal of a Hauler license shall be submitted no later than November 30 in advance of the upcoming license year, or at the discretion of the Director of Public Works.**
 - 2. Licenses issued under this Ordinance are non-transferable.**
- B. The renewal application shall be reviewed by the Director of Public Works or its designee, who shall have the power to grant or deny such Hauler license renewal.**

Sec. 6-8-80. – License denial, cancellation, suspension or revocation.

- A. A Hauler license may be denied, cancelled, denied renewal, suspended, or revoked by the Town of Windsor for failing to properly comply with provisions in this Chapter or on the grounds that the health, safety, or welfare of the community may be endangered by the continued operation of the licensee.**

- B. The licensee shall have the right to a hearing before a hearing officer. The Director of Public Works shall notify the applicant in writing of the time and place of the hearing. After such hearing, the Director of Public Works shall issue its written order and shall furnish a copy of such final order to the applicant.**
- C. A Hauler license may be summarily suspended for no more than 30 days by the Director of Public Works when required for the immediate protection of the public health, safety, and welfare. A hearing shall be scheduled as soon as may be reasonably possible.**

Sec. 6-8-90. – Vehicle requirements.

- A. Haulers shall use a vehicle that is watertight, leak-proof, and with a tight cover so as to prevent offensive odors from escaping or refuse from escaping from the vehicle; and that is compliant with all local, state, and federal safety and inspection regulations.**
- B. Haulers shall maintain proof that each vehicle required to be identified has been registered with the U.S. Department of Transportation.**
- C. No Hauler shall operate any vehicle in such a manner as to litter on any public way . Any litter, as defined in Code Sec. 7-1-10, that is a direct result of the Hauler’s operations, shall constitute a nuisance, and shall be governed by the nuisance procedures set forth in Chapter 7, Article 1.**
- D. A copy of the Hauler license shall be kept within each vehicle while operating in the Town of Windsor.**

Sec. 6-8-100. – Labeling requirements.

Any vehicle or container transporting Municipal Solid Waste by the Hauler shall have a label containing the company name and phone number of the Hauler printed on both the right and left side of the vehicle, or on the street-facing side of the containers, in letters or numbers that are reasonably legible.

Sec. 6-8-110. – Recycling collection services requirements.

- A. All Haulers providing regular, curbside collection services of Municipal Solid Waste to Residential and Multifamily Customers shall offer curbside Recyclable Materials collection services to all such customers.**
- B. Haulers providing only junk removal or large collection bin services to customers for short-term projects, such as roll-off dumpsters for construction and demolition activities, may, but are not required to, offer recycling services to these customers.**

C. All licensed Haulers of Recyclable Materials operating within the Town of Windsor shall have the following duties and rights:

- 1. The Hauler shall provide notification of available Recyclable Materials collection services and rates to new customers at the time Municipal Solid Waste collection service is initiated.**
- 2. Recyclable Materials collection services shall include curbside collection, at a minimum, of the materials designated in the Minimum Recyclables List, on a regular and recurring schedule.**
- 3. The Hauler shall provide clear written instructions to Recyclable Materials collection service customers on how to properly Source Separate and prepare Recyclable Materials at the time such service is initiated and annually, at a minimum, thereafter.**

D. Curbside Recyclable Materials collection services shall be provided to Residential and Multifamily customers on at least a once-monthly basis.

E. Haulers providing collection services to Multifamily or Commercial customers shall provide services for the collection of Recyclable Materials from such customers who desire such service on such frequency as is necessary to prevent overflow of the recycling containers.

Sec. 6-8-120. – Designation of Recyclable Materials.

A. The Director of Public Works, or his or her designee, shall maintain a Minimum Recyclables List of materials identified as recyclable by qualified recycling facilities.

B. The Minimum Recyclables List will be updated on an annual basis and made available to licensed Haulers.

C. All Haulers shall be responsible for notifying their customers of the items designated for recycling.

Sec. 6-8-130. – Disposal of Municipal Solid Waste, Recyclable Materials and Organic Materials.

A. All Haulers that collect source-separated Recyclable Materials shall deliver all such materials to a legally permitted recycling facility and maintain weight tickets and/or receipts from the receiving facility for one year. Recyclable Materials that have been properly prepared by the customer shall not be delivered to a facility for landfill disposal.

B. All Haulers that collect Municipal Solid Waste, Recyclable Materials, and/or Organic Materials operating within the Town of Windsor shall have the following duties and rights:

- 1. Except for materials which customers have not properly prepared for collection, Haulers shall not dispose of Source Separated Recyclable Materials or Organic Materials set out by customers by any means that result in the materials not being recycled or properly processed.**
- 2. Haulers shall establish such policies and procedures as are necessary to provide for the orderly collection of Recyclable Materials and/or Organic Materials, including requirements regarding the preparation of materials for collection and requirements for Source Separation.**
- 3. In the event that a Hauler elects to perform collection of Municipal Solid Waste through subcontractors or agents, such agency relationship shall not relieve the Hauler of responsibility for compliance with the provisions of this Ordinance.**
- 4. All materials placed for collections shall remain the property of and be the responsibility of the customer until the materials are collected by the Hauler. The material then shall become the property and the responsibility of the Hauler.**

Sec. 6-8-140. – Hours of operation.

No Hauler shall operate any vehicle for the purpose of collecting Municipal Solid Waste, including Recyclable Materials or Compostable Materials, on any street within the Town of Windsor between the hours of 7:00 p.m. and 7:00 a.m.

Sec. 6-8-150 – Records and reports.

- A. The Town of Windsor shall develop and administer a reporting system requiring Haulers to submit records evidencing compliance with the provisions of this Ordinance.**
- B. All Haulers shall report to the Town of Windsor by January 31 of each year an annual report for the previous year, on forms to be provided by the Town of Windsor. Each Hauler shall accurately and completely report to the Town of Windsor the following information:**
 - 1. Weight in tons collected of the following waste streams:**
 - a. Landfill Materials**
 - b. Recyclable Materials**

c. Organic Materials

- 2. Total number of service accounts by Residential Customer, Multifamily Customer, and Commercial Customer.**
- 3. Total number of service accounts by customers subscribed to Municipal Solid Waste collection, Recyclable Material collection, and Organic Material collection.**
- 4. Education and outreach activities, such as flyers, brochures, events, and other resources and efforts made by the Hauler to educate customers on proper sorting.**
- 5. Weight in tons delivered to facilities for each collected waste stream.**

Sec. 6-8-160. – Responsibilities of licensee.

The licensee under this article shall have the sole burden and responsibility of disposing of Municipal Solid Waste collected and shall hold the Town of Windsor harmless should any claim be made regarding the collection or disposal thereof.

Sec. 6-8-170. – Report of changes.

The licensee shall report any relocation or change in ownership to the Town of Windsor within thirty (30) days of the change.

Sec. 6-8-180. – Enforcement and penalties.

Violations of this Chapter shall be punishable in accordance with Windsor Municipal Code Chapter 1, Article IV. .

Section 2. Severability. The provisions of this Ordinance are hereby declared to be severable. If any section, paragraph, clause, or provision of this Ordinance shall, for any reason, be held to be invalid or unenforceable by a court of competent jurisdiction, the invalidity or unenforceability of such section, paragraph, clause, or provision shall not affect any of the remaining provisions of this Ordinance.

Section 3. Repealer. All orders, resolutions, or ordinances in conflict with this Ordinance are hereby repealed, only to the extent of such conflict. This repealer shall not be construed as reviving any resolution, ordinance, or part thereof, heretofore repealed.
